## ORDINANCES SECOND READING

The following Ordinance was in City Council July 7, 1988, Read and Passed the First Time, and is Returned for Passage the Second Time:

An Ordinance Adopting the Official Capital Improvement Program 1988-93.

*Be it ordained by the City of Providence:*

*Section 1.* Article IX 1/2 of the Code of Ordinances of the City of Providence, entitled: "Department of Planning and Urban Development" is hereby amended by adding the following:

Section 2-169. Official Capital Improvement Program 1988-93:

A.) Objectives of the Capital Improvement Program:

I. To improve the financial management of the Capital Resources.

II. To maintain a high credit rating for Providence, thereby lowering interest costs.

III. To continue stimulation of private investment.

IV. To insure that capital projects and comprehensive planning are based on Providence's long-range fiscal potential.

V. To advocate a regular preventive maintenance program that would result in tax savings and lower capital improvement costs.

VI. Guide implementation of Providence's development programs.

B.) Purpose.

The Capital Improvement Program is the primary management guide for allocation of limited city resources for physical improvements over the next five years. It helps use those resources to achieve overall goals in providing City services and in developing neighborhoods, the Downtown, and the City's economy in general.

The Capital Improvement Program outlines costs and funding alternatives involved in implementing the City's ongoing comprehensive plan. It thereby insures that the comprehensive plan reflects financial realities.

Other Purposes of the Capital Improvement Program are:

1. ANNUAL REVIEW OF PRIORITIES.

At both department and citywide levels, yearly review of priorities ensures that funding decisions adjust to changing circumstances.

2. JOINT PROJECT COORDINATION.

Savings, in time or money, or increased project impact can result from coordinating projects of different agencies with respect to location, function and timing.

3. STIMULATION OF PRIVATE INVESTMENT.

A readily available schedule of future public improvements encourages private residential, commercial and industrial investments.

4. LOWER COST CREDIT.

Evidence of prudent, long-range financial planning is important to credit rating services. Better knowledge of needs and resources will improve Providence's flexibility during money market fluctuations.

5. NEIGHBORHOOD PARTICIPATION.

By opening capital improvement funding decisions to continuous public debate, on a citywide basis, the Capital Improvement Program limits the influence of pressure groups that might otherwise obtain commitments for a disproportionate share of city resources. At the same time, neighborhood groups have the opportunity to react to City Department proposals, submit their own projects for review, or identify gaps in service or development plans.

C.) Definition of Capital Improvements:

1. New construction, reconstruction, substantial alterations and extraordinary repairs;

2. Acquisition of real property or interest therein;

3. Designs or preliminary studies or surveys relative to Nos. 1 and 2 above;

4. Acquisition and installation of equipment and furnishings relative to Nos. 1 and 2 above.

*Section 2.* The plan attached hereto shall constitute the official Capital Improvement Program for the years 1988-93 which official copy shall be maintained and safeguarded in the Department of the City Clerk. No amendments or additions to said plan shall be approved or

undertaken without the express review and approval, by Ordinance, of the City Council. No funds shall be expended nor any commitments to expend funds given for Capital Improvements unless they are a part of the Official Plan as approved.

*Section 3.* This Ordinance shall take effect upon its passage.

**The following Ordinance was in City Council July 21, 1988, Read and Passed the First Time, and is Returned for Passage the Second Time:**

An Ordinance in Amendment to the Housing Court Act.

*Be it ordained by the City of Providence:*

*Section 1.* Section 3 of Chapter 8.1 is hereby amended and reads as follows:

8.1-3. *Establishment of Court — Jurisdiction — Seal — Oaths.* There is hereby established a housing court, consisting of a chief judge and one (1) associate justice to hear and determine all actions brought before it by the enforcing officer concerning violations of state and local housing laws and ordinances, *The Rhode Island State Building Code, The Providence Zoning Ordinance* and all actions brought for the prevention thereof, and to hear and determine any other action brought to promote, protect or enhance the residential environmental quality of the people.

The Housing Court shall commence October 1, 1987. Upon commencement the Housing Court shall assume jurisdiction over all matters then pending in District Court, or remanded to District Court pursuant to Court Order.

The Housing Court shall be a court of record and shall have a seal which shall contain such words and devices as the court shall adopt.

Amended:**

**Resolution in Support of Community Gardens.**

*Whereas*, Last fall voters of Rhode Island overwhelmingly approved an Open Space Bond Issue showing their support of green, beautiful, open space; and

*Whereas*, Community gardening converts public and private lands into places where people grow vegetables, fruits, flowers, and herbs that otherwise could not grow; and

*Whereas*, Community gardens maintain and beautify vacant lots previously littered with debris, blighting neighborhoods and posing a threat to public health; and

*Whereas*, Community gardens assist city residents in improving the quality of city life by revitalizing neighborhoods, stimulating social interaction, conserving and recycling resources, reducing family food budgets and creating opportunities for recreation, therapy, and exercise; and

*Whereas*, There are currently over 350 families participating in nine community gardens throughout the city; and

*Whereas*, Existing community gardens have extensive waiting lists of potential gardeners who cannot be accommodated in the existing gardens; and

*Whereas*, Several of these existing community gardens are threatened with dissolution and dislocation by development,

*Now Therefore, Be It Resolved, That*, It shall be the policy of the City Council to support the creation and preservation of community gardens in the City of Providence and encourage a minimum of 25 community gardens by 1992; and

*Further Be It Resolved, That*, The preservation of community gardens already active on city-owned land shall be considered a top priority in any planning, development, and disposition decisions regarding such land; and

*Further Be It Resolved, That*, The City Council urges the Mayor to urge the Director of the Department of Planning and Development, or his/her designee, the Director of Public Works, or his/her designee, the Superintendent of Parks, or his/her designee, the Director of the Housing Authority, or his/her designee, and a representative of the Mayor's Office to participate in an Ad Hoc Task Force to develop a comprehensive community gardens policy for the City of Providence; and

*Further Be It Resolved, That*, Representatives from the Southside Community Land Trust and other community gardens shall be included in such an ad hoc committee; and

*Further Be It Resolved, That*, Said Ad Hoc Task Force shall evaluate the existing land use arrangements for community gardens, design a Community Gardens Master Plan for Providence, identify which parcels of vacant city-owned land are suitable for community gardens, and suggest methods of program funding, including both public and private resources.
