The motion for Passage the Second Time, is Sustained.

The following Ordinances were in City Council November 5, 1981, Read and Passed the First Time as Amended, and are Returned for Passage the Second Time as Amended:

An Ordinance Establishing a Fee for Connection of Master Fire Alarm System with City's Fire Alarm System, as Amended.

Be It Ordained By The City Of Providence:

Whereas, numerous firms, corporations, churches, schools, hospitals and nursing homes have heretofore been permitted, without charge, to connect their privately-owned Master Fire Alarm Boxes to the fire alarm system, and

Whereas, Other firms or corporations may be required to connect their privately-owned Master Fire Alarm Systems with the fire alarm system in the future, and

Whereas, The increasing costs of equipment and construction and maintenance of such connecting lines have risen appreciably and the City government should not be called upon to provide such free fire alarm service and because

such facts make uniform rules and regulations imperative, and

Whereas, The public safety, health and general welfare will be better served by uniform rules and regulations,

Now, Therefore, be it ordained by the City Council of the City of Providence:

Section 1. That all firms, corporations, hospitals, schools, churches or other qualified structures who wish to secure themselves better fire protection by connecting their privately-owned Master Box Fire Alarm Systems with the City's fire alarm system, and those who are required by the Rhode Island Fire Safety Code to connect, are currently connected to the City's fire alarm system without charge or obligation to them, shall hereafter be governed by the following uniform rules and regulations in regard to such matter:

(1). Any firm, corporation, etc., desiring to connect its privately-owned Master Box Fire Alarm system with the City's fire alarm system shall make application for such service to the Director of Communications on an application form provided by the Communications Department Office, and which shall generally provide the name of the applicant, type and location of the applicant's private fire alarm system, deposit of required yearly fee as provided below, agreement to pay all necessary costs which shall be thereafter estimated by the Director of Communications, agree to make regular tests of the system and other regulations which the Director of Communications deems necessary according to standards governing such installations as required by the Rhode Island Fire Safety Code, and the City of Providence.

(2). After such application has been presented to the Director of Communications, he, or one of his duly authorized representatives shall inspect the applicant's premises and his fire alarm system to assure compliance with standards set by the Rhode Island Fire Safety Code and the City of Providence. The representative shall determine a cost estimate of labor and materials necessary to connect the private system to the nearest usable municipal connection, this in turn will be presented to the applicant for payment. If payment is not made within ten (10) days of receipt of this estimate, his application shall be considered withdrawn.

(3). Detailed plans of the system must be submitted both to the Communications Department and to the Electrical Inspection Department for approval, and necessary permits must be obtained prior to start of work. Any portion of the work that is necessary to effect the connection to the municipal circuits must be done by or under the direction of the Communications Department.

Sec. 2. The applicant for this service shall attach to his application a check in the amount of **THREE HUNDRED DOLLARS (\$300.00)** payable to the Treasurer of the City of Providence, this being the yearly fee required for the

privilege of connecting the applicant's system to the City's fire alarm system. Such fee shall be due and payable in full on or before the first day of January of each year thereafter, but provided that if the service is applied for during the year, the applicant shall pay only that portion of the fee which the unexpired portion of the year bears to the full fee of \$300.00.

Sec. 3. Any owners who heretofore had their privately owned fire alarm systems connected to the City's fire alarm system, shall be given thirty (30) days after the passage of this ordinance to either accept a continuation of the service by filing the required application and paying the required fee, or to reject said service by an instrument in writing, but provided that if neither an acceptance nor a written rejection is received within the said thirty (30) days' period, the City shall forthwith disconnect such privately owned system from the City's system and shall not be liable for any damages ensuing to said individual, firm, or corporation, regardless of their nature.

Sec. 4. The City of Providence shall not be responsible or liable and no cause of action shall arise or be asserted against said City as a result of any losses, damages or injuries of any type whatsoever, to life or property, which may arise or occur to the applicant, his heirs, successors or assigns as a result of the failure of the applicant's fire alarm system to function properly or of the City's fire alarm system to function properly, whether considered jointly or severally and further the City shall in no way be held liable or responsible for any damages, losses or injuries to persons or property, which may be occasioned or arise by reason of the applicant's fire alarm system being connected to the City's fire alarm system, and in any such event the City shall be held harmless.

Sec. 5. This Ordinance applies equally to manually operated Private Fire Boxes as well as Master Boxes Connected through a local Repeater.

Sec. 6. There shall be a total of four disconnects and reconnects in one year at a No Charge Basis. Any additional disconnects and reconnects will be done at a Twenty-Five Dollar (\$25.00) charge per request payable to the City Treasurer.

Sec. 7. This Ordinance shall take effect upon its Passage.

An Ordinance in Amendment of Chapter 21 of Article 1, by Adding Section 21-17 to be Entitled: "City Treasurer Authorized to Contract with S.W.A.P. for the Clearing of Title and Resale of Tax Reverted Property", as Amended.

Be It Ordained By The City Of Providence:

Section 1. Chapter 21 of the Code of Ordinances of the City of Providence is hereby amended by adding Section 21-17, which shall read as follows:

"Section 21-17. City Treasurer authorized to contract with S.W.A.P. for the clearing of title and resale of Tax Reverted Property. The City Treasurer is authorized to contract with S.W.A.P. for legal services to clear title on tax reverted properties within the City of Providence under the following conditions:

(a) S.W.A.P. will arrange the clearance of title on these properties for a sum not to exceed One Thousand Dollars (\$1,000.00) per property.

(b) S.W.A.P. will seek qualified buyers for such property who shall purchase the property for at least the cost of title clearance and such buyers and purchase price shall be approved by the City Treasurer.

(c) Payment for title clearance shall be submitted on approved City of Providence forms and shall be paid from the Law Department Item 3 Account, but shall not exceed a total of Fifteen

Thousand Dollars (\$15,000.00) in this current fiscal year."

Sec. 2. This Ordinance shall take effect upon its Passage.
