Councilman Nicholas Easton
City Hall
Providence, RI 02903

Dear Councilman Easton:

I received a telephone call from the Frank Azzarone family, 56 Miller Avenue, Providence, 02905, concerning 'missing street signs' at the corner of Miller Avenue and Broad Street. At this time, I am requesting, through your office, that replacements be done by the city's traffic engineers department.

Your immediate response to this matter will ensure that the residents on Miller Avenue will have the necessary street signs identifying its proper location. Also, this would ensure no problems are created in case of an emergency by local police or fire department should such situations occur.

Thank you for your attention to this matter.

Sincerely,

Charles D. Walton
Senator - District 9
