Providence, R. I., August 17, 1966

TO: Mr. Frank H. Malley, Director of City Plan Commission

SUBJECT: Attached copies of Zoning Ordinance and Petition.

CONSIDERED BY: Committee on Ordinances.

DISPOSITION: To refer attached Ordinance and Petition for study and report back to this committee, viz:

An Ordinance changing a certain tract of land from an R-4 Multiple Dwelling Zone to an R-2 Two-Family Zone; and

Petition of Lakeland Realty Co., Inc. that the zoning classification of Lots 123, 124, 125, 126, 127, 128 and 129 on Assessor's Plat 53 be changed from R-3 to C-4.

SUBJECT: Referral No. 1568 - ZONING CHANGE ON COLFAX STREET

Gentlemen:

The subject referral received consideration by the City Plan Commission at a meeting held on Thursday, September 22, 1966.

This referral is a request for a change in zone of seven lots fronting on Colfax Street from R-3 General Residence to C-4 Heavy Commercial.

The lots in question abut the property which was formerly the Broad Street car barn of the UER, and has since been converted to a shopping center featuring such general commercial uses as a super market and a five and dime store.

It should be observed that across Colfax Street, a relatively narrow street, is an unbroken residential frontage of older homes in fair to good condition.

In these circumstances it is the opinion that the proposed change to C-4 is unwarranted and undesirable for the following reasons:

- (1) C-4 is a heavy commercial zone entirely out of character with the lighter C-2 uses which occupy the abutting commercial zone.
- (2) As cited above, Colfax is a narrow street upon which it is impractical to impose C-4 zoning which is the commercial zone closest akin to M-1 and features among its uses a larger number of drive-in types of establishments which maximize automobile traffic.
- (3) The owners and occupants of housing directly across this narrow street deserve some measure of zoning protection. C-4 zoning introduced into this ineligible situation would depreciate this

September 23, 1966

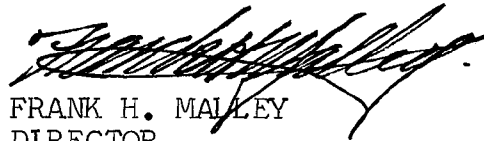

residential property both as to value and usefulness.

Therefore,

The Commission

VOTED: To recommend that this petition be denied as presented. If, however, the petitioner voluntarily, or the Council as a matter of right, reduces the proposed change to C-2 General Commercial, extending same from the Broad Street frontage in keeping with present commercial development, and thereby potentially less damaging to nearby residences, no objection is offered to a change to C-2.

Yours very truly,

Gentlemen:

The subject referral received consideration by the City Plan Commission at a meeting held on Thursday, July 28, 1966.

This referral, is a request to change Vaughn Lumber Co. from a C-2 general commercial zone to an M-1 general industrial zone.

On an inspection and photographic survey (from referral No. 520) it was found that the area is presently occupied by L. Vaughn Co., a lumber company which also manufactures mill work. Surrounding the area is a mixture of commercial and residential structures.

The Commission

DISPOSITION: The Committee on Ordinances considered your report on the above subject (Referral No. 1563) wherein the Commission voted to offer no objection to the granting of the subject request for change in zoning.

SUBJECT: Referral No. 1572 - ZONING CHANGE AT 1133 AND 1147 WESTMINSTER STREET, LOT 451 AND A PORTION OF LOT 452 ON ASSESSOR'S PLAT 32

Gentlemen:

The subject referral received consideration by the City Plan Commission at a meeting held on Thursday, September 22, 1966.

This referral asks in connection with Referral No. 1563 whether the Commission took into consideration the fact that Lot 451 and a part of Lot 452 on Assessor's Plat 32, for which the Commission offered no objection for a change from a C-2 to M-1 on July 28, 1966, lies in a proposed renewal area and is opposite (across Westminster Street) from the Central-Classical Redevelopment Project.

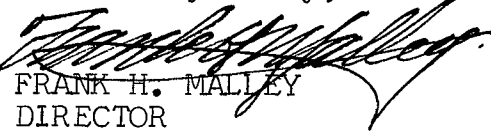

The Commission gave due consideration to the factors cited above, but concluded the logical re-use of this area would be for industrial purposes and that Westminster Street would be an adequate buffer for same.

Again, knowing that this area lies in a proposed renewal area, and again being aware that it is opposite from the Central-Classical Redevelopment Project,

The Commission

VOTED: To affirm the recommendation voted on on July 28, 1966.
