PERSONAL EXPRESSION

COUNCILMAN CLARKIN requests the privilege of the floor to speak on a point of personal expression and states:

"These Deputy Commissioner jobs are just two more fluff jobs, two boondoggle positions being created for some feel good reason. Create this job or that job, make sure the pay is very good, and by doing that all the problems in this city will disappear. Do any of you really believe that any of these positions will in any way improve our city. That two more unneeded bureaucrats with no real power will in any way change this city for the better. I saw in the ad for these jobs that these two deputies will be reporting to the Commissioner. What I haven't seen is the Commissioner coming before this body and begging that these positions be funded telling us how much they will help him do his job. If you vote to support these two jobs, these two high paying jobs, you will be doing

what I have heard this body complain about for years, the making up of unnecessary jobs. Because that is what they are, unnecessary. Fluff positions with no substance to them. They will have no power to change anything. They are only an assistant to the superintendent or the Commissioner. Remember, we are not only going to pay these bureaucrats \$140,000 in pay, we are going to pay all the benefits that go with that pay, along with the secretarial help and the cars that they will demand. And I assure they will demand a car, upscale cars, fitting for the positions that they will hold. We are going to pay out over a quarter of a million dollars for these fluff positions. A quarter of a million dollars. Let me tell you what we can do with a quarter of a million dollars. We could open up two more recreations centers, places for our young people to go. We could expand the bus trips that our seniors go on, or come up with more programs for our seniors. Or we could hire

four or five more police officers. I noticed that the ad for one of these positions says that the position was to "foster and improve relations with the community." If this council wants to "foster and improve relations with the community", then let's take care of those programs that will directly help our community. Take care of the kids. Take care of the seniors,

or hire the cops that we need. We do not need these boondoggle deputy positions. We should not waste taxpayer money on these positions and I ask that you vote them out of the budget. Thank you."

PERSONAL EXPRESSION

COUNCILWOMAN WILLIAMS requests the privilege of the floor to speak on a point of personal expression and states:

"I would like to bring the Council's attention back to the Item #19, which we passed on a voice vote ("Teacher Only" Parking in front of Vartan Gregorian School). This is preferential parking for the teachers at the Vartan

Gregorian School which we passed without any notice at all, and I just want to point out to my colleagues that this is the type of resolution that I had submitted residents' parking during certain hours on Moses Brown Street and the Mayor vetoed my resolution. I will be very curious to see if he vetoes this one as well."

RECONSIDERATION

Resolution Requesting the Traffic Engineer to allow "Teacher Only" Parking on Wickenden Street in front of the Vartan Gregorian School between the hours of 8:00 o'clock a.m. to 3:30 o'clock p.m. from Monday through Friday during school hours.

Resolved, That the 441 Smith Street be included in the Smith Hill Revitalization Plan.

Read and Passed, on motion of COUNCILMAN ALLEN, seconded by COUNCILWOMAN WILLIAMS.

PERSONAL EXPRESSION

COUNCILMAN DeLUCA requests the privilege of the floor to speak on a point of personal expression and states:

"In view of the contracts that we are looking at and some of the labor leaders that are here, I had an experience yesterday morning where I was on about a 45 foot staging doing some vinyl siding on Manton Avenue, and an old jeep pulls up and I look down and there was a guy dressed in construction clothes, I thought he was looking for a job or something. He looks up and says, "hey chief, where is your building permit." I said "who are you". He said "I am

the building inspector". I said that's good. "It's around the corner on the Hyatt Street side".

He said "Well I couldn't see it." I said "take another look". That is all that happened. He backed up on Manton Avenue, he backed up into Hyatt Street which is a one way, and this is a city building inspector. The point that I would like to hit home at every opportunity that exists, and we all should, is that whether you are in the fire department, the police department, public works department, have a little courtesy. Everybody that is employed by the city needs to have more than a service

mentality. I just wanted to take that opportunity to begin to hit at home because at every opportunity . . . we have all seen very polite city employees and very rude city employees. The one that starting to really getting to my gut is "call your councilman", "I was told to call you" from who, "the Mayor's Office, Public Works". So now I have to call public works and complete a loop and reinvent a wheel. What the hell are you there for. A constituent or a citizen calls up for help, help them. Why refer them back to me. Am I an expert on potholes or trimming trees or stop signs. I don't have any such qualifications. The service mentality, we have to demand it, we have to accept it. Thank you."

COUNCILWOMAN NOLAN requests the privilege of the floor to speak on a point of personal expression and states:

"In my neighborhood, often when speeding cars come down the street, we often yell out to the car "slow down". Sometimes we may add something to slow down, but we usually say slow down. One of my constituents trimming his grass with a pair of scissors along the edge and a car speeding down the street and he yelled out "slow down" and the car stopped, backed up, the guy got out of the car, put a gun to his head, and it was later found out that he was a police officer. Not under cover, but in plain clothes and in an unmarked car. I think folks know that I support the police department, I have made that very clear. I applaud what they are doing in our neighborhood, but this kind of stuff has got to stop. This gentleman ended up being arrested for assault with a deadly weapon, a pair of dull scissors, that he had been cutting his grass with, and it ended

up costing him about twenty five hundred dollars to hire a lawyer to get him free of the charges. When I called to complain, I was told that this was an exemplary police officer, and that I didn't get all the facts. Well I think I got all the facts. I think I got the true facts. I want to put it on record that this kind of treatment of constituents will not be tolerated in my neighborhood. I have, many times, yelled at people to slow down from my front lawn, and I have probably called them a name that I can't say on the floor of this council, and people usually are so astonished that they usually do slow down, or they just beep and keep going. I believe the officer provoked the situation, backed up and caused what happened to my constituent, and I think that this is the kind of stuff that we have to get word out that we will not tolerate in our neighborhood. Thank you."

COUNCILMAN HASSETT requests the privilege of the floor to speak on a point of personal expression and states:

"We were remiss last meeting for not extending thank you to Councilwoman Romano, and I think the Levin Corporation for the name tags that we have in front of us. I kind of feel badly for that because she went to the extraordinary extent to have them done for us and I think it shows a fair level of respect and certainly a recognition by Levin, and certainly by you councilwoman. I want to make up for that slip and thank you for that."

REPORT FROM COMMITTEE

COUNCILWOMAN BALBINA A. YOUNG, Chairwoman COMMITTEE ON URBAN REDEVELOPMENT, RENEWAL AND PLANNING

Transmits the following with recommendation the same be Approved:

Resolution Requesting the transfer of Assessor's Plat 23, Lot 285 (60 Maple Street) to the Providence Redevelopment Agency, for One Dollar (\$1.00).

Resolved, That the City Council authorize the transfer of AP 23, Lot 285 a/k/a 60 Maple Street to the Providence Redevelopment Agency, for One Dollar (\$1.00). The Council should authorize Mayor Vincent A. Cianci, Jr., to execute the deed for this parcel. The Providence Redevelopment Agency will use it for future development.

WOMAN WILLIAMS, by the following Roll Call Vote:

PERSONAL EXPRESSION

COUNCILWOMAN WILLIAMS requests the privilege of the floor to speak on a point of personal expression and states:

"I want to follow up on some of the comments about the police department, and I will be the first to comment when there is negative and I

abhor the abuse of power that I see with many of the police officers, but I have to share with the council tonight publicly. I received a phone call tonight from a very pleased constituent, for who six months at least now, has had a noise problem, and Officer Fernandes from the community police has been working with it and he solved the problem. Not only that, he is solving lots of problems in my neighborhood. This is community policing at its best, and I think we have to reinforce how important it is

that the community police are there helping to resolve problems. They have to get out of their patrol cars and they have to start to get to know the people and not have this kind of hostility towards the residents of the City of Providence. I just wanted again to counter that with a very positive comment about my community police officer. Thank you."

COUNCILMAN ALLEN moves to dispense with the reading of the foregoing

matters, seconded by COUNCILWOMAN WILLIAMS.

Collectively Passed, on motion of COUNCILMAN ALLEN, seconded by COUNCILWOMAN WILLIAMS.

PERSONAL EXPRESSION

COUNCILMAN ALLEN requests the privilege of the floor to speak on a point of personal expression and states:

"Mr. President, July 10th, the Committee on Finance held a meeting about the Fleet Skating Rink. During that time, it was uncovered that the Fleet Skating Rink owed the Providence Civic Center about fifty thousand dollars; About that time, Mrs. Derrig and Mr. Hathaway, who is the Director of the Fleet Skating Center, indicated to us that there was some money coming from the Coca-Cola Company for advertising and once that money arrived that she would in turn fifty thousand dollars to the Fleet Skating Center so that they can pay their debt. Since then, that hasn't happened. There has been numerous letters, discussion, interactions between the Civic Center, the administration, Mrs. Derrig. There have been letters and memos flying back and forth. The latest wrinkle in this issue is that the city has said that they are referring the

matter to the Law Department. That being said, Mr. President, that number now is not fifty thousand dollars, but it is seventy one thousand eight hundred ninety two dollars and ninety four cents. They received the money for the advertising from Coca-Cola Company for the Fleet Center and somebody used that money to do something else other than what they told the Finance Committee they were going to do. Needless to say, we, on the Finance Committee, are disheartened that a city director would come to us and tell us one thing and do something else. I didn't want to talk about this publicly, but I didn't know how else to get this matter resolved. Mr. Hathaway is no longer employed by the Fleet Center. The Civic Center needs the money and I just want to go on record as saying at the next City Council meeting I am putting in an ordinance change, or an amendment to an ordinance that would take seventy one thousand eight hundred ninety two dollars and ninety four cents from the Parks Department budget and transfer that to the Civic Center's

budget because that is where the money rightfully belongs. The Parks Department received that money and they didn't do what they told the Finance Committee they were

going to do with it, and I don't think that is a good way to business in the City of Providence. Thank you."
