JOHN V. ROMANO
PERSONNEL DIRECTOR

MAYOR
JOSEPH A. DOORLEY, JR.

DEPARTMENT OF FINANCE
CITY HALL, PROVIDENCE, RHODE ISLAND 02903

January 31, 1967

To the Honorable Joseph A. Doorley, Jr., Mayor
and the Honorable, The City Council

As directed by and in compliance with a city ordinance, I am submitting herein the annual report of the Personnel Department for the year 1965-1966.

The Providence City Personnel Department is now in its fifteenth year of service. The progress of this department is reflected more readily by the increased benefits to employees some of which are Blue Cross & Physician Service - Paid Holidays - Union Contracts - containing grievance provisions, etc.

An across-the-board pay raise to all employees was a major accomplishment in that no tax increase was needed to do so. Employees are appreciative of benefits achieved in two short years of this administration.

The cooperation of all Department Heads is a contributing factor to the efficiency of this office. I look forward to their continued assistance in the future.

My sincere thanks are extended to his Honor, the Mayor, the City Council, the City Solicitor, and Department Heads for their cooperation during the past year.

Respectfully submitted,

A handwritten signature in cursive script that reads "John V. Romano".

John V. Romano
Personnel Director

JVR/mf

PERSONNEL DEPARTMENT FUNCTION

The Personnel Director of the City of Providence is responsible under the charter for the administration and control of personnel policies for more than 2719 employees who received \$15,067,319.55 in pay and benefits during the fiscal year 1965-1966.

During the 1965-1966 fiscal year, procedures included department record keeping such as absenteeism, sick leave and employee performances. New employees continue to receive identification cards upon their entry into city service.

A history of all employees is kept individually through a system of "flat filing" making record keeping immediately available and relatively simple.

INTERVIEWS AND HIRING

The hiring process in the City starts with the filling out of applications for employment at the Personnel Office. During the 1965-1966 fiscal year, hundreds of applications were filled out and the applicants interviewed by the Personnel Director.

Department Heads prepare written requests to fill existing vacancies. Applications are reviewed for maximum qualifications. Applicants are then referred to the Department Head for further appraisal. If acceptable, prospective appointees are routinely investigated, examined by a city doctor and finally hired.

In many instances, whenever possible, applicants are assisted by placement in private industry by the Personnel Office. This referral system is available and aided by the many personnel executives in various business establishments throughout the state, including the Rhode Island State Department of Employment Security.

The Personnel Director processes and controls Sick Leave and Vacation Records for city employees.

Request for sick leave and sick benefits with the exception of those for uniformed police and firemen, are received by the Personnel Department. These are recorded in the records kept by this department for each individual employee and checked for accuracy.

The Director is a member of the Injured Employees Committee and attends all meetings held. The Personnel Office receives notice of employees injured-on-duty from Department Heads. A determination is made with regards to the authenticity of the claim, following an investigation of the incident.

The Director of Personnel attends meetings of the Retirement Board in an advisory capacity whenever necessary.

MAJOR PERSONNEL CHANGES

On July 1, 1966 the Charles V. Chapin Hospital and the City Health Department were transferred to the supervision and care of the State of Rhode Island.

Included in this act through legislation were the transfer of all employees of the two departments and their retirement benefits, sick pay and vacation credits.

In many instances, employees were given the opportunity to remain with the City by accepting positions of a similar nature in other city departments wherever vacancies existed.

As a direct result of the administration effort to affect this transfer, the city payroll was reduced by \$394,515.67.

PROVIDENCE RECREATION ADVISORY COMMITTEE

MAYOR JOSEPH A. DOORLEY, JUNIOR

MRS. ALBERT PILAVIN, CHAIRMAN

DR. JAMES L. HANLEY, SECRETARY

J. RUSSELL GRAY

REVEREND CHARLES W. MC CONNELL

FRANK MOIA

FREDERICK C. WILLIAMSON, SENIOR

To The Honorable Joseph A. Doorley, Jr.
Mayor of The City of Providence, and
The Honorable City Council

Gentlemen:

Under the leadership of Mayor Joseph Doorley, we have seen great playground improvements in Providence.

An important factor in the success of this improvement plan was the appointment of Timothy Quinn, Recreation Planner and Landscape Architect, who implemented the bond issue.

Four new tot lots have been developed and various improvements were completed on twenty-six playgrounds. The improvements included the installation of new play sculpture which is odd shapes of steel or reinforced concrete in clusters such as abstract trees, stepping stones, tot houses, perforated wonder walls, and animals. Conventional playground equipment such as jungle gyms, merry-go-rounds, slides, swings, and benches were also added to many parks. New basketball courts and bocce courts were developed in a few playgrounds while trees and shrubs were also added to many playgrounds.

This past summer, great improvements were made at our resident camp in Point Judith. Buildings were refurbished, new fences were installed, and a new basketball court was constructed. Mayor Doorley and thirty-six volunteers painted eight buildings and renovated the interior of the recreation hall. This work was done on four week-ends prior to the opening of the camp.

Under the able guidance of the Recreation Advisory Committee, the policy-making body, our recreation program continues to expand and develop.

In addition to the physical improvements to our recreational facilities, we have expanded areas of program such as our leisure-time activities for the retarded which now include a playground program, weekly bowling, and swimming instructions.

In recognition of our department as offering a "good city-wide program...containing so much of value in facilities, program, and staff", two recreation professors and twenty-eight students from the University of Massachusetts made a one day tour of the Providence recreation facilities.

Federal programs administered by the recreation department are teen-age and adult "drop-in centers" at Smith Hill, Federal Hill, and West-End Elmwood neighborhoods.

A federal grant was given to us to extend evening swimming at two city pools.

CITY OF PROVIDENCE

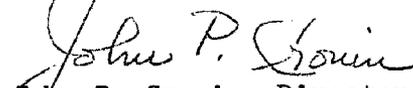

DEPARTMENT OF RECREATION

Our swimming program continues to grow and proves to be one of the most popular as well as most economical to operate. What with this year's attendance in the seven outdoor pools of almost one-half million, this places the cost to swim anyone in our municipal pools at an amazingly low 19 cents per capita.

It is gratifying to note the continued growth and excellence of our diversified programs under the able and conscientious leadership of our assistant directors, Frederick E. Baldoni and Evelyn D. Baldoni, Swimming Supervisor, Joseph Watmough, and directors of centers, playgrounds, and swimming pools.

Once again, I extend my sincere gratitude to you, Mayor Doorley, and to you gentlemen of the Providence City Council for your continued support and leadership in our efforts to serve the recreational needs of the residents of Providence.

Respectfully submitted,

John P. Cronin, Director

DEPT. OF CITY CLERK
PROVIDENCE, R.I.

CITY OF PROVIDENCE

DEPARTMENT OF RECREATION

BOND ISSUE IMPLEMENTATION

In the Spring of 1965, a bond issue of two million dollars for recreation and park purposes was passed by the voters.

Mayor Doorley, using the new master plan for recreation as a format for implementing the bond issue, immediately appointed a landscape architect to develop these new playgrounds with modern play-sculpture type of equipment and additional basketball courts. Mayor Doorley also commissioned an architectural firm to prepare specifications for the building of two new outdoor swimming pools.

Several playgrounds are in the process of being renovated, while new playgrounds are in the process of being constructed.

Great stress is being placed on the creation of new sites for tot-lots in order to meet the needs of pre-school children and youngsters in the lower elementary grades.

RECREATION FOR THE RETARDED

The recreation department and the John E. Fogarty Center have developed a cooperative recreation program for retardates. The recreation department operates this program of social recreation one night a week at the Fogarty Center for retarded boys and girls 15 years of age and older. (Program includes dramatics, music, dancing, and dance instruction, games, contests, bowling, holiday parties, outings, field trips, and outside guest entertainment.)

During the past summer at the Joslin Playground, Pool, and Center, the recreation department had a special indoor and outdoor program for retardates every weekday afternoon under the direct supervision of the recreation personnel. The program included games, arts and crafts, music, and special events, as well as swimming instructions at the pool by the certified lifeguards.

Co-ordinating these recreation programs for the retarded is a recreation worker who is well qualified in the area of mental retardation as he is a teacher who is presently taking courses towards a master's degree in mental retardation.

In view of the great interest and success of these pilot recreational programs, the Providence Recreation Department is planning on expanding its existing programs to meet the great need for leisure time activities for the retarded.

FEDERAL GOVERNMENT PROGRAMS FUNDED BY THE OFFICE OF ECONOMIC OPPORTUNITY

The Recreation Department is the contracting agent for Progress for Providence, Inc., in the operation of drop-in youth centers and a street worker. Progress for Providence is the Providence agency through which federal anti-poverty programs operating in Providence are funded.

There are three drop-in youth centers: the Smith Hill Center, located on Danforth Street; the Federal Hill Center on Atwells Avenue, and the West End Elmwood Center on Cranston Street. The street worker is assigned to the South Providence area.

These centers serve both boys and girls in the age level of 16 to 21, and the Recreation Department is responsible for the administration and programming of these centers. The street worker serves as a liaison between the youth of the South Providence area and our recreation centers as well as other youth agencies located there.

SUMMER PROGRAM

Swimming Pools--seven outdoor swimming pools:

Four olympic size (50' x 165')--Danforth, Joslin, South Providence, and Angelo Zuccolo (Federal Hill);

Three smaller pools (45' x 100')--Bucklin Park, Fox Point, and Almagno (Neutaconkanut Park).

The pools operate from the close of school through August, seven days and nights. The program includes recreational swimming, instructions, and competition.

This summer, during August, operating under an Office of Economic Opportunity grant, there was extended evening swimming at Federal Hill, Joslin, and South Providence Pools.

Playgrounds:

Approximately 40 playgrounds were operated this summer under direct supervision of recreation personnel for nine weeks during the hours of 9:30 a.m. to 5:00 p.m., Monday through Friday.

The program includes arts and crafts, dancing, sewing, athletics, tournaments, low-organized games, physical fitness, contests, tournaments, baseball, basketball, volleyball, leagues, weekly special events, and participation in federal programs such as the Community Schools and the Neighborhood Youth Corps.

BOYS CAMP

A resident boys summer camp at Point Judith which accommodates 400 boys a summer is operated by the Providence Recreation Department. The camping season is divided into four two-week periods at which 100 different boys are enrolled.

This program includes swimming, fishing, field trips with camp bus, basketball, over-night hikes, arts and crafts, music, archery, movies, and low-organized games. Excellent food is a feature of this camp.

This past summer, great improvements were made at the camp such as refurbishing of buildings, installation of new fences, and the construction of a new basketball court.

MAINTENANCE SERVICES TO BASEBALL, SOFTBALL, AND LITTLE LEAGUES

The Recreation Department maintains all the ten Little League fields, seventeen regulation baseball diamonds, and the fourteen softball diamonds which are used by the American Softball Association, the Catholic Youth Organization, Babe Ruth and Independent Babe Ruth Leagues, eight Providence Junior High Schools, Providence Amateur League, Central and Classical High Schools, Little League, Little League farm teams, and two Independent Softball Leagues.

Approximately 4,000 permits for fields were issued during the 1966 baseball season.

FULL-TIME RECREATION CENTERS

Recreation programs for boys and girls are held at the following centers: Danforth, Joslin, Benefit Street, Plain Street, and Fox Point School; boys programs are held at South Providence and Federal Hill Pool Centers.

Centers are open Monday through Friday afternoons--after school--evenings, and all day Saturday.

The program includes gymnasium activities, athletic leagues, game rooms, pool, ping-pong, arts and crafts, dancing, sewing, parties, social activities, ice-skating, contests, holiday celebrations, field trips, outings, and special events.

Complete cooperation with community organizations and neighborhood groups, private recreation agencies, and federal projects, such as the Neighborhood Youth Corps, Community Schools, and Detached Workers, are stressed at all centers.

CITY OF PROVIDENCE

DEPARTMENT OF RECREATION

GOLDEN AGE DAY CENTER AT PLAIN STREET

This is a program for people sixty years of age and older which operates Monday through Friday, 10:00 a.m. to 3:00 p.m., October through June at the Plain Street Recreation Center.

Activities include arts and crafts, dancing, music, community singing, parties clubs, television, reading, cards, checkers, holiday celebrations, bingo, field trips, guest speakers, and lunch.

An important feature is that the people are transported to and from the center by the recreation department's bus.

SCHOOL PROGRAM

JUNIOR HIGH SCHOOLS

Boys Varsity Athletics: The eight junior high schools compete in formal leagues in baseball, basketball, and touch football; these leagues are administered, financed, and supervised by the recreation department.

Intramurals: There are afternoon intramural programs for boys and girls at the eight junior high schools. Programs include indoor and outdoor activities such as basketball, softball, and tennis, and which vary according to needs and community requests. At present, there is a possibility that the community schools may absorb some of these programs.

SCHOOL CENTERS

We operate recreation programs for boys and girls in the following schools: BROAD STREET ELEMENTARY, GEORGE J. WEST JR. HIGH, GILBERT STUART JR. HIGH, KENYON STREET, MT. PLEASANT HIGH, NATHAN BISHOP JR. HIGH, OLIVER H. PERRY JR. HIGH, ROGER WILLIAMS JR. HIGH, SAMUEL W. BRIDGHAM JR. HIGH, and FLYNN ELEMENTARY SCHOOL (South Providence). These programs are all in the evening except for Nathan Bishop Junior High; this is held Saturday morning.

BROAD STREET SCHOOL, which operates all year round, also has a boys Saturday morning program in addition to its three evening sessions--two for boys and one for girls.

EDMUND FLYNN ELEMENTARY SCHOOL (South Providence) is open both afternoons and evenings, Monday through Friday, for boys and girls, from September through June. This summer, we also had a special outdoor evening basketball program for boys.

At the HOLY NAME ELEMENTARY SCHOOL we operated a program in cooperation with the Community School. This program operated five days a week for elementary age boys and girls.

CITY OF PROVIDENCE

DEPARTMENT OF RECREATION

PROVIDENCE COMMUNITY BASKETBALL LEAGUES

BOYS LEAGUE--twenty teams of public and private youth agencies;
for boys twelve through fourteen years old.

GIRLS LEAGUE--eight teams of public and private youth agencies;
for girls up to seventeen years old.

These leagues are co-sponsored with the Providence Journal
Bulletin.

SPECIAL EVENTS

During the past year, the Recreation Department held approximately forty city-wide special events such as the Thanksgiving Treasure Hunt, Ice-Skating Carnival, Jimmy Fund, Swim Meets, Tennis School, and Playground Dance Festival. Since 1956, the Providence playground children have raised \$36,100.16 for the Jimmy Fund.

Not only do these special events highlight, enrich, and publicize the regular recreation program, but they also provide an opportunity for greater community participation in our recreation activities.

The attendance for the past year was approximately 43,000 at these special events.
