Dear Sirs:

We have received your request for report on the erection of an awning for Jimmy's of Washington, located at 70 Washington Street.

Please be advised that retractable awnings do not come under the jurisdiction of the Providence Building Code, except for the requirement that all projections be at least 8 feet above the sidewalk and be no closer than 2 feet to the curbing.

I would also recommend that the awning material be fire retardant.

Very truly yours,

Merlin A. DeConti, Jr.
Acting Director
