# RESOLUTION OF THE CITY COUNCIL

No. 639

*Approved* November 22, 1996

RESOLVED, That the Director of Public Works is requested to conduct a study to reconsider the City's Baiting Program and that the bait be provided to residents by the Department of Public Works, Environmental Control Division to alleviate the Rodent Problem within the City of Providence.

A true copy,  
Attest:

Michael R. Clement  
City Clerk

12/23/96

This Department will bait sewers upon requests from constituents. Any property experiencing rodent problems should call this Department at 467-7950 and an Environmental Inspector will determine whether baiting the adjacent sewers is a panacea to the problem. Additionally, working with the Mayor's Office, a Total Pesticide Management program is on-going whereby greater enforcement, garbage containment, baiting, cleaning lots and sewer lateral capping are being employed to control the rodent population.

Ferdinand C. Ihenacho, Dir.
