DATE: February 25, 1986

RE: Ordinance Amendment to Article IX, establishing Section 2-161 entitled "Temporary Removal of Parking Meters from Service Due to Building and Road Construction Projects, Dumpsters, Street Closings and Special Events".

FOR: Transmittal to the Providence City Council and Councilman Thomas G. Glavin, Chairman Committee on Ordinances

Regularly, the Traffic Engineering Department receives requests from construction companies and others to temporarily remove parking meters from service, that is, operation due to building and road construction projects, dumpsters, street closings or special events. The lost meter revenue is estimated at several thousand dollars per year.

I recommend an ordinance be passed to mandate that the construction firm, utility company, or party requesting the temporary removal of parking meters be required to pay the full amount of the lost meter revenue based upon the meter rates, hours of operation, and lost days of revenue. Proposed language is as follows:

BE IT ORDAINED BY THE CITY OF PROVIDENCE:

Section 1. Article IX of the Code of Ordinances of the City of Providence is hereby amended by adding thereto the following:

"Section 2-161. Temporary Removal of Parking Meters from Service Due to Building and Road Construction Projects, Dumpsters, Street Closings, and Special Events.
