### M E M O R A N D U M

TO: Committee on Public Works  
FROM: B. James Suzman, Traffic Engineer/Public Works Director  
DATE: March 5, 1988  
RE: Pending Matters

---

1) Updike Street and Whitmarsh Street - 4-Way STOP control

Disposition: Denied. This intersection does not meet the warrants for a 4-way stop control. There is a 4-way stop control at the intersection of Updike Street and Princeton Avenue. Having too many 4-way stop controls in one area breeds contempt and disrespect for the law.

2) John Street and Thayer Street - 4-way STOP control

Disposition: Granted. Signs were installed 1/19/88.

✓ 3) Oxford and Sayles Streets - to close streets on school days between the hours of 2:15PM and 3:00PM for school dismissal.

Disposition: No objection.

April 19, 1988 - Our records indicate that there is no approved application on file for 119 Massachusetts Ave. Please have property owner come to 700 Allens Avenue and fill our application so that sidewalk can be inspected to determine if it is the city's responsibility

There is a sidewalk application on file for 290 Ohio Avenue and this sidewalk will be included in our two year sidewalk repair program.
