S. A. NIGHTINGALE & COMPANY

Is a brokerage firm buying, selling, exchanging, renting, appraising, mortgaging, insuring and generally managing real estate for others. The business was established by the late Samuel A. Nightingale in 1858 and is now conducted by Edwin F. Cary, who was associated with Mr. Nightingale twenty years. The plats and other valuable information gathered in these almost fifty years are available to the firm's patrons. The firm has money of clients, and also solicit such, to loan on mortgage, without publication if desired. The insurance company particularly favored by them is the German American of New York, ranking fourth in strength amongst all the companies of the world . . . . . .

XFORD LAND COMPANY

(Incorporated) Edwin F. Cary, Agent and General Manager, buys, sells, exchanges and improves real estate for profit of its stockholders. It maintains a building organization and will construct dwellings or business blocks for those who are seeking first-class work, accomplished in a conscientious manner and are willing to concede a ten per cent profit over the wholesale cost of labor and materials. "The Essex," a four story brick structure on Burrill street, between Westminster and Weybosset, and the residence of Mr. Cary at 670 Angell Street, as also some thirty-five other structures about town, are samples of their undertakings in this line. It is the Oxford Land Company that is responsible for the remarkable development of the Elmgrove Avenue district; also for several other similar improvements . . . .

UNITED LAND COMPANY

(Incorporated) Edwin F. Cary, Treasurer and General Manager, is selling for cash or time, and exchanging for income property, its land well scattered over this City, State and other States. Five banks and numerous families and individuals are interested in this Company and its properties are being sold at whatever reasonable figures buyers will bid . . . . . .

HENRY H. JESSUP, Manager

I wish to call the attention of the public to an innovation in building material, which is rapidly coming to the front as a substitute for brick and stone, and which for architectural beauty and economical construction is far superior to either. I refer to what is known in the building trades as "Hollow Cement Blocks", the durability of which (as produced in these yards) is beyond the shadow of a doubt.

These blocks have been used extensively in the construction of a large number of notable edifices and office buildings, a few of which I make especial mention:

The Military Academy, at Staunton, Va. This building is four stories high and occupies a space of 168 x 140 feet and contains 152 rooms.

The Law Exchange, Jacksonville, Fla.

The "Weldon" Apartment House, Greenfield, Mass.; also a large number of Residences and other structures up to five stories high in and around Providence.

Several churches have been constructed, in various cities, with them and in order to illustrate their utility, as trimmings, the Home for the Aged, at Rochester, N. Y., may be cited. This building was constructed under the personal supervision of Bishop McQuaid.

Photographs of some of the above, and a large number of others, may be seen at the yards.

I may add, that this style of construction has the natural advantage of being cooler in summer and warmer in winter. Its lasting qualities and durability cannot be computed. No painting, pointing, or other repairs are necessary. Its insurance rates are very low, as it is practically fireproof. It can also be laid in winter, same as summer, as frost does not affect it.

Call and inspect this material. Will furnish sample block on request.

Trusting that you will favor me with a share of your patronage, I remain,

Yours respectfully, HENRY H. JESSUP, Manager.

You may as well ask, Why should a man save money? People should own their own homes because it promotes the health and happiness of the family. It is a bond that keeps the family in perfect harmony, it makes them independent, and is a source of comfort and joy in their old age. It costs them practically no more than paying rent, and it gives them freedom not to be acquired in a rented tenement. For the amount of rent money you pay you can own an ideal home easier here than elsewhere. Yours when you grow old: yours when you appreciate a home and need one the most. Make your start now and enjoy an easy old age. City or Suburban—take your choice. Let me give you figures and show property now
