COUNCILWOMAN FARGNOLI:

Resolution extending the sincere congratulations of the Members of the City Council to Camille Roberti upon her retirement.

Whereas, Camille (Carcieri) Roberti, graduated from Rhode Island College in 1965 and received a Master of Education from Rhode Island College in June of 1970, and

Whereas, In the Summer of 1965, Camille married Robert Roberti, and in years following, she gave birth to two beautiful daughters; Renee and Christine. In 1970, Camille worked in the Providence school system as a teacher of English as a Second Language at Kenyon Street School, now known as Carl Lauro School. In 1972, she was named a probationary teacher at Kenyon Center Trainable Program working with special needs students, and

Whereas, After working as a Special Education teacher at several sites, including Kenyon Center, Pleasant View School and Birch Vocational, Camille's expertise, care and understanding for special needs students was not only admired, but sought out by many as a most valued and desired example of true commitment and dedication to our students most in need, and

Whereas, In September of 1990, as her career continued, Camille opted to move from a teacher serving students in a one hundred eighty day school year to become a two hundred thirty day special needs teacher.

Whereas, For over twenty-five years, our special needs students in the City of Providence were truly blessed to have Camille Roberti as their teacher, mentor and role model. It has been said that "The fruit of a tree shows the care that it has had," and the students Camille has taught and nurtured have truly been the benefactors of her love and attention, and

Whereas, Upon her retirement from Birch Vocational in August of 1995, not only her students, but both family members and extended faculty will surely miss Camille and her unique sense of commitment and dedication to education and enhancing the lives of our special needs students, and

Now, therefore, be it Resolved, That the Members of the Providence City Council and the Citizens of the City of Providence wish Camille Roberti and her family well in her retirement and thank her for her fulfillment to her vocation and our young people.

COUNCILWOMAN FARGNOLI and COUNCILWOMAN DIRUZZO:

Resolution extending the sincere congratulations of the Members of the City Council to Maria Wilk upon her retirement.

Whereas, Maria (Delgado) Wilk graduated in 1961 from the University of Rhode Island and in that year was appointed as Probationary Teacher at Nathan Bishop Jr. High School, and

Whereas, That same month, Maria was transferred to Mount Pleasant High School as an English teacher. In September of 1965, both Maria and her husband Walter were blessed with the birth of their first child and she remained there until March of 1973 when she took another maternity leave for the birth of her second son, and

Whereas, With two young children to care for, Maria returned to Mount Pleasant High School in September of that year and was named Head of the English Department. With an abundance of dedication, energy and enthusiasm, Maria Wilk not only raised her own family, but became the mentor of hundreds of young people at Mount Pleasant who became accustomed to her personal attention and guidance, and

Whereas, In May of 1982, she was named Acting Assistant Principal at Hope High School, and in September of that same year, she was named Acting Assistant Principal at Mount Pleasant High School. In September of 1983, Maria was named Assistant Principal at Mount Pleasant, and on January 15, 1991, Maria Wilk was named Principal of Mount Pleasant High School, and

Whereas, From her graduation at the University of Rhode Island in 1961 to her retirement in June of 1995, Maria Wilk has truly embodied all that is good in our Providence school system. With an unbridled sense of dedication, combined with a true commitment to her vocation, Maria Wilk has not only proven herself a fine teacher and administrator, she has given that one entity most important to the encouragement of our students — herself, and

Whereas, Not only was Maria Wilk dedicated to her community of students, parents and educators, whenever the need arose, Maria was responsive to the neighborhood community surrounding Mount Pleasant High and was always on hand to set a tone of cooperation, meeting each challenge in a most commendable way, and

Whereas, After her retirement in 1995, Maria was asked for her assistance in re-opening Mount Pleasant High School while interviews continued for her successor. Once again, answering the call with the same sense of pride and work ethic, Maria returned to assist in that transition, and

Whereas, It has been known that Maria Wilk has only retired from her teaching and administrative position at Mount Pleasant, and it is certainly a "sure bet" that Maria will be walking the halls of Mount Pleasant High School to visit "her extended family", never retiring from extending that commodity she gives so freely — her time,

Now, therefore, be it Resolved, That the Members of the Providence City Council wish Maria well in her retirement and thank her for her years of dedication and fulfillment to the students of Mount Pleasant High School who have indeed been blessed to have Maria Wilk as their mentor and role model.

PERSONAL EXPRESSION

COUNCILWOMAN NOLAN requests to speak on a point of personal expression and states:

"The other day, there was a Letter to the Editor concerning the recent shooting in Roger Williams Park. The person who wrote the letter said she was tired of hearing all about the lives of the perpetrators of this crime. She didn't really care that the young men involved were wonderful kids, never in trouble before. There were signs no one seemed to pick up. Grades dropping sharply from the previous year, becoming a father of a child in the last part of the term, etc. She said what really incensed her was that we, the Public, know so little about the Police Officer who was shot and the Park Ranger who lost his life. But, we know more than we want to know about the shooters.

The people of Washington Park wanted to remember William Abrahamson, so when they decided to apply for a grant to fix up Washington Park Square, they decided they wanted to rename the Square in honor of Bill Abrahamson who, along with his family, lived for 25 years on Broom Street in Washington Park.

Just as we'll never forget Stephen Shaw, we will also never forget Bill Abrahamson.

In the past few weeks, there have been 9 murders and countless shootings on the South Side of Providence. Some of the victims were from my Ward, some of the murderers come from my Ward.

America is supposed to be our bountiful, beautiful nation, home of the free, home of the brave. A nation immigrants flock to. America, with its streets paved with gold and opportunity at every corner. Lately, I've been thinking a lot about America. What's happening to it and what that means to me. The streets are not paved with gold. In fact, they're hard mean streets. As for

opportunity, it's still there, but it's harder and harder to find it.

My neighborhood is unique in that I can go on one block and see beautiful old historic homes inhabited by many upper middle class people, lower middle class and some poor folks. You can go one block in either direction and see what amounts to abject poverty, where there is no opportunity. What frightens me the most though, is the kids. The violence I'm seeing with the kids. I don't understand it. I meet with a coalition to end violence and we talk and plan events for the kids, workshops, marches, forums and I don't think any of us understand what's causing all this violence. Kids I knew and loved are dead today. Keith Johnson, shot a few doors down from his Church. A promising Feinstein High School Student who loved music and loved his Church. Ivy Love died on Congress Avenue, just a few steps from his home. He was a Chamber High School Student. I can still see him playing basketball in the Elmwood Community Center Gym. For many months after his death, the kids wrote on the walls of our neighborhood, RIP Ivy Love. No one wanted to remove it.

I could go on and on, about the drive-by shootings, about the initiation rites of some of the gangs whose young members are told to shoot someone to prove their loyalty and manhood. About the young man in my neighborhood caught up in the drug trade, with boxes of money under his bed, but no where to spend it without getting caught. About how he uses two cars, to not only avoid the police, but to avoid other drug gangs who threaten his life on a daily basis. Who desperately wants out because he's afraid to put his baby in the car for fear he'll get shot. Who spends his life dodging bullets.

All the hate I see and we see in this Country today scares me, too. We seem to put the middle class (or should I say the working poor) against

the poor. We put poor Americans against immigrants. We try to dismantle Affirmative Action, Medicare, Social Security, and Welfare. Some of these things need to be changed. But, I keep seeing mean spirited Americans who were always the most generous in the World, suddenly filled with hate. In America today, we're all feeling the pain and we're all wondering why we are not living the lives our parents lived before us. What has gone wrong, what did we do wrong?

Well, we can't solve all of the problems of America here tonight. But, we can try to solve the problems happening in our City today.

I spoke with the Colonal yesterday and I asked him about the numerous shootings. On Halloween Eve, kids were stopping cars on Broad Street and robbing the drivers. They were running up and down Broad Street and Elmwood Avenue completely out of control throwing eggs at the cars and eventually, that night, a man was shot on Glenham Street and there was a shooting on Stanwood Street. The Chief told me he was putting another patrol car on Broad Street and Cranston Street. That's o.k. but, we need more than this. We need police a presence and we need to address this violence immediately! We can't afford to lose any more of our young men!"
