2. That said lessee may grade said premises or any part thereof as it may see fit, provided, however, that no part of said premises shall be excavated below the level of the top of the sea wall except for the purpose of building suitable foundations for buildings or structures to be placed upon said premises, and that said lessee when grading the premises in the manner above provided shall not be required to build any retaining walls or other supports between the lands hereby leased and other lands belonging to said lessor, but may grade the entire tract or parcel hereby leased, leaving the slope of any embankment occasioned by such grading upon the adjoining lands of said lessor.

3. The provisions of this lease shall not in any event be construed to permit the lessee to receive, store, handle or deliver any commodity at said Municipal Wharf for persons, firms or corporations other than the lessee or its subsidiaries so as to deprive the said lessor of its wharfage or its storage charges. It is understood and recognized by and between the parties that, in fixing the terms, conditions and rental herein provided, the lessor was influenced by its desire to encourage ships and shipping in the Port of Providence, and if at any time the lessee's business no longer requires regular sailings of vessels to Municipal Wharf, and such conditions shall continue for one year after written notice to the lessee that in the opinion of the lessor the lessee has ceased to require regular sailings of vessels to Municipal Wharf, in its business, thereupon the lessor shall have the right and option at any time thereafter to declare this lease at an end and thereupon said lease shall terminate.

In consideration of the lease aforesaid and the performance of the covenants and agreements on the part of said lessor to be kept and performed as herein set forth, said lessee hereby covenants to and with said lessor, as follows, viz. :—

10. That in case of any failure on the part of said lessee to pay said rent at the times and in the manner aforesaid, or in case of failure on its part to perform any or all of the covenants and agreements herein contained on its part to be kept and performed, and if such failure shall continue for thirty (30) days after notice in writing by said lessor to said lessee, said lessor, by any agent duly authorized shall be at liberty to declare this lease at an end and may thereupon enter upon and take immediate and full possession of said premises and repossess the same as of its former estate, without prejudice to its right to recover full rent for the time for which said lessee has been in possession and any damages which said lessor may have suffered by reason of any breach of the terms or conditions of this lease on the part of said lessee.

11. That said lessee will not use said premises or any part thereof for the storage of lumber or building materials, except such as is to be used in the construction of buildings or improvements for its own use on said premises, nor will it use said premises or any part thereof for any unlawful purpose nor for any business, not herein distinctly authorized, which shall constitute a nuisance or be unreasonably obnoxious or offensive to the holders of adjoining property.

12. That said lessee will keep the cap-log on the sea wall and the fender piles in good condition during its occupancy of the premises and will repair any and all damage done to said sea wall, except such as is occasioned by the elements or by faulty construction of said wall.

13. That said lessee will not sublet the whole or any part of said premises, except with the approval of said lessor acting by and through the Committee on Municipal Terminal Development of its City Council or such other committee or commission as shall succeed to the duties now performed by the Committee on Municipal Terminal Development, in either case with the approval of the Mayor.

14. It is mutually agreed by and between the parties hereto that, in case the parties hereto are unable to agree as to what is a reasonable rent for said premises on any extension thereof beyond said term of ten years, the question or questions, as to what is such reasonable rent for such extension shall be left to the decision of the Superior Court within and for the counties of Providence and Bristol, sitting in equity, or of whatever court shall then be in the exercise of the equity powers now vested in said Superior Court. The parties hereto will join in presenting said question or questions to said court by proper petition or petitions; or, in case of the neglect or refusal of either party to join in such petition or petitions at the request of the other party, said other party may present each or either of said questions to said court by petition or bill of complaint; in either case, the parties hereto hereby mutually agree to assent to the jurisdiction of said court and to speed the cause by all reasonable means within their power, and that, while said cause is pending, rent shall continue as theretofore fixed, subject to equitable readjustment whenever the court shall have finished determining the question of such reasonable rent.

15. If it should ever happen that the lessee desires to load or unload at one time more vessels than can be accommodated upon the leased premises, the lessor will endeavor to secure temporarily for the use of said additional vessels docking space for loading or unloading at the Municipal Wharf reasonably convenient for the lessee if such docking space is available therefor, but the lessor is under no obligation to reserve any of its water front property to provide for the above contingency, and if it should ever happen that the lessor desires to load or unload at one time more vessels than can be accommodated at the Municipal Wharf, the lessee will endeavor to secure temporarily for the use of said additional vessels docking space for loading or unloading upon the leased premises reasonably convenient for the lessor if such docking space is available therefor, but the lessee is under no obligation to reserve any of its water front property to provide for the above contingency.

It is further agreed by and between the parties that said lessee does hereby release and grant to the said lessor, its successors and assigns, a right of way twenty-four (24) feet wide defined by the letters _____ for all travel across the area A-B-C-D to the area shaded in red and defined by the letters F-A-D-E for the purpose of providing an entrance and exit from said area F-A-D-E to the present entrance to said area A-B-C-D, all as shown on the accompanying plat.

Said lessor may remove or take down at its own expense and cost any building, improvement or structure belonging to the lessee located within said right of way, and shall at its own expense relocate, rebuild or replace any such building, improvement or structure at such location on the demised premises as the lessee shall determine.

If by reason of the laying out of said right of way said lessee shall itself take down or remove any building, improvement or structure belonging to it and shall relocate, rebuild or replace such building, improvement or structure on the demised premises, then the lessor shall pay to the lessee all damage costs and expenses incurred by it in so doing.
