PREFACE.

Sixty-six years ago the Directory of Providence was first published. It was issued at irregular intervals until 1852, when it became an annual publication, and the year 1890 brings to us the FIFTIETH number in the series of the PROVIDENCE DIRECTORY.

During this period, the little book of 1854, with its 108 pages and 2958 names of Providence towns-people, has grown to the size of this volume of nearly 1200 pages, comprising over 60,000 names in its Providence General department, and a complete Alphabetical and Classified Business Directory of the State.

This being a Census year, especial interest is taken in matters relating to population, etc., and, with reference to this fact, we publish the following table giving the population, and names in the Directory, at different periods in the growth of our city, and the per cent. of names to population:

Date of Directory.	Number of Names in Directory.	Population.	Per cent. of Names to Population.
1824	2,958	estimate, 15,000	19.7 per cent.
1830	4,400	16,832	26.1 "
1836	4,965	estimate, 20,000	24.8 "
1841	7,000	estimate, 24,000	28.8 "
1844	7,600	estimate, 30 000	25.3 "
1850	8,784	41,513	21. "
1855	11,366	47,795	23.8 "
1860	15,772	50,666	31.1 "
1865	17,227	54,595	31.5 "
1870	25,435	68,904	36.7 "
1875	36,562	100,675	36.3 "
1880	39,227	104,852	37.4 "
1885	47,486	118,070	40.2 "

It will be noticed that the per cent. of names in the Directory to the population for the years 1870, 1875 and 1880, varies but very little, while in 1885 there is an increase of nearly 3 per.cent. This may or may not be attributable to a too low population figure for that year.

The number of names in the Directory of 1890, exclusive of names of those who have died or removed from the city, is 58,505. If we apply the per cent. of 1885, we find Providence to have a population of 145,534. This, to many, will seem a very large figure, and certainly 27,000 does appear to be a remarkable increase in five years.

In response to the desire of many citizens of Johnston and Providence, we published, early in the year, a JOHNSTON DIRECTORY, containing a General, Business and Street Directory, etc., and as a complete record of that town can now be obtained, and in a form adapted to the uses of all, we have not incorporated in this book, as heretofore, a partial directory of Johnston.

The changes which have occurred among our citizens during the past year, so far as the Directory takes cognizance, are as follows:—

Of those whose names appeared in the Directory of 1889, 10,716 have changed the location of their residences, 1,767 their business location, 2,104 the nature of their business or occupation, and in 266 firms changes have been made either in their names or membership.

The following is a list of citizens whose names appeared in the first Directory of Providence, published in 1824, and are recorded in the Directory of 1889. The year of birth is also given:

Thomas Harkness, 1799; James C. Bucklin, 1801; James H. Read, 1801; David W. Pettey, 1801; R. H. N. Bates, 1801; Edward Congdon, 1802; Thomas R. Briggs, 1807.

DELBERT L. BARKER, - CONTRACTOR,

Mechanics Exchange, Opp. Post Office,

9 Custom House Street, - Providence, R. I.

We have the most complete and extensive outfit and the widest experience of any party in New England. With new and special tools we can sink or deepen Cement Tube Wells so that they will never go dry; have left twenty-six feet of water in a thirty inch tube. We can sink wells in ledge for one-half the price of blasting. We can show any Water Supply Committee **1,612,800** gallons of pure water per day being pumped from our wells. We will show one drilled well earning $25.00 per day, one earning $5.50 per day, one $65.00 well earning $180.00 a year.

I can refer to any of my patrons, a few of whom are

DELBERT L. BARKER, - CONTRACTOR,

Mechanics Exchange, Opp. Post Office,

9 Custom House Street, - Providence, R. I

We have the most complete and extensive outfit and the widest experience of any party in New England. With new and special tools we can sink or deepen Cement Tube Wells so that they will never go dry; have left twenty-six feet of water in a thirty inch tube. We can sink wells in ledge for one-half the price of blasting. We can show any Water Supply Committee **1,612,800** gallons of pure water per day being pumped from our wells. We will show one drilled well earning $25.00 per day, one earning $5.50 per day, one $65.00 well earning $180.00 a year.
