## **ORDINANCE SECOND READING**

**The Following Ordinance was in City Council December 17, 2015, Read and Passed the First Time and is Returned for Passage the Second Time:**

**COUNCIL PRESIDENT APONTE, COUNCILWOMAN RYAN**

An Ordinance in Amendment of the 2015 Providence Neighborhood Revitalization Act.

SECTION 1. Chapter 21, "Revenue and Finance," Article XVII, "Providence Neighborhood Revitalization Act for Commercial and Multi-Family Residential Property" is hereby amended as follows:

Sec. 21-271. Authorization and Purpose.

- (a) *Authorization.* The city council has the authority, under Section 44-3-9 of the General Laws of the State of Rhode Island, as amended, to exempt from tax payment, in whole or in part, real and personal property which has undergone environmental remediation, is historically preserved, or is used for affordable housing, manufacturing, commercial, or residential purposes, or to determine a stabilized amount of taxes to be paid on account of the property, notwithstanding the valuation of the property or the rate of tax.
- (b) *Purpose.* The city recognizes that in order to stabilize neighborhoods, vacant, and/or underutilized properties must be returned to productive use. The purpose of this article is to provide the city with a tool to promote and encourage the use of vacant and/or underutilized property through new construction or rehabilitation of qualifying properties for residential and commercial purposes. In order to advance investment in identified neighborhoods, it is vital that the city provide property developers, entrepreneurs and investors with a predictable tax phase-in plan. It is therefore in the public interest to develop a set of clear criteria for eligibility for a neighborhood revitalization tax stabilization incentive, as well as a defined plan to bring a project to full taxation.

Sec. 21-272. Eligible Properties.

Eligible properties shall include new construction (excluding land acquisition costs) or the rehabilitation of commercial, mixed-use, or multi-family residential property of between \$250,000 and \$3,000,000 in an opportunity neighborhood.

**Eligible properties shall include properties located in commercial corridors that abut or are contiguous with opportunity neighborhoods.**

Abutting and contiguous properties within an opportunity neighborhood may be considered a single project for purposes of qualifying for a tax stabilization under this ordinance.

Sec. 21-273. Definitions.

“*Opportunity Neighborhood*” means the following neighborhoods, with boundaries as indicated on the map attached hereto as Exhibit A: Charles, Elmwood, Federal Hill, Fox Point, Hartford, Lower South Providence, Manton, Mount Hope, Mount Pleasant, Olneyville, Reservoir, Silver Lake, Smith Hill, South Elmwood, Upper South Providence, Valley, Wanskuck, Washington Park, West End.

Sec. 21-274. Criteria

The director of department of inspections and standards and the director of the department of planning and development shall determine whether the subject properties or projects meet the minimum eligibility requirements in accordance with Section 21-271, Sec. 21-272, and Sec. 21-275. Owners of eligible properties and projects are required to begin construction within twelve (12) months and to complete construction within twenty-four (24) months of the effective date of

the subject stabilization agreement. For the purposes of the foregoing sentence, a temporary certificate of occupancy shall be sufficient. Owners of properties and projects that fail to meet any of these deadlines will be required retroactively to pay the difference between their actual stabilized tax payments and what they would have paid if ineligible for the specified tax considerations (unless an extension of such applicable deadline is approved by the city council).

Sec. 21-275. Tax Considerations.

The assessed tax payments and stabilization period upon the date of enactment of a project’s stabilization agreement shall be according to the following options.

(a) New construction of at least \$250,000, or the rehabilitation of commercial or residential property with a cost of construction the greater of (1) \$250,000 or (2) fifty-percent (50%) of the assessed property valuation prior to construction. Total cost of project, whether new construction or rehabilitation shall not exceed \$3 million. The assessed tax payments upon enactment will be frozen at the base tax for the first year of the term. The assessor shall issue a bill beginning in the second tax year after the commencement date, based upon the property’s valuation at that time. Tax payments will be calculated as a percentage of the total tax at the annual tax rate, with a phased-in schedule, as shown below. The city assessor shall assess the project upon issuance of a certificate of occupancy by the department of inspection and standards.

Year	Schedule
1	Base Tax
2	Base Tax + 20% of increase to assessed valuation
3	Base Tax + 40% of increase to assessed valuation
4	Base Tax + 60% of increase to assessed valuation
5	Base Tax + 80% of increase to assessed valuation
6	Full Taxation

Sec. 21-276. Transfer of exempt or stabilized property.

Tax benefits for eligible properties shall be transferable to new owners or tenants, but the duration of the tax consideration period shall not be extended (unless otherwise approved by the city council). In the event that the tax stabilized property becomes exempt from real estate taxes during the term of tax stabilization through conveyance, or otherwise, to a real estate tax exempt entity, the tax stabilization agreement shall be void ab initio with owners of tax stabilized properties being liable for full taxes retroactively to the execution date of the tax stabilization agreement.

In the event that a project owner transfers a project site to a tax exempt entity within the five year period immediately following the expiration of this Ordinance, the Project Owner agrees to pay a percentage of the sale price to the City of Providence as follows: five percent (5%) of the sale price if the Project Site is sold to a tax exempt entity in the first year following expiration; four percent (4%) of the sale price if sold to a tax exempt entity in the second year; three percent (3%) of the sale price if sold to a tax exempt entity in the third year; two percent of the sale price if sold to a tax exempt entity in the fourth year; one percent (1%) of the sale price if sold to a tax exempt entity in the fifth year.

Sec. 21-277. Forms and procedures.

The city assessor, together with the director of the department of planning and development, shall develop standardized forms and additional procedures consistent with this ordinance, as they deem necessary and proper to effectuate the terms and provisions of this ordinance. The procedure for eligible properties under this section shall be as follows:

- (a) No person shall be entitled to any exemption herein authorized without first filing an application for tax stabilization with the office of the city assessor. The application shall include the program of building, alterations and/or improvements to be made. The applicant shall include a statement outlining measures to comply with the Code of Ordinances, and a statement regarding the hiring of Minority and Women Business Enterprises (MBE/WBE) pursuant to Section 21-52 of the Code of Ordinances. No application shall be considered unless:

- (1) The application is filed prior to the issuance of the certificate of occupancy;
  - (2) The applicant certifies that the investment of new construction (excluding land acquisition costs) meets the minimum required value of \$250,000 or that the rehabilitation of commercial or multi-family residential meets the minimum cost of construction the greater of a) \$250,000 or b) fifty-percent (50%) of the assessed property valuation prior to construction;
  - (3) The application includes a compliance plan demonstrating how the applicant will fulfill each of its community benefit responsibilities as outlined in Sec. 21-278.
  - (4) A fiscal note prepared by the department of finance or the internal auditor is attached to the application, comparing the proposed project's "true tax" and the estimated tax to be paid under the terms of the tax stabilization agreement
  - (5) A nonrefundable application fee in the amount of 0.1 percent of the estimated cost of the project is to be paid to the city;
- (b) Within fifteen (15) days of receipt of a completed application (together with the application fee), the city assessor shall forward a copy of such application to the director of department of inspections and standards, city collector, and director of the department of planning and development for their respective review; and
- (c) The director of department of inspection and standards shall review the application to determine whether any violations of the provisions of the building code of the city exist with respect to the subject property of the applicant and any other property in the city owned by the applicant. If no violations exist, he or she shall certify the fact to the city assessor within fifteen (15) days. If violations do exist, within said fifteen (15) days, he or she shall forward a statement to the city assessor and the applicant specifying the nature and extent of the violations. No exemptions granted hereunder shall be effective unless and until any and all such violations have been cured. Within the same fifteen (15)-day period, the director of department of inspections and standards shall issue a letter to the city assessor (with a copy to the applicant) stating whether the project will involve the substantial rehabilitation of an eligible property, and whether the proposed construction has received the necessary approvals from the Historic District, the DOWNCITY Design Review Committee, the Capital Center Commission, the City Plan Commission or the Zoning Board of Review (as applicable).

The applicant shall have thirty (30) days from its receipt of written notice (or copy of notice to the city assessor) to cure any outstanding violations or other matters which serve as a valid basis (in accordance with this subsection (b) for the building official not approving the subject application. Failure by the applicant to effectuate such cure(s) within said thirty (30) day period shall result in the city assessor removing the subject application from the assessor's list as an incomplete application. Nothing shall prohibit the subject property owner from re-applying for tax consideration.

(d) The city collector shall review the city tax records to determine whether all taxes (together with interest and penalties) which are due and owed to the city with respect to the property to which the exemption may apply, and all other property in the city owned by the applicant, have been paid. If no deficiency exists, the city collector shall certify that fact to the city assessor within fifteen (15) days. If deficiencies do exist, within said fifteen (15) days, he or she shall forward a statement of the amounts due and the properties involved to the city assessor and the applicant. No exemption granted hereunder shall be effective unless and until any and all taxes together with interest and penalties remaining unpaid and due and owed to the city assessed on such property have been paid in full to the city.

The applicant shall have thirty (30) days from its receipt of written notice (of copy of notice to the city assessor) of a deficiency or deficiencies to pay any and all amounts due to the city. Failure by the applicant to make such payment(s) within said thirty (30) day period shall result in the city assessor removing the subject application from the assessor's list as an incomplete application. Nothing shall prohibit the subject property owner from re-applying for tax consideration.

Should, during the duration of the tax consideration period, tax payments established by the terms of this agreement become delinquent, the city collector shall - if the property owner is eligible - to secure a tax payment plan with the property owner that will bring all taxes and interest current within twelve (12) months in duration. Should the property owner not agree to said payment plan or adhere to the schedule and requirements of the payment plan, the tax stabilization agreement will be suspended and the property will revert to full taxation for the period in which the taxes are delinquent.

(e) The director of the department of planning and development shall review the application to determine whether it satisfactorily addresses the requirements in Section 21-278. If no material deficiency exists, the director of the department of planning and development shall certify that fact to the city assessor within fifteen (15) days. If a material deficiency exists, the director of the department of planning and development, within said fifteen (15) days, shall forward a statement to the city assessor and the applicant specifying the nature and extent of the material deficiency.

The applicant shall have thirty (30) days from its receipt of written notice (or copy of notice to the city assessor) to cure any material deficiency noted by the director of the department of planning and development. Failure by the applicant to resolve such material deficiency within said thirty (30) day period shall result in the city assessor removing the subject application from the assessor's list as an incomplete application. Nothing shall prohibit the subject property owner from re-applying for tax consideration.

The director of the department of planning and development shall confirm that the applicant is not the recipient of other forms of financial assistance from the city.

NOTE: Steps (b), (c), (d), and (e) shall be performed concurrently

(f) Within fifteen (15) days following the receipt of the statements from the director of department of inspections and standards, city collector, and director of department of planning and development, the assessor will review the application and, if the foregoing requirements set forth in Section 21-277 (a-d) have been met (as evidenced by the required certifications and determinations of the assessor, director of department of inspections and standards, city collector, and director of department of planning and development, as more particularly set forth above).

(g) The city solicitor shall prepare a tax stabilization agreement with the applicant pursuant to, and upon the terms set forth in this ordinance. Within fifteen (15) days following the receipt of documentation from the assessor, the city solicitor shall submit the stabilization agreement and application, along with all documents, forms, and statements required in (a), (b), and (c) of this subsection, to the city council, for review as to form only. Review and official receipt by the city council shall be completed within thirty (30) days of city solicitor's transmittal to the city council, unless the city council finds a material deficiency in the application or associated documents.

(h) All tax stabilization agreements shall contain a provision providing that the receipt of the tax stabilization benefits shall be contingent upon the project receiving the necessary approvals from the Historic District Commission, the City Plan Commission, the Zoning Board of Review, or the I-195 Redevelopment Commission acting as any or all of these boards or commissions (as applicable). The director of the department of planning and development shall provide to the city solicitor confirmation of approval, and any and all benefits shall be withheld under such approvals are granted.

Resolution Establishing the Special Commission on Community-Police Relations.

*WHEREAS*, Events in recent months have focused national attention on fractures in trust between some police departments and the communities they are charged with protecting; and

*WHEREAS*, Forging and maintaining positive police-community relations is vital to the health and safety of Providence's residents; and

*WHEREAS*, The Interim Report of President Obama's Task Force on 21<sup>st</sup> Century Policing, released in March, explained that, "for the last two decades, policing has become more effective, better equipped, and better organized to tackle crime," yet, "the public's confidence in police work has remained flat, and among some populations of color, confidence has declined"; and

*WHEREAS*, Renewed national attention on public safety issues has led many police departments and policy leaders to review police training, tactics, and data collection in order to increase efficiency and foster positive relationships with the community; and

*WHEREAS*, The FBI's Uniform Crime Report annually compiles statistics on the number of police officers deliberately killed in the line of duty and the number of suspects killed in altercations with the police, however, local law enforcement agencies are not required to contribute data for those studies, leaving a gap in available information about violence against and involving police; and

**WHEREAS**, In an effort to restore public trust and improve law enforcement's effectiveness, some cities, including New Orleans and Baltimore, have enhanced their crime data collection and reporting efforts beyond what is required for FBI Uniform Crime Reporting; and

**WHEREAS**, in 2015, the State of Rhode Island enacted the Comprehensive Community-Police Relationship Act, which requires local police departments to track certain information about motor vehicle stops and other police-community interactions, and provide the results to the State in publicly available reports; and

**WHEREAS**, As the elected representatives of the people of Providence, the City Council has an obligation to protect public safety and quality of life in our community by ensuring the City's law enforcement officials are employing the most effective practices possible, as well as collecting and reporting the data needed to properly evaluate those practices; and

**NOW, THEREFORE, BE IT RESOLVED**, That the City Council of the City of Providence does hereby establish a Special Commission on Community-Police Relations, the purpose of which shall be to review Providence Police Department training, tactics, and data collection, and make recommendations for improving community-police relations.

**BE IT FURTHER RESOLVED**, That the Special Commission on Community-Police Relations shall consist of one (1) representative appointed by the Mayor; one (1) representative appointed by the City Council President; three (3) members of the public appointed by the City Council, one (1) being a youth from the community, one (1) being an employee of a social service agency and someone who works Family Court, Commissioner of Public Safety; and the Chief of Police.

**BE IT FURTHER RESOLVED**, That, as part of its review, the Special Commission on Community-Police Relations will hold no fewer than three (3) public meetings and, within 180 days, shall present the City Council with a report detailing its findings and recommendations.

**COUNCILMAN JACKSON Moves to Amend the Resolution, by adding three (3) members of the public appointed by the City Council, one (1) being a youth from the community, one (1) being an employee of a social service agency and (1) being someone who works in Family Court, Seconded by COUNCILMAN CORREIA.**

## PERSONAL EXPRESSION

**COUNCILMAN NARDUCCI Requests the privilege of the floor to speak on a Point of Personal Expression and states:**

**“Going back to item nineteen, I think we need to make up our minds. We are either going not allow people from out of our city on these boards or we are going to allow it. We can’t pick and choose. Back two or three months ago, I thought we were all on the same page. We sat in the Finance meeting and then it came before the City Council that we had a gentleman, I think it was zoning for electrical inspectors. I forget exactly what it was, but we said no because he doesn’t live in Providence. Tonight, you have another gentleman that lives in Barrington, but yet my colleagues are supporting him from Barrington. Again, I think we need to make up our minds. Either we are going to do it or we’re going to do it. We can’t pick and choose and say okay today we’re not going to do it, but yet tomorrow we’re going to do it. So, I’m kind of disappointed in my colleagues right now sponsoring somebody from out of Providence for a commission that again I thought we agreed not to long ago that we would not do this. Councilman Jackson made a good point and I think we’re going to see more of it. What I am getting from the administration is they’re looking to remove City Council people period from all these boards including Providence Housing because I got told that’s why certain people were re-appointed to the Providence Housing Authority Board, because they’re looking to do away with Council people on these boards. I think we have to stand up to the administration and say no you know what; we have to have representation and we should have representation on every commission and every board whether it’s one member or two members. So, I think this is something we have to work together on with the leadership to say okay we’re going to do it or we’re not doing it. I hate to see picking and choosing and I think we made a big mistake tonight on number nineteen. Thank you, Mr. President.”**

Resolution Concerning the Engagement of a Consultant to study Fire Department Staffing.

**WHEREAS**, The administration has identified the cost of fire protection as a major cost driver in the City’s finances; and

**WHEREAS**, The shift reorganization undertaken by the administration has generated litigation without immediate cost savings; and

**WHEREAS**, A thorough review of the Fire Department’s hiring and staffing procedures may generate new ideas for cost savings without a reduction in essential service; and

**WHEREAS**, The City Council leadership undertook a search for a suitable consultant through a bidding process managed by the Board of Contract and Supply as provided in Section 21-27 of the City’s Ordinances; and

**WHEREAS**, The MMA Consulting Group was identified as the successful responsive bidder.

**NOW, THEREFORE, BE IT RESOLVED**, That the City Council hereby approves and ratifies the engagement of the MMA Consulting Group to prepare a report and consulting services regarding the cost of fire protection in Providence, staffing and hiring practices within the Fire Department and opportunities for greater efficiencies in the provision of essential fire protection for Providence residents that will reduce costs and either enhance fire protection in Providence or retain necessary and appropriate levels of fire protection for all Providence residents.

**PERSONAL EXPRESSION**

**COUNCILMAN JACKSON Requests the privilege of the floor to speak on a Point of Personal Expression and states:**

"Again, I concur with my colleagues who got up and spoke in regards to the redevelopment of PEDP. I believe we should have council representation on every board and commission as my colleague spoke of. On the Housing Authority, on the Water Supply Board, on the Board of Parks Commissioners, and it should not just be arbitrarily taken from us that we don't have those positions on those boards. So, I just raise my disapproval with what's taken place and one of our former colleagues Councilman Lombardi, who is now in the State House and a Judge for us always said that we are a legal branch of government and I feel in this era, we're not only a legal branch of government we need to start acting as we are like a legal branch of government. One of the ways to look at this moving forward is, if they are so independent of our guidance on those boards and commissions then we will get the Community Development Block Grant money that helps support them. All their employees are no longer employees of the city, but they are employees of those private entities and I would encourage my colleagues that when it comes to that point that we stay strong and we act as a legal branch of government. If they're not going to treat us like one, then we need to demand it and do it ourselves. Thank you."
