MEMORANDUM

DATE: January 5, 1983

TO: Frank Tibaldi - Acting Traffic Engineer

SUBJECT: THAYER STREET - ONE-WAY

CONSIDERED BY: Committee on Public Works

DISPOSITION:

Attached is a copy of the subject matter, for your study and report back to the said Committee.

Michael R. Clement

FIRST DEPUTY City Clerk

FRANK A. TIBALDI
TRAFFIC ENGINEER

VINCENT A. CIANCI, JR.
MAYOR

TRAFFIC ENGINEERING DEPARTMENT
60 ERNEST ST.   PROVIDENCE, R. I. 02905   781 - 4044

February 2, 1983

Committee on Public Works
City Hall
Providence, Rhode Island 02903

Gentlemen:

The Traffic Engineering Department has received the following resolutions from your Committee and has taken the subsequent action:

Request: That Thayer Street be established as a one-way
            street in a northerly direction from Transit
            Street to Arnold Street.

Disposition: Denied. Due to the low traffic volumes in
            this area of Thayer Street, we see no need
            to establish this street as a one way street.

Request: To establish a 4-way STOP control at the inter-
            section of Daniel Avenue and Harlam Street.

Disposition: Denied. This intersection does not meet the
            warrants required for a four-way STOP control.

Request: To establish East Orchard Avenue between Butler
            Avenue and Patterson Street as a one way street
            during certain shcool hours on school days.

Disposition. No objection, although I feel that it would be
            difficult to implement such a regulation.

Request: That Westcott Avenue in a southerly direction and
            Herschel Street in a northerly direction be
            established as one way streets.

Disposition: Denied. No warrants are meet for the
            establishment of a one way traffic pattern
            in this area.

Request: That the Traffic Engineer is requested to reverse
           the direction of the one way pattern along Ralph
           Street and Rye Street between Dorchester Avenue
           and Plainfield Street.

Disposition: Please submit to this office further information
               as to why this request is being made.

Request: To establish a 4-way STOP control at the intersection
           of Ivy Street and Dana Street.

Disposition: Denied.   This intersection does not meet the
               warrants required for a four way STOP control.

Very truly yours,

Frank A. Tibaldi
Traffic Engineer

FAT/it
