Tenth. I give and bequeath unto the Home for the Aged of the Little Sisters of the Poor, of the City of Pawtucket in the State of Rhode Island, a corporation created by the General Assembly of the State of Rhode Island, because of the breadth and liberality of its charitable principles, the sum of one thousand dollars in perpetual trust, to hold and invest the same as a permanent fund with power to change and transpose the investment thereof, the income arising therefrom to be, by said Home for the Aged of the Little Sisters of the Poor, expended for its general purposes in such manner as it may deem best.

Twelfth. I also give and devise unto my said son, Charles H. Smith Junior, my said Homestead Estate situate on Reser-

voir Avenue in said City of Providence; to have and to hold the same to him for and during his natural life.

Thirteenth. All the rest, residue and remainder of the estate, real and personal, of which I shall die seized and possessed, or to which I may be entitled at the time of my decease, including all real estate hereafter acquired by me, I give, devise and bequeath unto my son, Charles H. Smith Junior, and Walter F. Angell of said Providence; to have and to hold the same unto them and the survivor of them, their and his heirs and assigns, for and during the term of the natural life of said Charles H. Smith Junior, In Trust for the uses and purposes and with and subject to the powers and provisions hereinafter expressed of and concerning the same, that is to say: Upon trust to collect and receive the dividends and profits arising from my residuary personal estate and at such time as they shall see fit to convert and get in the same and, after the payment of my debts and the legacies hereinbefore given, to pay over to my son, Charles H. Smith Junior, in quarterly payments or oftener in the discretion of the said trustees, one-fourth part of the net dividends and profits arising from said residuary personal estate until such time as the same shall be converted and deposited as hereinafter provided, and the remaining three-fourths of said dividends and profits and the entire net proceeds arising from the conversion and getting in of said residuary personal estate my said trustees shall deposit in their names as trustees in such bank, banks or trust company in the city of Providence as they may in their discretion deem for the best interests of said trust estate; upon trust to let my real estate for such time and upon such covenants and conditions and for such rent as my said trustees shall think reasonable, and generally to manage and direct all the affairs and concerns of my residuary real estate, including the payment of taxes, repairs and insurance against loss by fire, and to collect the rents and incomes therefrom; and after the payment thereof of taxes, premiums of insurance, expenses of repairs and all other expenses incident to the execution of this trust, to pay over to my said son, Charles H. Smith, Junior, in quarterly pay-

ments, one-fourth part of said net rents and income accruing and arising from the real estate belonging to and forming a part of said trust estate for the time being.

Provided, however, and I hereby order, direct and declare that the said one-fourth of said rents, income, dividends and profits which is made payable to my said son shall in no way be subject to the control, disposition or liability of my said son prior to its actual payment to him as above provided; and in case my said son shall, at any time, alien, encumber or anticipate the said rents, income and profits, or any part thereof, or if by reason of his insolvency or bankruptcy or other proceeding by creditors, the said rents, income and profits, or any part thereof, shall or but for this present proviso would become vested in or payable or pass to or for the benefit of any person other than my said son, then my said son's right to and interest in said rents, income, dividends and profits, or so much thereof as shall or but for this present proviso would so become vested in or payable or pass to or for the benefit of any other person, shall thereupon forthwith cease and determine, and thereafter, during the life of my said son, said rents, income and profits, or so much thereof as shall have been or become so lost or forfeited by my said son, shall be paid over by the trustees or trustee for the time being to and for the support and maintenance or otherwise for the use and benefit of the wife, child, children or more remote issue of my said son, or any one or more of such wife, children or issue in the discretion of said trustees or trustee, and in such manner, shares and proportions and at such times as said trustees or trustee, in their and his absolute and uncontrolled discretion shall select and determine; and in default of any such wife, child, children or issue or upon the decease of the last survivor of such wife, child, children and issue in the lifetime of my said son, then during the remainder of his life said trustees or trustee may from time to time, so long as such vacancy or want of objects shall continue, accumulate and invest said one-fourth of said rents, income, dividends and profits in augmentation of the principal of said trust property and estate and to follow the destination thereof.

Provided, however, that notwithstanding anything in this will contained in case of the cessation of said income to my said son otherwise than by death, as hereinbefore provided for, it shall thereafter be lawful for the said trustees or trustee, in their or his discretion, but without its being obligatory upon them, to pay to or apply for the use of my said son, from time to time, any part or parts or the whole of said one-fourth part of said rents, income, dividends and profits to which my said son would have been entitled under the preceding trusts in case the forfeiture hereinbefore provided for had not happened.

The remaining three-fourths of the rents, income and profits accruing and arising from said trust property and estate, I will, order and direct that the said trustees or trustee shall pay over and deposit, as and when received, in the bank or banks of deposit for the time being in which said trustees shall have deposited the proceeds of the said residuary personal estate; and said moneys so deposited shall accumulate until such time as said fund derived from the residuary personal estate and the rents and profits from the residuary real estate directed to be deposited with the accumulations thereof, shall amount to at least the sum of twenty-five thousand dollars. At such time or times and as often as said fund so deposited with the accumulations thereof shall amount to said last named sum, the said trustees or trustee shall invest the same, or such portion thereof as may be expedient, in the purchase of real estate situate in said city of Providence,—the title to said real estate to be taken in the name of said trustees or trustee,—and said real estate, so purchased, shall be held as and constitute a part of said trust property and estate, and be subject to the like disposition of rents and income as is herein provided with reference to the rents and income of said original residuary real estate.

Fourteenth. And upon the decease of my said son, I give, devise and bequeath all the trust property and estate, including the balance of all moneys in bank deposited to the credit of said trustees or trustee and constituting a part of said trust fund, after the payment of all the expenses legally incurred by said

trustees or trustee in the execution of this trust, to said City of Providence, in perpetual trust, to hold the same as a permanent trust estate and fund, with power and authority to lease the said real estate, or any portion thereof, for such time or times and upon such covenants and conditions as to said City may seem meet. Upon further trust to collect the rents, income and dividends accruing and arising from all said trust estate, and after the payment of all the expenses incident to the execution of this trust, to apply the net income, rents and dividends accruing and arising from said trust estate and property, by and under the direction and advice of the Superintendent of Parks for the time being of said City, or by and under the direction and advice of such other officer or officers of said City or such Committee of the City Council of said City as may be appointed or designated by the said City Council for that purpose, in the purchase and planting of trees, plants, vines, shrubs, bulbs or seeds, native or foreign, in the discretion of said Superintendent, officer, officers, or Committee,—the same to be grown in Roger Williams Park in said city of Providence, or in the additions that may hereafter be made to said Park; or in the discretion of said Superintendent of Parks or other officer or officers or Committee so designated or appointed, in the construction, improvement and equipment of green-houses in said Park; provided, however, that the income from said trust estate shall be so applied in the construction of green-houses only upon the express condition that the green-houses which may from time to time be in said Park, shall, at reasonable hours, be open to the public every day in the week.

I further will, order and direct that if and whenever the fund deposited in bank under the provisions of the thirteenth clause of my will shall amount to the sum of twenty-five thousand dollars, it shall be lawful for my said trustees, with the consent of my said son, instead of purchasing real estate as hereinbefore provided, to apply the same under and with the advice and direction of the Superintendent of Parks for the time being of said City and the Senior Professor of Botany for the time being

in Brown University, or either of them, to the purchase of trees, plants, vines, shrubs, bulbs and seeds, foreign or domestic, and to the planting of the same in said Roger Williams Park in said Providence and its additions.

If said City of Providence shall refuse to accept the bequest and devise given it in and by this clause of my will, for the purposes and upon the conditions hereinbefore expressed or shall fail for any reason at any time to apply the income from said trust estate in the manner hereinbefore provided, the said estate so given to said City by this clause of my will shall thereupon be forfeited; and in that event I give, devise and bequeath said estate, real and personal, given to said City, by this clause of my will, unto Harvard University, a corporation established in the City of Cambridge in the Commonwealth of Massachusetts, in perpetual trust to invest the same as a permanent fund, with like powers of lease as are hereinbefore given to said City,—the income, rents, dividends and profits therefrom to be applied by said University to the payment of scholarships, in such manner as the governing board of said University may see fit to students, for the time being in said University who shall be graduates from any of the High Schools of the City of Providence; and if there shall, at any time, be no such students in said University, then to such other students in said University, or other purposes, as the governing board of said University may see fit.

Fifteenth. I hereby authorize and empower the trustees under the thirteenth clause of this will to apply said fund, deposited in bank as aforesaid, or any part thereof, in their discretion, to the erection of buildings or to the making of other improvements upon any real estate forming, from time to time, a portion of my trust estate; and in the event of the loss or destruction of any building or buildings upon any of the lands forming a part of the trust estate created by the thirteenth clause of this will, I will, order and direct that the said trustees shall in their discretion, either apply the insurance moneys received on account of said loss to the rebuilding of said building or buildings or otherwise to the improvement of said trust estate

or any portion thereof, or shall add the same to the deposit directed to be made by the thirteenth clause of this will, and thereafter said insurance moneys so deposited shall be subject to the same application and investment as said three-fourths of the rents and income from said residuary real estate.

I hereby will, order and declare that any new Trustee or Trustees appointed under the thirteenth clause of my will, by any competent tribunal, and the Trustees or Trustee for the time being under said clause shall have and exercise the same powers, authorities and discretions as are given to the trustees named therein.

Sixteenth. I nominate and appoint my said son Charles H. Smith Junior and Walter F. Angell executors of this my will, and I direct that they be exempt from giving a bond as such executors or filing an inventory of my estate.

Seventeenth. For the purpose of facilitating the settlement of my estate, I authorize and empower my executors to sell at public or private sale any personal property belonging to me at the time of my decease, not hereinbefore specifically disposed of, and in case of my personal property, other than that bequeathed by the eleventh clause of my will, shall be insufficient to pay my debts and the pecuniary legacies bequeathed by this will including the fund required to be appropriated to answer the annuity bequeathed by the second clause of my will, I will, order and direct that the balance required to satisfy said legacies in full, shall be paid out of the three-quarters of the rents, profits and income of my real estate which, but for this present provision would be deposited for accumulation by my trustees under the provisions of the thirteenth clause of my will. And I direct that said legacies shall be payable only when sufficient income has been received from said real estate to make such payments as above provided. And I will, order and direct that my executors may, in their discretion, distribute said rents, profits and income as received, among the several legatees proportionately or pay said legacies in full and in such order as they may deem best whenever they have sufficient funds for the purpose in

their hands, provided, however, that my executors shall pay the annuity bequeathed by the second clause of this will in the manner therein directed.

In Testimony Whereof, I have hereunto set my hand and seal this 31st day of August, in the year of our Lord one thousand, eight hundred and ninety-seven.

First. I hereby revoke and annul any and all devises, bequests and appointments of every nature whatsoever, heretofore made to Charles H. Smith junior, and I direct my trustees, hereinafter named, to pay to said Charles H. Smith junior, out of the net income of my trust estate in their hands, the sum of five hundred dollars (\$500) per annum, in equal monthly payments, during the term of his natural life.

Second. I give the use of my house on Reservoir Avenue, in the City of Providence, to my faithful servant, Rose Farrell, for her life, free of charge.

Third. I give to the said Rose Farrell, absolutely all my

furniture, plate, glass, pictures, jewels and bric-a-brac; and I also give to her the sum of seventy-five dollars (\$75) per month, in addition to the twenty-five dollars (\$25) per month heretofore given, making in all one hundred dollars (\$100) per month, during her life; and I direct my trustees hereinafter named, to pay said sum to said Rose Farrell out of the net income of my trust estate in their hands from time to time, during the term of her natural life.

Fourth. I increase my bequest to the Rhode Island Historical Society two thousand dollars (\$2000), making a total of five thousand dollars (\$5000),—the income of which shall be applied to the uses mentioned in my will in connection with the gift therein made to said Society.

Fifth. I direct my trustees, hereinafter named, to convert all my personal property, not otherwise bequeathed by me, into good paying real estate in the City of Providence and to hold, manage and control said real estate with all other real estate of which I shall die seized and which I have devised in trust, until both the said Rose Farrell and Charles H. Smith junior shall have deceased; and to accumulate and invest the net income from said real estate, after paying out of the same the amounts provided to be so paid out by my said will as modified by this codicil, in other real estate during the life of the survivor of said Rose Farrell and Charles H. Smith junior, and upon the decease of such survivor, I direct my trustees to apply all the trust property and estate, then in their hands, to the purposes to which, by the terms of my said will, my trust property and estate was to be applied at the decease of said Charles H. Smith junior.

Sixth. I nominate and appoint James F. Freeman, Harry S. Hathaway and Walter F. Angell, all of said Providence, as executors and trustees of said will and this codicil, and direct, that said executors and trustees shall not be required to give any bond for the faithful discharge of their duties and that they shall be allowed a proper compensation for their services, to be

approved by the Supreme Court, and that all vacancies in the trusteeship shall be filled by the Supreme Court, and I further direct that said executors and trustees, and their successors, shall have all the powers which were conferred by my said will upon the executors and trustees therein named.

Seventh. I declare that if any person shall contest or dispute the validity of my said will or of this codicil, or of any provisions of either said will or codicil, or shall object to the probate of said will or codicil or appeal from any such probate, then and in any such case all dispositions in said will or codicil contained in favor of such person shall cease and be void to all intents and purposes whatsoever and are hereby revoked accordingly. And in that event I give and bequeath the estate, real or personal, so forfeited, to my trustees herein named, to be held by them, free from any trust in favor of the person whose estate or interests have been so forfeited, but otherwise upon the same trusts and with the same powers as are herein and in my said will created and conferred with reference to the remainder of my trust estate.

Lastly. Except as hereinbefore modified, I hereby ratify and confirm my said last will and testament, dated August 31st, A. D. 1897.

In Testimony Whereof, I have hereunto set my hand and seal, this twenty second day of February, A. D. nineteen hundred.

MINUTE

George E. Reynolds, M. D., was born in Adams, Mass., on April 9, 1882. He attended the public schools of Pittsfield, Mass., graduating from the high school of that city in 1902. In the fall of the same year he entered Jefferson Medical College of Philadelphia, Pa., later transferring to Georgetown Medical School from which he received his doctor's degree in 1906. During the World War he was commissioned in the Medical Corps, U. S. A.

In 1921 Dr. Reynolds became a member of the Providence Medical Association and was consulting surgeon of the courtesy staff of St. Joseph's Hospital. Politically, Dr. Reynolds was a staunch Democrat, at an early date manifesting special interest in school matters of this City. In 1928 he ran at-large against former Chairman William L. Sweet and was elected school committeeman, continuing his services as such at a subsequent election until his death.

Long interested in education for the advancement of the youth, Dr. Reynolds unceasingly championed many important improvements such as the regional high school plan, the development of the junior high school system and the restoration of teachers' pay cuts. His personal ambition was to keep the Providence school system unsurpassed in the country.

That the lessor will at its own expense maintain a suitable connection from the tracks of the New York, New Haven and Hartford Railroad Company to the northerly line of said premises at a point about eight feet northerly from the southerly line of said premises; the lessor shall have the right to relocate said connection at its own expense, provided it shall not change the point of entry upon the said premises.

4. That the lessee in consideration of the further payment of one dollar per year shall have the right to build and maintain a single pipe underground, at such depth as the City Engineer shall direct, from said premises generally easterly to the westerly edge of the stonework forming the sea wall, and to build and maintain at the easterly end of said pipe an outlet box, the top of which shall be level with the top of said sea wall, for the purpose of conveying raw material from boats to said premises and conveying the products manufactured by said lessee from said premises to boats for shipment; Provided, however, that

the permission hereby granted shall be subject to the following express conditions: that the lessee shall build and maintain said pipe and outlet box to the satisfaction of said City Engineer; that when said pipe is not in actual use in loading or unloading a boat, said outlet box shall be securely closed, and no part of any pipe, valve, hose or other appurtenance shall be left above the level of the ground; that the lessee upon fifteen days' notice shall remove said pipe line and outlet box from time to time whenever requested by the City Engineer to such other reasonably suitable location or locations as said City Engineer shall designate, but the lessee shall not be required to move said pipe line and outlet box at its own expense more than once in any period of twelve months; that the lessee shall repair and keep in repair said pipe and service box; that the lessee shall hold and keep the lessor harmless, safe and indemnified from and against loss, cost, damage, payment and expense on account of any injuries to persons or damage to property for which the lessor may become liable on account of the laying, construction, maintenance, use or repair or neglect to properly maintain or repair, or any defect of such pipe and outlet box. It is expressly understood by and between the parties hereto that the permission hereby granted to maintain said pipe and outlet box shall give the lessee no preference over any other person desiring to use said dock, and the lessee shall be subject to any and all regulations including dockage and unloading charges which from time to time may be imposed by the City of Providence or its authorized representatives for the use of said dock.

5. That if the lessee, keeping, observing and performing the conditions, reservations and covenants contained herein on its part to be kept, observed and performed, desires to renew this lease for a further period of ten (10) years from and after the expiration of the term hereby granted and shall give the lessor written notice of such desire at least six months before the expiration of said term hereby granted, the lessor will execute and deliver to the lessee a renewal lease of said tract or parcel for the further term of ten (10) years, under and subject to the same conditions, reservations, limitations and covenants as are herein contained, except the present covenant as to renewal and except that the

rent shall be such reasonable sum per year as is agreed upon between the parties or fixed as hereinafter provided.

In consideration of the lease aforesaid and the performance of the covenants and conditions on the part of the lessor to be kept and performed as herein set forth, the lessee hereby covenants to and with the lessor as follows, viz. :

6. That the lessee will promptly pay the rent reserved as aforesaid at the times the same shall become due as herein fixed; it will also promptly pay all taxes lawfully assessed upon any buildings and improvements hereafter erected on the said premises by the lessee; it will also pay for all water furnished by the lessor to said premises at the regular rates fixed for other customers using like quantities of water; it will also pay a charge of two dollars (\$2.00) per loaded car consigned to or from the lessee for the use of the railroad whether cars are used for inward or outward freight.

7. That in case of any failure on the part of the lessee to pay said rent at the times and in the manner aforesaid, and in case of failure on its part to perform any or all of the covenants and agreements herein contained on its parts to be kept and performed and if such failure shall continue for thirty days after notice in writing by the lessor to the lessee, the lessor by any agent duly authorized shall be at liberty to declare this lease at an end and may thereupon enter upon and take immediate and full possession of said premises and repossess the same as of its former estate without prejudice to its right to recover rent for the time for which the lessee has been in possession and any damages which the lessor may have suffered by reason of any breach of the terms or conditions of this lease on the part of the lessee.

8. That in consideration for the right to dispose of its sewage through the sewer drain recently constructed by the lessor connecting the plant of said lessee with the Municipal Sewage Disposal Plant of the lessor, said lessee shall maintain said sewer drain in its entirety to the satisfaction of the City Engineer of said lessor and subject to his direction and control.

9. That the lessee will use said premises only for the purpose of conducting on said premises the business of manufacturing

chemicals provided, however, that the lessee shall not manufacture or store at the same time on said premises any appreciable amount of explosives or chemicals which if combined will form explosives. That the lessee will so conduct said business as not to create a nuisance or be obnoxious or dangerous to the public or the holders of adjoining property.

10. That the lessee will not sublet the whole or any part of said premises except with the approval of the lessor acting by and through the Committee on Municipal Terminal Development of its City Council, or such other committee or commission as shall succeed to the duties now performed by the Harbor Committee, in either case with the approval of the Mayor.

11. It is further understood and agreed by and between the parties hereto that the lessor shall have a lien upon all buildings, improvements, machinery and other equipment erected or placed upon said land during the continuance of this lease, for the payments of all rents and sums of money accruing or owing under this lease. And at any time after default in the payment of any rent or sum of money accruing or owing under this lease, and such default shall have continued for the space of said thirty (30) days after notice as hereinbefore provided, it shall be lawful for said lessor, by any agent duly authorized, to enforce said lien by selling the buildings, improvements, machinery or other equipment or any of them on said demised premises at public auction, first giving notice once a week at least for three successive weeks of the time and place of such sale by advertisement in some newspaper published in said City of Providence; and in its own name, or as the attorney of the lessee, (for that purpose by these presents duly authorized and appointed with full power of substitution and revocation) to make, execute and deliver to the purchaser or purchasers thereof good and sufficient conveyances and transfers thereof; and to receive the proceeds of such sale or sales, and from such proceeds to retain the amount of rent then due from said lessee, and all other sums of money accruing or owing under this lease, together with the expenses incident to such sale or sales, rendering and paying the surplus of said proceeds, if any there be, to the said lessee. Nothing herein contained, however, shall be construed to limit the right of the lessee

to dispose of the products manufactured by it in the regular course of its business.

It is mutually agreed by and between the parties hereto :

12. That, in case the parties hereto are unable to agree as to what is a reasonable rent for said premises on any extension thereof beyond said term of ten years, the question as to what is such reasonable rent for such extension shall be left to the decision of the Superior Court within and for the counties of Providence and Bristol, sitting in equity, or of whatever court shall then be in the exercise of the equity powers now vested in said Superior Court. The parties hereto will join in presenting said question to said Court by proper petition or petitions ; or, in case of the neglect or refusal of either party to join in such petition at the request of the other party, the other party may present said question to said court by petition or bill of complaint ; in either case, the parties hereto hereby mutually agree to assent to the jurisdiction of said court and to speed the cause by all reasonable means within their power, and that, while said cause is pending, rent shall continue as theretofore fixed, subject to equitable readjustment whenever the court shall have finished determining the question of such reasonable rent.

No. 254. Message of His Honor the Mayor Relative to the Return of the Ten Per Cent Wage Reduction to City Employees.

CITY OF PROVIDENCE,
EXECUTIVE DEPARTMENT,
CITY HALL.

September 29, 1937.

To the Honorable the City Council of the City of Providence.

GENTLEMEN:

A report has been circulated that a concerted effort will be made this evening in the City Council to restore the full ten percent decrease to City employees, regardless of the impairment of service in city departments now absolutely necessary to properly conduct city business.

No one in City Government is more anxious than I am to have the ten percent cut restored to city employees, and I have endeavored to have all, or a portion, of this pay loss returned as soon as it could possibly be done in a business-like manner.

For weeks the Finance Committee has labored in an endeavor to present a budget to the City Council this evening. I believe the budget they are presenting should be approved, as it is the only satisfactory one that could be offered in order to give to the taxpayers the service they are paying for, and at the same time, give back to the employees of the city five percent of the ten percent cut they have been taking for the past five years. Even under the plan presented, department heads will have to use the greatest caution to keep within their appropriation.

There is only one possible way to return to the employees the full ten percent cut, and this would be the drastic curtailment in the functioning of departments, hindering their efficiency and in some cases departments would be compelled to close down before the end of the next fiscal year, October 1, 1938. Departments especially jeopardized would be the Charles V. Chapin Hospital; Playgrounds; Park development; Sewer; Water; Maintenance of City Streets; and Bath Houses. The purchase of necessary supplies for the proper conduct of the Police and Fire Departments would be hampered to such an extent that it would be impossible to conduct them in an efficient manner, giving to the taxpayers the protection for which they are paying.

I do desire to say a word relative to the school teachers. Although the Finance Committee has recommended the entire amount set by law to the School committee under the terms of the State Act, this body finds itself in a position whereby they can return only 3% at the most of the pay cut to the teachers who have taken the same reduction for the same period as all other city employees. In all fairness to these teachers, it does not seem right to give the entire return to some at this time when the School Committee can make but such a small return to the school teachers. Their sacrifice has been made the same as all others. I do hope that the School Committee will make every effort to give back at least five percent at this time and make a full restoration during the coming year.

Before the ten percent reduction was determined upon, all angles were considered. Included in this was a graded reduction, according to the size of salary. After careful consideration, it was decided that all city employees, regardless of salary received, should take the same decrease in pay. In the many meetings that were held, with all departments of City Government represented, it was understood that when a return was made it should be the same to all departments because of the fact that the decrease was the same and the return should be likewise.

I can see but one reason for any question about a change in the budget presented by the Finance Committee this evening, and that is politics. It is deplorable to have such a condition arise, if it be true, when an important matter such as the appropriation, is to be considered. I urge the members of the City Council, regardless of party affiliation, to use their best judgment this evening, keeping uppermost in their minds the fact that the taxpayers should be given the protection and service for which they are paying.

By adopting the budget to be presented by the Finance Committee, no department will suffer in its ordinary functioning.

The employees of all city departments deserve great credit for the part they have played in the sacrifice made by them during the past five years. However, all employees should appreciate the fact that they are fortunate that the city's business has been conducted in such an efficient manner during these years that it is possible at this time to restore to them five percent. It is my sincere hope, and I believe it to be possible, that by the first of October 1938 the full pay decrease will be restored.

Whereas, under our present caucus laws, certain conditions exist and certain practices are permitted which are detrimental to a fair and impartial selection of candidates for public office, and

Whereas, certain acts of lawlessness and rowdiness have been committed in the past which make it distasteful in many instances for peace loving and law abiding people to exercise the privilege given to them as citizens of our State, therefore

BE IT RESOLVED, That the City Council of the City of Providence instruct and direct the City Solicitor to appear before the next session of the State Legislature to urge certain amendments to the present caucus laws, viz.:

-
1. That the hours for voting at said caucuses be increased.
 2. That the voting machines be used.
 3. That there shall be at least two voting places in each ward.
 4. That each candidate shall be entitled to representation in the form of a watcher designated by him to observe the count of the ballots cast or recorded on the voting machines.
