PETITION TO THE CITY COUNCIL

RECEIVED TO COMMITTEE ON PUBLIC WORKS

CITY COUNCIL

TO THE HONORABLE CITY COUNCIL OF THE CITY OF PROVIDENCE:

The undersigned respectfully petitions your honorable body I am interested in the property that is abutting my property, located at 139 Windmill Street, Providence. After investigating the ownership of the property, I found that it is Swift Street, a paper street. It was never completed as originally planned because of the geography of the surrounding area. That is there is a steep granite cliff at the rear of property, falling off approximately fifty to sixty feet to the property below.

As the property exists at this time, it is an undeveloped lot. Unfortunately, the lot is overgrown with weeds and seedling trees. It also has become littered with trash. In the past, I have cleaned the lot and kept the grass trimmed. Breaking a lawn mower in the process. The sidewalk is now impassible, with weeds about four feet in height.

In its' present condition, the lot is unsightly, and in my opinion it is detracting from looks and value of my property and that of my neighbors.

I request is the following: The City of Providence investigates this matter and ultimately abandons the land. At which time I as the owner of the abutting property would acquire said property, care for it, and it would be added to the tax roles. I ask for no special consideration, except that the price of said property be fair and equitable.

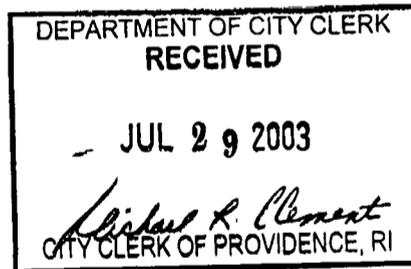

I am enclosing a copy of a city plat map with the area in question highlighted.

I would like at this time to thank the Honorable Body for it time and consideration of the matter.

Respectfully,

Thomas G. Trenn

RE: PROPOSED ABANDONMENT SWIFT STREET

Dear Councilman Hassett:

This department has no objection to the proposed abandonment of a portion of Swift Street in conjunction with the attached plan, entitled "Prov., R.I. - P.W. Dept. – Engineering Office, Street Line Section, Plan No. 064750-Date: 9-11-2003

That portion of Swift Street to be abandoned from Windmill Street is shown as cross-hatched area on the accompanying plan. The area of Swift Street to be abandoned is designated as A-B-C-D-A, on the accompanying plan.

It is noted that there is NO SEWER EASEMENT required for Swift Street. Total square footage for this portion of abandonment is 2,493'. Lot numbers for aforementioned plan were taken from City of Providence Assessor's Plat # 77. A list of abutting property owners is attached herewith for your approval.

According to Informational Bulletin 2003.01 issued by Rhode Island State Board of Registration for Professional Land Surveyor, a road abandonment constitute a boundary change, and, as such, requires a Class 1 survey prepared by a Professional Land Surveyor, properly licensed by said board.

Re: Proposed Abandonment of Swift Street

Dear Mr. Gelati:

Pursuant to your request, we have personally inspected the real estate located on Swift Street, otherwise designated as a partial abandonment thereof. As noted on Assessors Plat 77, it intersects with Windmill Street in the Charles Street neighborhood of the city.

The proposed abandonment contains 2,493 square feet. The area in general measures 69 feet by 55 feet by 42 feet by 40 feet along the center line of the street. The City's Department of Public Works has no objection to this request, however, they are mandating that the petitioner have a Class 1 survey completed for recording.

We have taken into account a number of factors in arriving at the fair market value for this site. The topography of the site is severe and rocky, and it would not be developable. Its only use would be as side yard. The property is presently zoned R-1 Single Family. The highest and best use would be as vacant land or as a side yard.

ANDOLFO APPRAISAL ASSOCIATES, INC.

Mr. John Gelati
Page 2
February 15, 2005

Based upon an analysis of comparable residential land sales as contained within the office files of Andolfo Appraisal Associates, Inc., as well as reviewing the most recent tax revaluation, a value of \$5.00 per square foot is hereby estimated for this site. This value, because of the topography and its limited use potential, reduce the value by 50%.

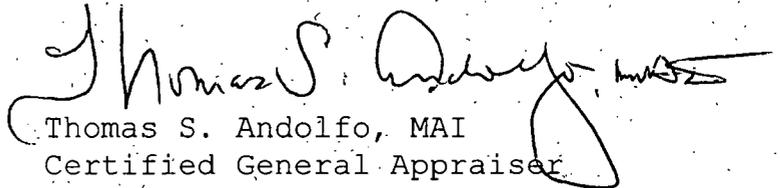

Therefore 2,493 square feet x \$5.00 per square foot =
\$12,465 x .50 = \$6,232.50.

Re: CPC REFERRAL NO. 3208: Proposed Abandonment of a Portion of Swift Street

Dear Councilman Hassett:

The City Plan Commission at its regular meeting on Tuesday, September 16, 2003 reviewed and evaluated the request of the Committee on Public Works that the Commission review and make a recommendation regarding the proposed abandonment of a portion of Swift Street, as petitioned by Thomas G. Trenn.

The Commission made the following findings of fact as required by the *City Plan Commission Handbook* Policy No. 1: "Criteria and Guidelines for Approval of Street, Highway and Rights-of-way Abandonment":

1. *A public interest has to be clearly demonstrated. A public interest is defined as one or more of the following: public health and safety, adequate provision of transportation, general improvement of traffic patterns and/or circulation, convenient access to properties, avoidance of a nuisance, significant economic development, preservation of a historical or cultural feature, and improvement of the general welfare of the community.*

The petitioner asserts that this property is a paper street, which overgrows with weeds and littered with trash. In its' present condition the property is unsightly and is a detraction to the petitioner's property.

2. *No negative impact is evident on existing land uses, future plans, zoning, safety, health or welfare of the community by the proposed abandonment.*

No negative impacts are evident on existing land uses or zoning. Abandonment of this portion of the paper street will have no negative on the surrounding properties.

3. *All abutting landowners agree to the proposed abandonment.*

Robert F. Plante of 5 Gough Ave. West Warwick is the other abutter to this portion of the right-of-way. He would have to agree to the abandonment.

4. *No physical or legal access will be denied to any land or property in surrounding areas by the proposed abandonment.*

No access will be denied to surrounding areas.

5. *No existing or future public services or facilities need to be protected, provided, or maintained within the right-of-way. An easement retention may be necessary to provide access to, maintain, or provide existing or future service or utility needs.*

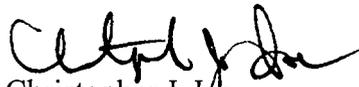

No existing or future public services or facilities need to be protected, provided, or maintained within the right-of-way.

6. *The proposed or intended use of the street and/or adjacent properties must be shown on a petition or plan, and such use shall be in conformance with existing zoning and Comprehensive Plan Objectives.*

A petition has been provided. The Comprehensive Plan, in the Transportation, Parking and Circulation Plan, has a policy of discouraging street and alley abandonment citywide.

The Commission voted to recommend to the Committee on Public Works that it approve the subject abandonment.

Sincerely,

Christopher J. Igo
