SUBJECT: REFERRAL NO. 1931 - ABANDONMENT PORTION OF BENEFIT ST.

Gentlemen:

This petition from the Providence City Council Committee on Public Works is a request for the abandonment of that portion of Benefit St. extending from the southerly line of Tockwotton St. for 100.3 ft. in a southerly direction. The petitioners are the two City Councilmen from the 1st Ward.

On a photographic tour it was determined that the portion of Benefit St. proposed for abandonment is situated between two city-owned Lots No. 91 and 337 on Plat 18. The lots contain the eastern extremity of the hurricane barrier. The land to the south of Lot 337 (Lot 135) is landscaped as a parking lot for ancillary use for India Point Park. The surrounding property which lies south of Route 195 is predominantly industrial in use and is so zoned.

This department has no plans which would be negatively affected by the proposed abandonment. However, we strongly recommend that any construction proposed for that location adhere strictly to flood plain regulations since said location is within the flood plain.

Upon motion of Mr. Casey seconded by Mr. Souza,

The Commission

VOTED: To abandon portion of Benefit St.
The motion passed on majority vote. Mr. Dulgarian voted against the motion.

Yours truly,

Stanley Bernstein

Re: Petition to abandon Benefit Street from the southerly line of Tockwotten Street, one hundred and thirty hundredths (100.30) feet southerly

Gentlemen:

The Narragansett Electric Company has overhead electrical facilities consisting of poles, wires, cables, transformers and equipment located on said Benefit Street. These facilities are an important part of the electrical supply system to several companies in this area and would be very difficult and costly to relocate.

However, The Narragansett Electric Company will not object to the granting of said petition, provided that in the event the petition is granted, the Petitioners will convey easements acceptable to The Narragansett Electric Company which will permit the retention of our poles, wires, cables, transformers and equipment in existing locations in said street, together with the right to inspect, maintain, operate and replace the same.

Very truly yours,
