SUBJECT: Referral No. 952 - ZONING CHANGE OF LOTS BOUNDED BY SILVER
SPRING STREET, NORTHUP AVENUE AND EDWARD
STREET

Gentlemen:

The subject referral received consideration by the City Plan Commission at a meeting held on Tuesday, December 10, 1957.

This referral is a request for a change of zoning from an R-3 Zone to an M-1 Zone of lots bounded by Silver Spring Street, Northup Avenue and Edward Street. The area in question contains 63,492 square feet of land area.

On the field trip it was found that the area in question is occupied by vacant land and one- and two-family dwellings.

As there is more than ample M-1 Zoning in this area no additional industrial zoning is warranted. Since the proposed change would further blight a potential residential area,

The Commission

VOTED: To recommend that this petition be denied.

WE, the undersigned, property owners and citizens in the vicinity of Silber Spring Street, Northup Avenue and Edward Street in Providence, Rhode Island, do hereby strongly object and protest to the petition of JENNIE MEO, et al by their attorney, Anthony J. DeLisi to the changing from R-3 general residential zone to a M-1 general industrial zone, of Lots 147, 148, 149, 150, 151, 152, 153, 154, 407, 155, 156, 158, 161, 162, 163, 164, 165, 166, 167 and 168 as set out and delineated on City Assessor's Plat 72.

We, the undersigned, have lived in the area for many, many years and have always endeavored to keep our property in excellent condition. We feel that a change of zoning from residential R-3 to M-1 will greatly depreciate the value of our properties. We further object to the said change of zoning in that the presence of industry in and around our properties will create a dangerous and unhealthy climate for the rearing of our children. The establishment of an industrial zone in the area will greatly increase the traffic hazards and make traffic more congested than it is at the present time. We feel that there is no hardship on the part of the petitioners in that proper care and maintenance of their properties would have voided the necessity of such a petition. We do not feel that they should be rewarded by their negligence and lack of maintenance of their properties by having the petition granted. Therefore it should be denied.

I, Edward A. Capomacchio, having been duly sworn on oath make affidavit and say that I am the attorney of record for Charles L. Mathewson, Peter J. Rougas, Mary P. Rougas and Ethel H. Rogers in a petition on file to the City Council of the City of Providence wherein a change was sought from an R-4 multiple dwelling zone to a C-4 heavy commercial zone. I further dispose and say that in said petition through accident and mistake an error was made and instead of listing the lots as lots 172, 173, 174 and 207 on city assessor's Plat 23 lot number 173 was not listed in said petition. I make further affidavit and say that the omission of lot 173 was a clerical error and that the petition should have read lots 172, 173, 174 and 207 as set out and delineated on city assessor's Plat 23; said lots being located at 255 Lockwood Street, corner of Lockwood and Friendship Streets, and 354 Friendship Street.

SUBJECT: Referral No. 947 - ZONING CHANGE AT FRIENDSHIP AND LOCKWOOD
STREETS

Gentlemen:

The subject referral received consideration by the City Plan Commission at a meeting held on Tuesday, November 12, 1957.

This referral is a request for a change of zoning from an R-4 Zone to a C-4 Zone Lots 172, 173, 174 and 207 on Assessor's Plat 23 located at Friendship and Lockwood Streets and containing 14,149 square feet of land area.

Reference is made to Referral No. 922, dated September 11, 1957, at which time the petitioner requested the same change with an additional lot to be included in the petition. The City Plan Commission denied the petition at that time.

On the field trip it was found that the area in question is occupied by a drugstore, a two-family dwelling, a vacant lot being used as a parking lot and an apartment house.

The granting of this petition would create a heavy commercial use in a residential zone creating a new case of spot zoning which would adversely affect the adjoining and surrounding properties. Furthermore, this change would tend to create traffic congestion at this intersection. Therefore,

The Commission

VOTED: To recommend that this petition be denied.
