DEPARTMENT OF ENVIRONMENTAL MANAGEMENT
DIVISION OF LAND RESOURCES
ROOM 506, VETERANS MEMORIAL BUILDING, PROVIDENCE, RHODE ISLAND 02903

September 14, 1979

APPLICATION NO. 2293

N O T I C E

This office has under consideration the application of Mr. Daniel Ferranti dba D & A Electroplating Company of 150 Park Lane, Providence, Rhode Island, for State of Rhode Island approval to alter a fresh water wetland in the City of Providence, locally known as Mashapaug Pond by filling in and within 50 feet of said pond for the purposes of landscaping alterations.

The location of the proposed work is at the rear of #150 Park Lane, Providence, Rhode Island.

Plans of the proposed work may be seen at this office.

Plans of the proposed work have been furnished to the Providence City Council and the City Clerk's office.

You are advised that if you desire to submit a statement or have a good reason to enter a protest against the proposed work, it is your privilege to do so. Reasons should be based on the sound evidence of the adverse effects on the wetland such as the influence on ground water supply, on the ability of wetlands to modify flooding or on wildlife and recreation values. Such statements should be in writing and received at this office on or before October 29, 1979.
