Dear City or Town Clerk:

The first annual America/Rhode Island Recycles Day is November 15, 1997. A State resolution has been adopted in celebration and support of the day. The Rhode Island Recycles Day Steering Committee invites your city or town to adopt the enclosed resolution at your next town council meeting.

Our goal is that all Rhode Island municipalities will adopt the resolution to encourage citizens to buy recycled, recycle more or support a recycling event. The adopted resolutions will be displayed at a Recycled Products and Fashion Show at Rhode Island Mall on November 15 as well as at other Rhode Island Recycles Day events.

Please call me or Christina Clement at 277-3434 with any questions regarding the resolution or Rhode Island Recycles Day. We look forward to displaying a copy of your resolution in the spirit of Rhode Island Recycles Day.

Sincerely,

A handwritten signature in cursive script that reads "Terri Bisson".

Whereas, each year, Rhode Island residents generate more than 1000 pounds of solid waste per person per year. While the state has reached an overall recycling rate of 15%, much more can be done; and

Whereas, to focus Rhode Islander's attention on the importance of recycling, businesses, industries, state agencies, non-profit organizations, and individuals have joined together to celebrate Rhode Island Recycles Day in conjunction with America Recycles Day, and are encouraging their employees, staff, customers, membership and all citizens to pledge to start or enhance recycling programs and buy recycled products on November 15th;
and

Whereas, participating in Rhode Island Recycles Day is one way citizens can help raise awareness about the need to reduce waste by reusing, recycling and buying recycled products;
and,

Whereas, recycling saves (city/town) in disposal costs, creates jobs, and is recognized as an easy way for everyone to help protect the environment by avoiding unnecessary use of important resources;
and,

Whereas, community leaders need to spread the word about the established recycling programs, markets for recyclables, the importance of buying recycled products, the need to expand the collection of recyclable materials, and the benefits of investments in recycling by small and large businesses and organizations.

**NOW, THEREFORE, I, _____, (Adm. Official) OF (City/Town) DO
