THE SAMPSON & MURDOCK CO.
DIRECTORIES

SEVENTY-FIVE years ago the firm now known as the Sampson & Murdock Co. came into being. Though the name and personnel of the Corporation has changed somewhat during the years, it has held steadily to the main purpose for which the firm was originally founded, that of compiling the best directories possible and supplying them at the lowest rate to their customers.

A Key to New England Business

A register of all Business Manufacturing Financial and Professional Interests

Among the most popular of the many directories published by this firm is the New England Business Directory and Gazetteer. Since 1856 this book has appeared bi-ennially and it is ever making new friends while holding the old. The last three editions have been completely sold out, months before the next issue. Briefly, this is a book which gives logically arranged information about all business, manufacturing, financial and professional interests in the six New England States. It is of immense value to the busy executive, sales manager, purchasing agent, or whoever he may be that wishes accurate and concise information regarding the products and business of these States. People who buy it regularly say that the detailed information in its nearly two thousand advertisements, carefully classified and cross indexed is no small part of its value. The book is illustrated with maps in colors and includes a complete Gazetteer of New England.

The Boston City Directory and directories of over thirty other cities and towns are also issued by this firm.

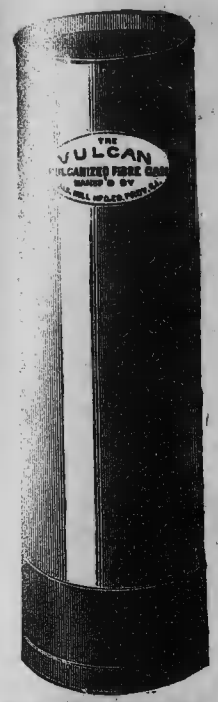
COTTON LOOM SIZE AND DUCK LOOM SIZE



Only pure oak bark tanned leather is used in this quality of picker, and it is treated by a secret process, giving a maximum of resiliency in the cushion or body where the shuttle strikes, which, it can be readily seen, represents the vital point of value in a loom picker.

The construction of this picker commends itself strongly. We should like to send all the samples you can use.

An Undying Record of Your Business

In a law suit involving many thousands of dollars the records of the Boston City Directories of 1870, 1871 and 1872 were accepted as reliable evidence. Such evidence is continually being quoted in important cases. How necessary that proper care should be used by responsible members of the firm that a record having such possibilities should be absolutely correct. It costs but a trifle to insert an advertisement giving all the details and on such a record may hinge in future the disposal of a fortune.

You Can Sell Anything—Anywhere Through Our Service

Uncle Sam's mailing system reaches to the ends of the earth. Anywhere the mails go our service may extend.

Provided you have an idea, article or service worth selling, we can furnish the means of presenting it to the proper parties. We will write you an attractive, PULLING letter, furnish you a list of the right kind of people to send it to, multigraph it, fill in names, address, stamp and mail it for you.

Afterwards if desired we will check up the returns and attend to the follow-up.

In short there is nothing about a "Direct by mail" Advertising Campaign that we are not able to handle and in the way you want it done.
