A PUBLIC SERVICE PUBLICATION

Few lines of Business have such a varied clientele as has the City Directory. It serves high and low, rich and poor, with equal impartiality and with profit to all.

It answers the questions What? and Who? which arise in daily Business and fills a position occupied by no other publication under the sun. It is often used from its issue until it falls to pieces and seldom will you find one entirely discarded while its leaves cling together. A publication which is used so universally and whose life is so long, must appeal to every shrewd business man as a most desirable advertising medium.

Information in the mass

seems like a dull proposition

but when we have a need

of some person or thing

nothing interests us more than getting information about that person or thing

---

This directory

looks like a big book to be walked around or fallen over or put out of the way, ***until*** you need some information it contains, and then it becomes the handiest thing around the place.

You can never tell when you are going to want to know something this book will tell you. When you do, you will probably be in a hurry. Why not spend a little time looking it over, so when the need arises you will know just where to look?

It may be you will find a lot of information you did not know was here before, that you would have spent a lot of time and trouble to find in other ways, and

you will increase your efficiency just that much

PROVIDENCE HOUSE AND STREET DIRECTORY

Copyright, 1939, R. L. Polk & Co., Boston, Mass.

Giving the location of Streets, Avenues, Parks and Places, and showing what other streets and places run from or across them.

A list of Householders and Business Places arranged in numerical order upon their respective streets, even numbers on left side with a few exceptions.

The streets are arranged in alphabetical order.

A HOME OWNERS AND TENANTS DIRECTORY—a valuable feature showing which houses are owned by the occupants. The symbol, ® following the name of a householder, indicates that the house is owned by the person listed or by some member of the family.

This information is as received by the canvasser. The publisher does not and cannot guarantee its correctness.

Business places are denoted by the street number printed in bold-face figures. When a person's place of business and residence are at the same place, it is indicated by the use both of bold-face figures for the street number and of the abbreviation h at the end of the line. Names preceded by light-faced figures and having no abbreviation after them are housekeepers.

* Shows building incorrectly numbered.

Information in the mass

seems like a dull proposition

but when we have a need

of some person or thing

nothing interests us more than getting information about that person or thing

---

This directory

looks like a big book to be walked around or fallen over or put out of the way, ***until*** you need some information it contains, and then it becomes the handiest thing around the place.

You can never tell when you are going to want to know something this book will tell you. When you do, you will probably be in a hurry. Why not spend a little time looking it over, so when the need arises you will know just where to look?

It may be you will find a lot of information you did not know was here before, that you would have spent a lot of time and trouble to find in other ways, and

you will increase your efficiency just that much

PROVIDENCE HOUSE AND STREET DIRECTORY

Copyright, 1939, R. L. Polk & Co., Boston, Mass.

Giving the location of Streets, Avenues, Parks and Places, and showing what other streets and places run from or across them.

A list of Householders and Business Places arranged in numerical order upon their respective streets, even numbers on left side with a few exceptions.

The streets are arranged in alphabetical order.

A HOME OWNERS AND TENANTS DIRECTORY—a valuable feature showing which houses are owned by the occupants. The symbol, ◎ following the name of a householder, indicates that the house is owned by the person listed or by some member of the family.

This information is as received by the canvasser. The publisher does not and cannot guarantee its correctness.

Business places are denoted by the street number printed in bold-face figures. When a person's place of business and residence are at the same place, it is indicated by the use both of bold-face figures for the street number and of the abbreviation h at the end of the line. Names preceded by light-faced figures and having no abbreviation after them are housekeepers.

* Shows building incorrectly numbered.
