Sec. 2. The minimum rate of pay for any class of position shall be payable to any person on his first appointment to the position allocated to the class, provided however, that with the recommendation of the Director of Finance and approval of the Mayor, he may enter the position at any other step in the "Pay Grade" and provided further, that if a person already in the service is transferred, he may with the recommendation of the Director of Finance and approval of the Mayor, enter the new position at the same rate of pay as he had previously received.

Sec. 3. Any employees employed in a position allocated to a class carrying minimum and maximum pay rates may be granted a pay increase from one step to the next higher step within established grade, subject to the following:

1. One "Pay Grade" step per year.
2. Recommendations for step increases shall

be made by department heads or the Chairman of Bureaus or Commissioners at the time of submission of annual budget estimates, and at no other time. Such recommendations shall be made on the basis of the quality of work and the seniority of individual employees.

3. The Director of Finance shall review such proposed step increases for availability of funds and conformity to the provisions of this Ordinance, and shall recommend approval or disapproval of the increase to the Mayor.

4. An employee entering the city service shall be eligible for a step increase on the first day of the succeeding January, April, July or October next following the completion of twelve months of service by said employee in accordance with the provisions of sub-sections 1, 2, 3, and 5 of this Section.

5. Any employee who is transferred from a position not carrying a minimum and maximum pay rate to one that carries a minimum and maximum pay rate shall receive either his present salary or the minimum salary of the new position, whichever is greater, but in no case shall the new salary exceed the maximum salary of his new position.

6. Increased compensation received by an individual as the result of promotion from a lower to a higher class shall not be deemed a step increase in the sense of the term as used in this section and in the event of promotion shall automatically receive the minimum salary for the class to which he has been promoted. If such minimum salary is the same or less than the salary he received prior to his promotion, he may receive a salary which shall be one full increment higher than his prior salary, but in no case to exceed the maximum.

Sec. 4. A given rate of pay as expressed in the compensation plan may be commuted to weekly, daily or hourly rate and established by a department head or Chairman of a Bureau or Commission with the approval of the Mayor and the Director of Finance, as the rate of pay for

employees of a particular class: provided, however, that all employees of a given class in a given unit of a department shall be paid on the same basis, excepting part-time and temporary employees.

Sec. 5 No Officer or employee of the City shall issue a check for payment of, or pay any salary or compensation to any person holding, or claiming to hold a position in the classified service, unless the Personnel Director shall have first certified that the persons named on the payroll or account of such compensation have been appointed and are employed in accordance with this Ordinance.
