Vincent Vespia  
City Clerk  
Providence, Rhode Island

Dear Mr. Vespia,

I have today been informed that my name has been presented to the City Council for membership on a committee to study redistricting of Providence wards.

I find my work schedule and my many community commitments make it impossible for me to have the time to serve. I therefore respectfully decline this nomination.

I would appreciate this correspondence being noted at the time of the reading of the Resolution.

Sincerely yours,

  
Nancy L. Derrig
