

Dear President Igliozi,

It is with great regret I am emailing to notify you of my need to step down as a Charter Review Commissioner. Recently, my father's health has deteriorated due to a series of falls and he requires some additional care in the morning and evening. My family and I have struggled to secure reliable home health services so my brothers and I have divided duties to make sure he is safe during key transition times throughout the day. My evenings have become more difficult to schedule for meetings and ongoing commitments. I have been feeling extremely guilty that I have neglected my duties as a Commissioner over the past 3 weeks, I always try to give every effort my 100% and know I will not be able to do so for the residents of our City.

I have enjoyed my time being able to serve under your leadership and admire your courage and commitment to making Providence stronger, inclusive, and a place where people can live, work and play. I wish you and the commission all the best as you wrap up the critical work of the City's charter and hope I have to opportunity to work closely with you again.

Thank you for your service and leadership!

Warm regards,  
Nina
