Dear Sir:

Attached you will please find the following signed petitions addressed to the City Council:

1. Petition to lay out Thurston Street from Elmwood Avenue west as a public highway.
2. Request for a grade to be defined on Thurston Street from Elmwood Avenue west.
3. Petition to install a main drain or common sewer in Thurston Street from Elmwood Avenue west.
4. Petition to bring Thurston Street from Elmwood Avenue west, to the established or defined grade.
5. Petition for curbstone to be set and gutters to be paved on Thurston Street from Elmwood Avenue west.

The above petitions have been signed by the following interested parties:

Mrs. Mary E. Brennan, resident owner of lot #64 at corner of Thurston Street and Elmwood Avenue.

Anthony F. & Mary C. Vivencio, resident owners of lots #62 & 63 on Thurston Street.

Myles Standish for the Standish-Barnes Company, owner of lot #53 at corner of Thurston Street and Elmwood Avenue.

George A. Ingram, Manager-Employee & Plant Community Relations, for the Wiring Device Department of General Electric Company, owner of the property at end of Thurston Street.

The Hon. Robert J. McOsker and the Hon. David Yanover are the two councilmen from the 8th ward in which the street lies. They are familiar with the situation and have graciously agreed to co-sponsor these petitions when they are presented to the City Council for action. It is requested that you please keep them advised of their progress through your office.

Sometime ago, we had discussed Thurston Street with City Engineer John E. Meade,

=2-

City Clerk

April 23, 1957

and we are generally following the procedure which he indicated was the proper one and with which Councilmen McOsker and Yanover have since concurred. We were instructed that it would be best to submit our petitions to your office. As we understand the procedure, they will then be turned over to the City Council who will send them to Committee for study and recommendations. A public hearing will then be held. Following this, recommendations will be made by the Committee to the City Council for action. If there is any major error in our understanding of the procedure, we would appreciate being advised.

If we may furnish any additional information on the petitions, please contact us. We respectfully request favorable action at the earliest date practicable.

Very truly yours,

G. A. Ingram
