To Whom It May Concern:

I am writing to let you know of my continued interest to serve as Chairman of The Building Board of Review for the City of Providence. After six years with The City of Providence's Building Board of Review, I am ready for new challenges that the City faces.

I am a graduate of Providence College and a business owner in the City with over twenty years as a commercial builder. My company works on renovations throughout the Downcity business district as well as other areas of our city. As President of Nappa Building Corp. from 1990-2009 I successfully managed restorations of some magnificent city structures and played a part in rehabilitating our neighborhoods. I am a founding member of the Rhode Island Chapter US Green Builders association and most recently have created Nappa Construction Management and Chasebrook Builders companies to provide focused attention in the management of construction projects while separating the labor arm of the construction business.

As a member of the Mayor's Ad Hoc committee for permitting and City of Providence resident I take pride helping to make our city great, I appreciate your time in considering my request.

Sincerely,

Steven M Nappa
