The Honorable City Council
Committee on Public Works
City Hall
Providence, Rhode Island

RE: Resolution No. 188
March 17, 1975

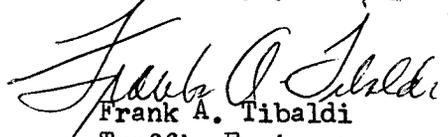

Gentlemen:

The Traffic Engineering Department has received the following resolution from your Committee and has taken the subsequent action:

Request: That the Traffic Engineer is requested to cause the erection of a STOP sign along Lowell Avenue, at its' intersection with Dorchester Avenue; and STOP signs along Dorchester Avenue at its' intersection with Lowell Avenue.

Disposition: STOP signs exist along Dorchester Avenue at its' intersection with Lowell Avenue. This department does not institute four-way STOP controls at any intersection in the City of Providence, since we feel they would confuse most motorist.

Very truly yours,

Frank A. Tibaldi
Traffic Engineer
