Providence, RI

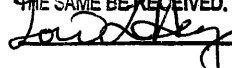

Re: JHB Resignation

Dear Kyle Delgado, Members of the Juvenile hearing board and Providence City Council,
It is with sadness that I inform you of my resignation from the Providence Juvenile Hearing Board. I no longer live in the City of Providence thus disqualifying me from being able to remain as a member of the board. I am incredibly grateful to have been given an opportunity to serve with pride, the City of Providence and its residents. Thank you for all your hard work and continued commitment to the success of the JHB. I believe that this Board is truly making a difference and helping to change the trajectory of some of the youth who go before it, by implementing restorative justice practices and guidance. Everyone deserves a second chance and as youth who come from all types of trauma, backgrounds, homes etc., the work of the JHB is ever so critical to ensuring that our youth continue to receive a chance at redemption and successful futures.

Yours sincerely,
Sir. Christian J Delacruz
