Gentlemen:

As owner of the Equitable Building on the corner of Custom House Street and Weybosset Street in Providence, I would like to request that the address of the office building be changed from 54 Custom House Street to number One Custom House Street.

Number One Custom House Street was the original address of the building when it was constructed some hundred years ago. The marble directories on either side of the front entrance have clearly engraved in them number One Custom House Street. This change would be in keeping with any other alterations in the building designed to preserve as much of the original character of the building both inside and out.

Many thanks.

Cordially yours,
