Att: Committee on Public  
Welfare

Gentlemen:

As the result of a Resolution to establish a crossing guard post at the intersection of Academy Avenue and Chalkstone Avenue, a survey was conducted. The result revealed that a small number of children used this intersection that is controlled by a traffic signal that can also be controlled by a push-button and the children also use this when crossing. Furthermore, if a post were established at this location there would be difficulty in covering it in the absence of the crossing guard.

I agree with the recommendation of the Police Department that a crossing guard post should not be established at this location.

Respectfully,

  
Commissioner of  
Public Safety

Att: Committee on Public Welfare

Gentlemen:

An investigation was made concerning the situation at Manton Avenue and Pope Street and it has been determined that a crossing guard post should be established at that location. To accomplish this, it will be necessary to increase the number of crossing guards from ninety-four to ninety-five; and it is recommended that such a change be made in the authorized strength of the Police Department.

Respectfully submitted,

Honorable Harry Goldstein  
Commissioner of Public Safety

Dear Sir:

The Providence Police Department is exactly 80 men under authorized strength. The existing limited manpower resources precludes the assignment of foot patrolmen to the Frank Gerbo Memorial Square.

The officers assigned to this area have been instructed to give this location special attention during their patrols in an effort to discourage groups of teenagers from congregating.

The K-9 Corps and the Task Force will participate in the effort to reduce vandalism.
