RHODE ISLAND STATE BUSINESS DIRECTORY

FOR THE YEAR COMMENCING MAY 1

1929

VOLUME LXXXIX

Containing

Alphabetical Section (Page 437) Gives names, occupations and addresses of all men twenty years old or over, women who carry on business, widows, and all business houses. Dates of deaths during the previous year are given, and where possible, the addresses of people who have moved to other cities. The names of partners in firms are given in this department, with much other information that cannot be found elsewhere.

Business Directory (Page 1403) All business houses, individuals in business for themselves, and professional men are listed without charge under the heading that best describes them. The more progressive houses, realizing that it pays to be easily found, pay a nominal charge for special listings in heavy type, under every heading where a buyer might look for them, cross-indexed to a descriptive space in the "reference section."

Advertising Department (Page 101) Where more information than is possible to give under the headings is placed on file for buyer's and seller's reference the value of this department cannot be estimated. It is an index of the best business interests of the city, and stands for them and the city in reference libraries all over the country, as well as on the desks of progressive business men. It is accessible to everybody, and the logical place to look for specific information. This probably explains why no other form of publicity is so generally endorsed by business men, as a glance at this department will show.

Map (Opposite) The clearest map ever made of the city, on a scale large enough to see, and small enough to be handled easily.

Street Directory (Page 65) A complete list of Streets, giving numbers at intersections, and enabling one to tell at once between what streets a given number lies, and the quickest way to get there.

An alphabetical list of Halls, Blocks and Buildings from which street and number may be found for addresses which only give name of a certain building.

Miscellaneous Information (Page 13) Organization of City Departments, giving officers—Cemeteries—Post Office branches—Parcel Post zones and rates—Churches and ministers—Societies, Institutions, etc., with officers—State officers and departments—U. S. officers and departments—Courts—Population tables—Calendar, etc.

City Statistics: Total street mileage 414.58, with 275.80 miles paved. Miles of gas mains laid 353, of sewers 328.58, electric street railway 97.765. Capacity of water works (state, municipal or private) 37,000,000,000 gallons, daily average pump of 23,000,000 gallons, with value of plant estimated at $475,269. Fire department employs eighty-nine officers, 369 men with following equipment: sixty-eight pieces in twenty-nine station houses. Police department has seventy-one offices, 443 patrolmen with eight stations and thirty-one pieces of motor equipment including twelve motorcycles.

Providence was founded in 1636 by Roger Williams. Incorporated in 1832. The oldest bank in America and the first Baptist meeting house in the country are located in the city. Brown University, founded in 1764, and many institutions of the early eighteen hundreds are within the city limits. The first directory of names and addresses of persons located in the city was published in 1824.

Providence is the second city of New England in point of population, a fact of special significance, inasmuch as the figures of the United States Census Bureau credit the city with 280,000 inhabitants, yet its area is only nineteen square miles. This City is the trading centre for an immediately adjoining population of fully five hundred thousand people; furthermore, if we include an extended area, the population of which turns to Providence more than to any other city, that trading population is increased to seven hundred and fifty thousand. Recent statistical estimates prepared for the Census Bureau with a view to establishing boundaries for Metropolitan Providence place it seventh in area among cities of the United States.

Many factors contribute in making Providence a great city in respect, not only to population, but to industrial activity. Situated as it is on Narragansett Bay with its deep channel and other superior water facilities, the city is in a position to call to its service transportation by water as well as by rail. The activities of the Port of Providence increase year by year and they will expand at a tremendous rate when there shall be established in the city elevators which can supply grain cargo to fill the bottoms of ocean steamers.

Providence is more than usually well provided with excellent public utility facilities. Its Gas Company is known as the most efficient in the industry in New England. Its highly efficient electric service has grown to very large proportions. The street railway system, now embodied in the Narragansett Electric Company, furnishes service not only within the city, but to many outlying points. Its telephone service is the equal of the best in the New England Telephone and Telegraph system, of which it is a part.

The densely populated industrial district of Providence, with its tremendous population to be fed and clothed, is known in all parts of the United States as a distributing point of great importance. Because of the excellent educational opportunities offered, there is a large student population attending Brown University, The Women's College in Brown University, Providence College and various smaller private schools.

Providence is particularly fortunate in having a diversity of manufactures. It is not dependent on any one industry. The great industries which have distinguished the city for many years include textiles, silver, jewelry, silverware, iron and steel. It has, for instance: the largest machine shop in the world; the largest finger ring manufacturer in the country; the largest file manufacturers in the world; the largest silverware manufacturers in the United States; the largest screw manufacturer in the world; one of the leading newspapers of the country, the Providence Journal. Back of these industries and supporting them is a great variety of products, large and small, that have a national reputation. Few cities in the United States send out daily so many small packages of so great a variety of manufactured articles as does Providence.

The city government has been carefully administered, hence Providence has one of the lowest municipal tax rates in the country, a low bonded indebtedness and numerous other advantages. Among the most important of these is the wonderful water supply, now impounded in an area some seven miles from the city, and as large as the city itself, which ensures pure water for human consumption and a plentiful supply for fire emergencies.

Providence retail trade is prosperous, as it should be, in the centre of so great a population. Likewise the wholesale trade, which reaches out over an area extending into Connecticut, Massachusetts and other New England states.

Few cities have been more active in providing adequate facilities for the care of the sick and needy; its hospitals are equal to all demands. The municipality has been active in providing for its citizens those agencies, such as parks and playgrounds, that contribute to the promotion of life and health. The parks form the centre for annual events which attract hundreds of thousands of people for enjoyment and cultural development. Best known among these events is the Annual Festival of the Providence Festival Chorus in Roger Williams Park.

Providence is an attractive city in which to do business and to live in comfort and security. This is evidenced by its continued increase of population over that which follows a steady birth-rate, due to the coming from all parts of the country of investors of both capital and labor. Newcomers are accommodated in Providence as in few other cities with publicly conducted enterprises which ensure good health, excellent educational opportunities, good living conditions and satisfactory returns.

For those who are interested in obtaining general information or detailed particulars regarding the municipality and business opportunities it is recommended they write to The Providence Chamber of Commerce.

MAILING LISTS

To get maximum results from any mail campaign you should use extreme care in getting your list of prospects.

Often we find it advisable to address from our own Master Lists instead of having a client go to the expense of buying the names.

No matter what your list requirements may be, it can do no harm to talk with us about them.

Remember we furnish both national and local lists.

We offer a complete service including—Lists—Use of Lists—Addressing—Mailing—Copy Work—and Letters which are exactly like Typewritten Copies.

The Home of Good Directories

COMPILING DEPARTMENT

The City Directory has become a universal necessity in looking up new prospects, in purchasing supplies, and in marketing products. Our experience of over eighty years—our reputation for accuracy, our large force of experienced help and our complete equipment for the work, all guarantee the best in directory compilation.

ADVERTISING DEPARTMENT

Put—"*We are listed in the Directory*" in all your advertising copy. Addresses are often forgotten or mislaid, though the name is remembered. The firm that is properly registered in all branches of its industry is wise. Don't forget that directory advertising supplements and rounds out all your other advertising by giving the most explicit directions how to find you.

DIRECT MAIL DIVISION

Addressing the right people in the search for new business means a saving of Time, Postage, Labor, Guess Work, Stationery; and results in more profits to you. You want your mailing lists accurate—That's the kind we make. We will also multigraph, address, stamp and mail your letters. All you need to do is to tell us your general plan. We will work out the details Ask us to tell you about this branch of our business.

PROVIDENCE STREET DIRECTORY

COPYRIGHT, 1929, SAMPSON & MURDOCK CO., Providence, R. I.

Giving the location of each street, and showing what other streets and places run from it or across it, with the number at which they intersect. From this list, the location of any number on a street can be easily ascertained: for instance, wishing to know at what part of Westminster Street No. 1129 comes, you look at Westminster Street, and find that Knight Street runs from 1089 and Bridgham Street from 1191, showing that 1129 Westminster Street would come about half-way between Knight and Bridgham Street.

YOU LIKE to Patronize those Concerns Who are in Business to Stay.

It's human to expect that such business establishments always stand back of the wares they sell.

The advertising in this Directory is suggestive of the stability and permanency of the advertisers.

Frauds, fakes, get-rich-quicks and other schemers have little use for directory advertising. It lives too long.

The modern city directory is a business institution. It occupies a place peculiarly its own. It is as necessary to the progress and development of a city generally as anything naturally would be which deals with such a fundamental as the citizens themselves.

IF YOU ARE NOT ADVERTISING YOUR BUSINESS IN THE DIRECTORY, MAY WE EXPLAIN HOW AND WHY IT WILL PAY YOU?

You may be remembered a hundred years from now

It seems a long time in this era of change but it is a fact that the influence of our forefathers is often carried on for generations.

Especially in business and financial affairs is the record of the past liable to be of vast importance to the present.

The silent testimony of old directories is often accepted by courts as valuable evidence and too much care cannot be taken by business men to insure that all such records are accurate and complete.

Unlike most other mediums for advertising, the Directory is kept on file in many law and public libraries for years after its immediate usefulness as an address book has disappeared and it becomes a permanent record of the firms and individuals listed therein.

A very small sum insures adequate representation from year to year and such record may prove of great service at some future date.

TOWN CRIERS OF

RHODE ISLAND INCORPORATED

The Town Crier Idea

We believe in the square deal.

We believe in our city, our state and our nation; in the sovereignty of each individial and the effectiveness of cooperation.

We believe in giving every man his chance.

We believe in looking up and out—not down and in.

We believe in the welcome hand, the alert ear and the open mind.

We believe in living in the future, not the past.

We believe in strenuous work, intensive study, wholesome play.

We believe in boosting when we can; keeping quiet when we can't.

We believe in the cultivation of fellowship; in doing business in a fair, human, business-like way that will permit and encourage those with whom we deal to make us their friends.

We believe in the power of the Truth, the whole Truth and nothing but the Truth.

We believe modern Advertising to be the economic twin of Sales.

We believe in Salesmanship as the final link in the chain which binds Supply and Demand.

We believe in Vision yoked in harness with the Practical.

We look to the "Things That Are" as a basis—a justification—on which we may build the visioned structure of "Things That May Be."

The Sign Over Your Door

Is a good thing, isn't it? You would not think of doing business without it.

But it is only seen by those who pass your way

If you could put a sign where everyone could see it would it interest you?

The City Directory

Is where people look for you when they want to do business. You should make it easy for them to find you, by putting such information as a buyer wants, in the Directory properly indexed under all headings where he might look for you.

How to Make This Book Serve You!

The City Directory may be used to great advantage in supplementing and rounding out your newspaper publicity. Put—"We are listed in the directory" in your copy. Tie up all your advertising to the directory with the above phrase. Then see to it that you are properly represented under all the business listings applicable to your business. The phrase will stick long after the newspaper has been mislaid and people will get in the habit of looking for your name when ready to purchase goods which you carry. Thus will the interest aroused by your newspaper display be extended and preserved for your future benefit.

LETTERS

For many years we have experimented with various methods of producing letters which really look like typewritten copies.

To get your letters before a busy executive they must look exactly like one of his regular business messages.

The Kier Individualizing Press is a new invention and with it we are furnishing letters which are exactly like those written individually upon a typewriter.

Let us call and show you not only samples but proofs of what our letters are doing for others.

We offer a complete service including—Lists—Use of Lists—Addressing—Mailing—Copy Work.

POWER OF ADVERTISING

The City Directory is the power that generates information for the buyer that he may know who deals in the product he wishes to purchase. If your business is not classified properly, and a display advertisement arranged to describe your business, how can you expect the buyer to trade with you.

ADVERTISING is the foundation upon which successful businesses are built. You must apply this to your own particular business.

ADVERTISING is the power of an idea multiplied.

Look for the Name
Dunham

This nameplate identifies a genuine DUNHAM Radiator Trap

For more than a quarter century the qualities of efficient economical heating and long life have dominated Dunham appliances.

Dunham **Thermostatic Radiator Traps.** These traps placed at the outlet of the radiator insure free exit of air and water but retain steam—conserving heat and saving fuel.

Dunham **Packless Radiator Valves.** These valves are LEAK PROOF, durable, neat and easy turning.

Dunham **Vacuum Pumps.** These pumps, because of correct design and careful workmanship, are extremely economical and noiseless in operation. And for the same reason they give long time service with remarkable freedom from repairs.

The Dunham Differential Vacuum Heating System

This system, declared by leading engineers in the United States and Canada, to be the outstanding advance of a decade in the science of heating, furnishes varying temperatures of steam, that is to say "luke warm" steam to the radiators on mild days and "hot" steam on cold days. Unhealthful and discomforting overheating is eliminated because at all times the heat input to the radiator balances the heat loss from the building. The Differential System cuts fuel costs from 20 to 40 per cent.

U. S. Patent No. 1644114. Additional patents in the United States, Canada and Foreign Countries now pending

PROVIDENCE REAL ESTATE EXCHANGE

Organized 1908

905 New Industrial Trust Building
Providence, Rhode Island

The Term "REALTOR" has a very definite significance. Its use is RESTRICTED to real estate brokers who are pledged to observance of high professional standards.

A REALTOR in this city, is a member of the Providence Real Estate Exchange, which is in turn a member group in the National Association of Real Estate Boards.

Membership in the Exchange means more than a stake in the real estate business. It means professional knowledge, experience and reputation worthy of recognition; it means a broader scope in information and opportunity; but most of all—

It means public subscription to the Realtor code of ethics. It is your assurance of a square deal.

Too Late For This Issue?

Then arrange NOW to have your name properly listed and your business classified and cross indexed in the next edition of the PROVIDENCE DIRECTORY.

The City Directory has become a universal necessity in looking up new prospects, in purchasing supplies, and in marketing products. Don't forget that directory advertising supplements and rounds out all your other advertising by giving the most explicit directions how to find you.

Put "We are listed in the directory" in all your advertising copy. Addresses are often forgotten or mislaid, though the name is remembered. The firm that is properly listed under all headings in the directory that describe it's product, is wise

Is a good thing, isn't it? You would not think of doing business without it.

But it is only seen by those who pass your way.

If you could put a sign where everyone could see it, would it interest you?

THE CITY DIRECTORY

Is where people look for you when they want to do business. You should make it easy for them to find you, by putting such information as a buyer wants, in the Directory properly indexed under all headings where he might look for you.
