# RESOLUTION OF THE CITY COUNCIL

No. 361

Approved May 23, 1955

Whereas, it has come to the attention of certain members of the City Council that certain business establishments and factories using no water in their processing are required to expend an average of Fifteen Hundred to Eighteen Hundred Dollars to comply with regulations of the Water Supply Board concerning the metering of pipe lines supplying sprinkler systems which is considered impractical, unfair and inimical to good business management

NOW, THEREFORE, be it resolved that this City Council request the Water Supply Board to reconsider its rules and regulations to eliminate this provision.
