Attention: Michael Clement

Subject: Referral No. 2060 - Abandonment of McNeal Lane

Gentlemen:

The City Plan Commission, at its June 9, 1982 rescheduled monthly meeting, reviewed and evaluated the subject referral which contained a request by Industrial National Bank for the abandonment of McNeal Lane.

A field inspection revealed that McNeal Lane is a 10 ft. wide asphalted gangway which services a parking lot that is owned by the petitioner. An 18 story office tower with 475,000 sq. ft. of floor area and 70 parking spaces is proposed to be constructed on the existing parking lot including the subject street.

McNeal Lane has no important value as a public street, and its usefulness as a service road to the adjoining parking lot is superseded by the planned construction of a new office tower. Therefore,

The Commission

Voted:- To recommend to the Committee on Public Works that no objection is offered on this petition.

Sincerely yours,

George D. Caldow SJS.
