INTRODUCTION
AND
GENERAL INDEX

R. L. POLK & CO., publishers of more than1,000city, county, state and national Directories, present to subscribers and the general public, this, the 1960 edition of the Providence City Directory.

Confidence in the continued growth of Providence's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Providence to the world.

The enviable position occupied by R. L. POLK & CO.'S Directories in the estimation of the public throughout the country, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Providence Directory will fulfill its mission as a source of authentic information pertaining to the city.

Three Major Departments

The three major departments are arranged in the following order:—

I. THE YELLOW PAGES constitute the second major department of the Directory. This embraces a complete list of the names and addresses of the business and professional concerns of the city, arranged in alphabetical order under appropriate headings—a catalog of all the activities of the city. Preceding this catalog, likewise grouped under appropriate headings, are the advertisements and business cards of firms and individuals desiring to present a more complete list of their products or services than is possible in the catalog itself. The Yellow Pages represent reference advertising at its best, and merit the attention of all buyers and sellers seeking sources of supply or markets for goods. In a busy and diversified community like Providence the necessity of having this kind of information up-to-date and always immediately available, is obvious. The Directory is the common intermediary between buyer and seller, and plays an important role in the daily activities of the commercial, industrial and professional world.

II. THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns is the third major department printed on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Providence, and the name, official personnel, nature and address of each firm and corporation in the city.

III. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE, on green paper, is the fourth major department. In this section the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of tenant-owned homes and the listing of telephone numbers of homes and places of business.

Community Publicity

The Directory reflects the achievements and ambitions of the city, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Providence.

The Providence Directory Library

Through the courtesy of the publishers of the Providence City Directory, a Directory Library is maintained in the offices of the Providence Chamber of Commerce, for free reference by the general public. This is one of more than 700 Directory Libraries installed in the chief cities of the U. S. and Canada by members of the Association of North American Directory Publishers, under whose supervision the system is operated.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

WILLFUL INFRINGEMENT FOR PROFIT.--Any person who willfully and for profit shall infringe any copyright secured by this title, or who shall knowingly and willfully aid or abet such infringement, shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be punished by imprisonment for not exceeding one year or by a fine of not less than $100 nor more than $1,000, or both, in the discretion of the court.

PUBLISHERS NOTE

The information in this Directory is gathered by an actual canvass and is compiled in a way to insure maximum accuracy.

The publishers cannot and do not guarantee the correctness of all information furnished them nor the complete absence of errors or omissions, hence no responsibility for same can be or is assumed.

The publishers earnestly request the bringing to their attention of any inaccuracy so that it may be corrected in the next edition of the directory.

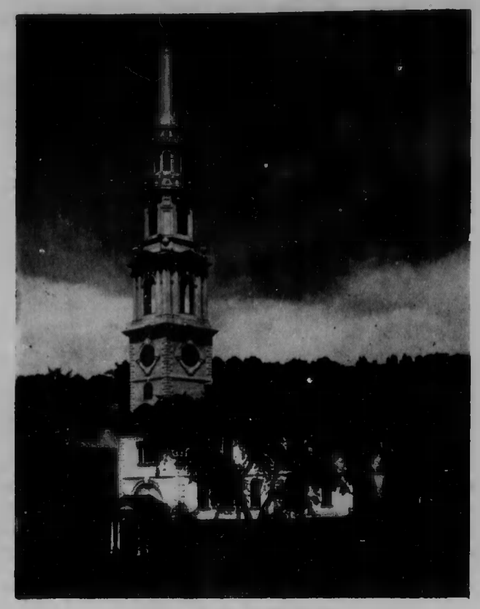
PROVIDENCE . . . *A New-Old City*

New in Spirit and Vigor—

Old in History and Tradition



Capitol Building, Providence, R. I.

Providence is located at the head of Narragansett Bay, which offers one of the finest ports on the U. S. coastal line, whether on the Atlantic or the Pacific. The Bay not only is suited for shipping, but it furnishes recreational playgrounds for Rhode Islanders and people from all parts of this country and the world. Newport, which is located at the entrance to the Bay, has long been famous as a resort and show place. Narragansett, on the opposite side of the Bay entrance from Newport, also is a well-known summer resort. The fishing industry thrives on many parts of the Bay, which yields an abundant supply of fish and shellfish. Many eating places on the Rhode Island shores of Narragansett Bay are well-known for shore dinners, clambakes and Rhode Island johnny cakes.

Providence was founded in 1636 by Roger Williams, who received a deed for the land from the Narragansett Indians. The primeval forests were gradually cleared from the hills, and what is now a thriving city gradually developed during the intervening centuries. The fame and importance of Providence has given it a high place among the nation's cities. The name of Roger Williams will always be perpetuated in Providence because it was here for the first time that a charter proclaimed a doctrine of noninterference with the religious beliefs of the people. This doctrine of religious freedom has had much to do with the spirit and growth of the city. People of many nationalities and diverse religious faiths live together in tolerance and mutual respect.

The forefathers of many families which still reside in Rhode Island contributed greatly to the original enterprise of the city and state. These early inhabitants established mills, factories, shipping yards, counting houses, and sailing fleets by which means Providence became an important commercial and industrial center of the Thirteen Colonies. Its prestige has been maintained and broadened so that today metropolitan Providence includes some of the largest single industries in the country and is the largest center in the world for certain industrial products.

First Baptist Church

Providence is of interest historically by reason of its fine old houses and public edifices which are fine examples of Colonial architectures. For example, there are the First Baptist Meeting House, built in 1775; the old State House, the old Market Building in Market Square, and private residences too numerous to mention, which principally are located on the hill. It is safe to say that there are more fine and varied examples of residential architecture in Providence than in any other city in the U. S.; each one a type of the best in architecture covering the period from the Colonial days to the present.

The population of Rhode Island is the largest per square mile of any state, and yet this is the smallest state in the Union. Providence is considered the world's largest jewelry manufacturing center and one of the nation's largest centers for the distribution of petroleum products. The city is important in the manufacture of machine tools, textile machinery, rubber goods, iron and steel products, silverware, and textiles, including silk, rayon, cotton, woolen and worsted products. Situated between New York and Boston, which furnish large markets, Providence is in a strategic location for the distribution of goods and services of all kinds. Also, a very considerable foreign trade originates in Providence factories, which send their products to all corners of the world.

According to the U. S. Census of 1950, Providence has 248,674 inhabitants. It should be borne in mind, however, in regard to the population figure, that the city limits include only 18.91 square miles, in contrast to the 100 or more square miles of most cities of comparable importance. The State of Rhode Island has nearly 800,000 (791,896) people, all of whom are in the immediate trading territory of the city, much of which can be considered a "bed chamber" for those who do business and work in Providence. From a commercial standpoint, the trading area of metropolitan Providence includes not only all of Rhode Island, but southern Massachusetts and eastern Connecticut, with a total population of well over 1,500,000.

In addition to excellent port facilities, including both State and Municipal piers, Providence has rail transportation furnished by the New York, New Haven & Hartford Railroad System, extensive overland truck lines, bus service by the New England Transportation Co., Greyhound Lines and others, and air service in all directions furnished by the American, Eastern, National, United, Northeast, Mohawk and Alleghany Air Lines.

Providence is distinguished for its cultural and educational institutions. Colleges and schools which draw students from all over the world include Brown University, one of the oldest and most distinguished institutions of learning in the U. S. Other colleges are Providence College, founded by the Dominicans; Rhode Island School of Design, Rhode Island College of Education, Pembroke College of Brown University, Bryant College, Rhode Island College of Pharmacy, now in the University of Rhode Island, at Kingston. Other cultural and educational advantages include a concert series by the Boston Symphony Orchestra; the Rhode Island Philharmonic Orchestra, which presents a regular schedule of concerts; the Community Concert Association, which is the second largest in the country; the Providence Art Club, which sponsors many art exhibits; and the Players, which presents a series of dramatic productions each year.

The excellent library facilities include the Providence Public Library, the John Hay, Carter Brown and Ann Mary Brown libraries at Brown University, the Providence Athenaeum, and the Medical Library of the Rhode Island Medical Association. The museums include a natural history exhibition at Roger Williams Park, and a comprehensive museum display at the Rhode Island School of Design, which houses the famous Pendleton collection of furniture.

The people who work and live in Providence have ample and exceptional opportunities for play and recreation. Rhode Island is a natural playground, with miles of coast line and with beautiful sandy bathing beaches. As mentioned before, the Bay is a great recreational area. The hinterland is beautiful rolling country, dotted with many ponds, lakes and streams. Golf courses, tennis courts, yacht clubs and other recreational facilities are scattered throughout the state. Fine roads and short distances make them all accessible.

Roger Williams Park in Providence is a show place, with its beautiful flower gardens, acres of shady fields, and a large body of water. This park maintains a zoo and public tennis courts. In winter, residents and visitors also have recreational advantages and sports. The state has developed an area at Diamond Hill for skiing and other winter sports. There also is ice skating at the East Side Skating Club and on the Lakes and ponds. Professional hockey and other winter sports are enjoyed at the Rhode Island Auditorium.

Providence is a city small enough to be thoroughly hospitable and have its people know each other, and at the same time large enough to include the advantages of a great city.

The new and the old blended in the Providence skyline.

OLD COLONY 12 Point MORTGAGE PLAN

See How Old Colony Makes Building a Home Easier To Finance!

Your down-payment is reasonable, thanks to liberal property valuation.

You get automatic interest rate reductions of ½% each at stated intervals — another big saving!

Old Colony advances cash as building progresses. You pay interest only from the date of each advance.

Taxes and insurance? Budget them along with your monthly mortgage payments, if you wish, to save time, trouble, money.

You repay the mortgage in comfortable monthly payments over a 10-to-20-year period. Each payment includes current interest and a portion of principal. Result: you make steady progress *out* of debt every month.

Prepayment privileges? Yes, without penalty! Old Colony encourages you to get every possible saving, "get there faster".

You pay less interest each month because it's charged only on the unpaid balance.

You're protected! The interest rate cannot be increased during the term of the mortgage. The loan cannot be called while your obligations are paid up to date.

Find out how you, too, can finance your home with all these 12-Point Mortgage advantages now!

ROOST-NO-MORE
TO THEIR ROOSTING PLACES

"ROOST-NO-MORE" is the only — YES, the ONLY — Proven Method of Ridding Buildings of Birds. It is Proven the World Over.

GUARANTEED FOR AT LEAST ONE YEAR

BEWARE OF IMITATIONS
SUCH AS COMMON GREASE OR OTHER NON-EFFECTIVE SUBSTITUTES

"ROOST-NO-MORE" IS

- **WEATHERPROOF**—Rain will not wash it away, sunlight will not dissipate it.
- **NON-INFLAMMABLE**—It absolutely does not create any fire hazard.
- **NON-TOXIC**—It does not kill or injure birds in any way; and it is completely harmless and odorless to human beings.

"ROOST-NO-MORE" is a harmless gelatin compound that birds find very disagreeable underfoot. It is applied only to natural landing places, such as cornices, ledges, window sills and gutter edges. The birds are effectively prevented from roosting up to one year. Since birds are creatures of habit, they therefore rarely return to a building that once has been treated.

"ROOST-NO-MORE" has been used successfully on thousands of buildings in the New England area. A few of the more prominent ones are:

- **Peerless Co.**
- **N.E. Telephone and Telegraph Co., Prov.**
- **Citizens Savings Bank, Providence**

Unsolicited letters of recommendation are on file in our office, and are available for your inspection.

We will be pleased to send a representative to survey your building and submit an estimate—No obligation, of course!

ELECTRICAL

TO LIVE BETTER ELECTRICALLY—
TO MAKE FULL USE OF TODAY'S WORK-SAVING APPLIANCES, YOU NEED . . .

HOUSEPOWER

Today 4 out of 5 homes are underwired. Their wiring systems just haven't kept pace with the ever-increasing additions of new, labor-saving electric appliances. If your home suffers from LOW HOUSEPOWER, if it hasn't a 3-wire service entrance of at least 100-AMPERE CAPACITY, call your electric contractor today. Without obligation, he'll advise you how to put your home in the FULL HOUSEPOWER class. Then you can take full advantage of low cost electricity to live happily - electrically - as never before.

DO YOUR EMPLOYERS FURNISH YOU WITH THE LATEST EDITION OF THE CITY DIRECTORY?

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

CAUTION . . . .

Pay no money in advance to itinerant Directory canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of the publisher of this City Directory printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take advance payment for either advertising or subscriptions.

Out of Sight!
Out of Mind!
Out of Business!

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight. *Insist on being well represented in its pages.*

Power of Advertising

THE CITY DIRECTORY is the power that generates information for the buyer that he may know who deals in the product he wishes to purchase. If your business is not classified properly, and a display advertisement arranged to describe your business, how can you expect the buyer to trade with you?

ADVERTISING is the foundation upon which successful businesses are built. You must apply this to your own particular business.

ADVERTISING is the power of an idea multiplied.

CAUTION

Pay no money in advance to itinerant Directory Canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of R. L. Polk & Co. printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take payment for either advertising or subscriptions.

This Publication Is The Product of a Member of

—thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media, and providing protection against fraudulent advertising schemes which operate under the name of Directories.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and strictly adhered to over the years, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself:

1. To consider, first, the interest of the user of the book.

2. To subscribe to and work for truth, honesty and accuracy in all departments.

3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.

4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest use as a business and social reference book and director of buyer and seller.

5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.

6. To solicit subscriptions and advertising solely upon the merits of the publications.

7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.

8. To co-operate with approved organization and individuals engaged in creative advertising work.

9. To avoid unfair competition.

10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.

$100 Reward will be paid by the Association of North American Directory Publishers for the arrest and conviction of any person or persons engaged in the publishing, collecting or canvassing for any fraudulent or fake directories.
