My dear Mr. Vespa:

In my mail this morning, is your letter, enclosing a Resolution of the City Council, dated June 24, 1976 - honouring me for my interest & efforts over the years, in City Parks, Street Trees, Thoroughway plantings etc.

It is wonderful to feel that these efforts are appreciated, yet it has all been a pleasure for me & still is, as thus the entire City has become my garden, to be shared by all in their daily comings & goings.

As our young people seem to be more

and more conscious of our "environment" + have an increased love of plants, + nature. I hope & expect we shall have more care, less rubbish + an ever increasing public sense of beauty to be shared by all - + to be well maintained -

I shall treasure this encomium of the City Council -

Most sincerely

Mary Elizabeth Sharpe
