## MEMORANDUM

**TO:** Anna Stetson, Office of the City Clerk

**FROM:** E. Bernard Lebby, Traffic Engineer *ELB*

**CC:** John D. Nickelson, PE, Director  
Councilman Leon F. Tejada, Chairman, Committee on Public Work

**DATE:** February 20, 2009

**SUBJECT:** Resolution requesting the Traffic Engineer to establish a "Loading Zone" located at 50 Park Row Sufficient for four (4) vehicle lengths.

---

The DPW-Traffic Engineering Division has investigated this request and found that a twenty-six (26) foot loading zone already exist at this location. In order to make a larger loading area it would require eliminating the existing handicap parking. Current loading operations for "Avalon at Center place Apartment Community" occur on Stillman Street. We are requesting more information about the change in circumstances that require a larger loading zone area in front of the building.
