RE: Resolution No. 316
Dated 4/26/75

Gentlemen:

The Traffic Engineering Department has received the following resolution from your Committee and has taken the subsequent action:

Request: That the Traffic Engineer is requested to cause the installation of "NO PARKING ANY TIME" signs along the easterly side of Longwood Avenue between Smith Street and Lynde Street.

Disposition: This department is requesting that a petition signed by the residents of Longwood Street be sent to this office stating that they are in favor of such a regulation. Our survey of the area shows that this street is 30 feet wide. We do not feel that signs are warranted at this time.

Very truly yours,

A handwritten signature in cursive script that reads "Frank A. Tibaldi".
