## MAYOR' MESSAGE

May 2, 1984

The Honorable Members  
The Providence City Council  
City Hall  
Providence, Rhode Island 02903

Dear Honorable Members:

I come before you tonight to submit for your consideration the 1985 budget for the City of Providence. I do so as someone who, until very recently, sat in this chamber with you and shared your concerns.

I continue to share your concerns: wasteful spending practices, corruption in government are problems that concern me, concern you and concern every Providence taxpayer. I will not be satisfied until every vestige of waste, inefficiency and corruption is eliminated from city government.

Responsibility in government starts with a responsible fiscal policy; the determination that the taxpayers' money must be spent as frugally, as cautiously as we spend our own. The budget that I submit to you tonight reflects that determination. Jerome Baron, our able Finance Director — has fashioned a well-balanced fiscal report that will provide for our needs without unhealthy fat or dangerous over-indulgence. It represents a sensible, even-handed approach to the diverse needs within our City.

This budget requires no tax increase. It calls for a spending increase of \$11,965,225 over the current budget of \$159,090,954.

Most of that 7.5 percent increase in spending will go toward increased costs of salaries and fringe benefits. A tax increase is unnecessary because the increase in revenues can be expected to match the increase in expenditures. This

increase in money we take in will come primarily from an anticipated increase of almost \$6.6 million in state aid, and an increase in tax collections of about \$3.3 million.

While this budget outlines how much we will spend and for which purposes, it does not and cannot directly address how well the taxpayers' money is spent. Since I assumed the Office of Mayor last week, I have made this fundamental management issue by top priority. In just one week, the professionals assisting me on the Mayor's Management Task Force have begun an extensive review of our purchasing, contracting, personnel and financial practices. We have already decided to institute a number of reforms in the operations of city government. These include the following:

1. The establishment of a code of ethics for all city employees;
2. The streamlining of the City's purchasing procedures and the clarifying of lines of responsibility and accountability for all City purchasing decisions;
3. The development of a set of procedures to ensure that all City employees are treated in a fair, uniform and open manner.

These actions will be supplemented soon by additional initiatives in the areas of purchasing, personnel, and other functions of city government.

And, tomorrow, I will formally request that the Auditor General of Rhode Island, Anthony Piccirilli, assist the City in inventorying all of our assets, including all of our property and equipment.

I am not only committed to reforming and reorganizing our government, but also to

directing its energies to the diverse neighborhoods of our great city — to the places our citizens actually call home. While we must continue to effectively pursue downtown development, we must always place our greatest emphasis in residential neighborhoods. Under my administration, we will take a number of steps to upgrade the quality of neighborhood life.

First, we will increase the visibility of our fine Police Force within all neighborhoods to promote safety and security.

Secondly, we will redouble the City's efforts to assist in systematic neighborhood clean-ups.

Thirdly, we will insist on a complete overhaul of our Public Works Department to ensure that effective services, including repair and maintenance functions can be delivered to all neighborhoods.

While I firmly believe that a budget is a useful management tool, I am convinced that it is no substitute for hard-nosed budgetary controls and uncompromising professionalism in management practices. To ensure, therefore, that the City lives within my proposed budget, I will be instituting two important procedures. First I will require all Department Directors to monitor closely on a monthly basis their expenditures and their anticipated needs in the immediate months ahead.

Secondly, I will request that the Finance Director periodically review revenue collections to ensure that we are meeting our anticipated needs at proper times. In this manner, we can substantially reduce the need for short-term borrowing whenever possible, and thus realize even more savings, and vigilant adherence to our budget projections.

Like all of you, I am well aware of emergencies that may occur at various times throughout a fiscal year. But I am deeply committed to a

budget that is not just a guideline, not a mere outline of what I would like to happen. Rather, I want this budget for 1984-1985 to be a detailed plan that we can bear in mind in all that we do in this administration. In this way, we can be both responsive to our City's needs and responsible to the taxpayers of this City.

This budget, I believe, is a budget we all can live with. But no budget is a good budget unless it is followed. I am confident that I have the skills, the dedication and the concern to administer this fiscally responsible program. But I will need your help. Together we can ensure a sound financial future for our City. As part of our new Pact for Providence, we can restore confidence in the City's ability to manage its finances responsibly.

In submitting this budget, I want to reiterate my commitment to giving the people of Providence maximum benefit for their tax dollars. I am going to apply my full energy to finding every cost saving device available. I will not tolerate a continuation of the waste in the Department of Public Works. I will not allow contractors with the City to over-bill us by hundreds of thousands of dollars for services such as street paving. I will insist on competitive bidding for all City contracts above \$2,000.00, and I will not tolerate anything less than an honest day's work for an honest day's City pay.

The budget before you tonight reflects my determination to put Providence on a course of fiscal discipline and sound management principles. I urge you to give this budget, and my administration's reform initiatives your full support. We must come together to move our City forward, and to restore our citizens' confidence in all aspects of City government.

Respectfully submitted,

Joseph R. Paolino, Jr.  
Mayor of Providence

Majority Leader Glavin, Deputy Majority Leader Fagnoli and Councilwoman DiRusso thereupon escort His Honor Mayor Joseph A. Paolino, Jr., back to the Executive Chamber and the Council is declared to be at Ease, at 8:35 o'clock P.M. (E.D.T.) to Reconvene at the Call of the Chair.

Resolution Extending the Best Wishes of the City Council to Mayor Joseph R. Paolino, Jr. upon the occasion of his Twenty-Ninth Birthday.

*Whereas*, Joseph R. Paolino, Jr. celebrated his twenty-ninth birthday on April 26, 1984, and

*Whereas*, April 26, 1984 also marked the first day in office for Joseph R. Paolino, Jr. as Mayor of the City of Providence, and

*Whereas*, This may indeed immortalize "Joe" as the youngest Mayor in the history of our great City, and

*Whereas*, The achievement of success has been a hallmark of the Paolino career; at 19; he was a hotel proprietor and a member of the Providence Historic District Commission; at 21, he was an Aide to Lieutenant Governor Thomas R.

DiLuglio; at 23, he was elected to the City Council; and, at 27, he was elected Council President;

*Now Therefore Be It Resolved*, That the Members of the City Council extend sincere congratulations to Mayor Joseph R. Paolino, Jr. on his twenty-ninth birthday, and extend their best wishes for many more in the future.

Resolution Extending Congratulations and Best Wishes to Mayor Joseph R. Paolino, Jr. and Miss Lianne Andreoni upon the occasion of their forthcoming marriage.

*Whereas*, In his public career, Joseph R. Paolino, Jr. has broken many records for the attainment of high office at a tender age; he was a member of the Providence Historic District Commission at 19, an Aide to the Lieutenant Governor at 21, a member of the City Council at 23, Council President at 27, and at age 29, Mayor of the City of Providence, and

*Whereas*, Much, to the chagrin of many an eligible young lady, Joseph R. Paolino, Jr. had not shown a similar inclination to marry at an early age, and

*Whereas*, This seeming delay is not to be ascribed to any reluctance on "Joe's" part to show the responsibilities of that wonderful institution, but to much deliberation and dissemination in his selection of a mate, and

*Whereas*, The lovely, bright and charming Lianne Andreoni is proof positive that "Joe's" somewhat lengthy selection process was well worth the wait, and

*Whereas*, As First Lady, Lianne will be the most capable, qualified, and the most important "appointment" His Honor will ever make,

*Now Therefore Be It Resolved*, That the City Council hereby extends its heartfelt congratulations to the new First Family of Providence and offers its prayers that they may attain "the highest measure of earthly happiness."

Resolution of the City Council urging passage by the General Assembly of certain Acts Pending.

*Resolved*, That the Members of the Providence City Council hereby urge the Rhode Island General Assembly to pass the following Legislation:

(84-H 7455) — *An Act Relating To The Providence Convention Authority*, which would make it clear that the Authority may use room tax revenues not channeled to the Greater Providence Convention and Visitors Bureau for its authorized expenditures in addition to promoting tourism and conventions in Providence. This authorization is necessary so that the Authority can retain advisors and consultants and conduct its business as mandated by the Act which created the Authority and also clarify the status of the members of the Authority and make a provision for determining a quorum;

(84-H 7914) — *General Aid*, which would

decrease the currently authorized statutory city and town share of income and sales tax to 1% of the receipts;

(84-H 7932) — *School Aid*, which would increase the state's share for local education one percent (1%) per year over the next twelve (12) years to the point that the state and local share will each be fifty percent (50%);

(84-H 9011) — *Benefit Assessment Districts*, which would allow cities and towns to establish special services and higher levels of services supported by a special assessment in the district where the service is provided.
