From this list, the location of any number on a street can be easily ascertained; as, for instance, wishing to know at what part of Westminster Street No. 1139 comes, you look at Westminster Street, and find that Knight Street runs from 1069, and Bridgham Street from 1191, showing that 1139 Westminster Street would come about half-way between Knight and Bridgham Streets

BUYERS' GUIDE

CITY DIRECTORY

CONSULT IT BEFORE BUYING

Leading Houses in Every Line

Looking at the list of all those who sell—the modern way of buying goods.

The man who buys without looking at the list of those who sell does himself a gross injustice.

Using the classified directory of the whole City is like going to the market place; it brings to view each and every individual in any and all lines of trade and here the intelligent buyer may select the best of everything at the lowest price.

The habit of using the classified directory will save large sums of money and will always secure the best in any line. It is the modern, up-to-date method of getting what you want.

To the advertiser the City Directory is the most economical and effective method of saying what he has to say to the entire population.
