Mayor Cianci  
City Hall  
Providence, Rhode Island

Dear Mayor Cianci:

Please be advised that I think it is now urgent that something be done to correct the very hazardous condition which exists at the corner of Steeple and Canal Streets in Providence, R.I.

As you know from my previous correspondence one is upon that intersection and its traffic before one knows it, especially from Canal Street and there are no traffic controls whatsoever. I not only speak on behalf of myself as a driver there but on behalf of many drivers especially people coming down from the East Side. I think it is about time something be done about it, I have been persistently writing to you about this for seven months, I will take this matter up with my councilman if need be and file a petition with the City or take any other steps if need be to correct this problem again I appeal to the decency within you and your concern for the safety of the motor-ing public within the City of Providence.

Very truly yours,  
William G. Grande, Jr.
