

# RESOLUTION OF THE CITY COUNCIL

No. 256

Approved April 9, 1993

WHEREAS, JKL ENGINEERING COMPANY, INC. (hereinafter "Petitioner") has sought to construct a pedestrian ramp adjacent to its real estate located at 945 Westminster Street, Providence, RI.

WHEREAS, said ramp has been proposed in order to facilitate the passage of the disabled;

WHEREAS, upon the filing of said petition by JKL ENGINEERING, INC., various municipal departments and public utility concerns were informed of said petition and their comments solicited;

WHEREAS, inter alia, the Department of Public Works upon investigation has found that the proposed construction will not unduly impede other pedestrian traffic;

IT IS HEREBY RESOLVED; petitioner is granted permission to construct a pedestrian access ramp at the above referenced location. Said grant is specifically conditioned upon the following:

a.) Grantee shall undertake all construction in accordance with the plans submitted to the Director of the Department of Inspection and Standards; the Department of Public Works, and the Department of Traffic Engineering; as the same may have been amended or modified.

b.) The Grantee shall enter into an indemnification and hold harmless agreement with the City in a form satisfactory to the office of the City Solicitor.

c.) The Grantee shall provide insurance coverage against loss or injury in an amount of not less than One Hundred Thousand (\$100,000.00) Dollars, with the City of Providence its agents, servants, officers and employees being named as an additional insured.

d.) Easements, satisfactory to those entities soliciting the same, are expressly reserved and, if necessary, Petitioner shall execute the appropriate documents to convey the same.

e.) the City shall retain a right of reverter in the premises.

Should the Grantee fail to comply with or to abide by any of the above referenced conditions, or should said encroachment cease to be used for a pedestrian access ramp, the premises shall automatically revert to the full fee and control of the City of Providence; any agreement hereunder shall be null and void, and any right or fee created hereunder shall be forever extinguished without recourse by the Grantee or any successor in interest.

f.) Further, the Grantee expressly agrees - which agreement shall be evidenced by the commencement of any construction provided hereunder that:

1. All documents obtained in connection with Grantee's petition including any minutes, voice recording or transcription of the same shall comprise the official record of Grantee's position;

2. The Grantee is presumed to assent to and comply with all recommendations, requests and the like - including but not limited to: modifications of Grantee's original plan, landscaping alteration, set-back adjustments, rights of access to utility concerns and federal, state and municipal departments or agencies - which are contained in the official record presented to the City Council Committee on Public Works;

g.) Such other amendments or modifications as the Mayor or Office of the City Solicitor may deem necessary to effect the purpose of this Resolution and to promote the health and safety of the citizenry.

Re: Handicapped Ramp - 945 Westminster Street

This Department has reviewed the handicapped ramp proposed to be erected at 945 Westminster Street. The proposed ramp needs the following changes to meet the R.I. State Building Code requirements:

Height of ramp must be a minimum of 34 inches above grade. Hand rails must extend at least 12 inches past the end of the ramp, and the piping making up the hand rails must be a minimum of 1½ inches in diameter.

Those changes have been so noted on the plans that were supplied. With the changes as noted, this Department has no objection to the plans for the ramp.
