Committee on Public Works  
City Hall  
Providence, Rhode Island

RE: Resolution No. 821  
Dated - 11/13/75

Gentlemen:

The Traffic Engineering Department has received the following resolution from your Committee and has taken the subsequent action:

Request: That the Traffic Engineer is requested to cause the installation of a pedestrian controlled motor vehicle signal light along Broadway, at its' intersection with Tobey Street.

Disposition: This department has made a survey in regard to your request. The survey indicates that neither the traffic nor pedestrian volumes on Tobey Street at Broadway warrant the installation of pedestrian actuated traffic signals at this time.

Very truly yours,

Frank A. Tibaldi  
Traffic Engineer
