PETITION TO THE CITY COUNCIL

TO THE HONORABLE CITY COUNCIL OF THE CITY OF PROVIDENCE:

September 25, 1959

The undersigned respectfully petition your honorable body,

that they desire to have changed the zoning classification on certain property described
and R-4
below from R-3/classification to a C-1 classification; that property being located in the
and 518
City of Providence and designated as Assessors Plat 14 Lots numbered 520, 19 and 20./ We
respectfully petition your honorable body to change the said zone as described above on
the said lots as described; the specific area wished to be changed bounds approximately one
hundred feet (100') on Waterman Street, three hundred feet (300') on Gano Street from Water-
man Street to East Manning Street; and approximately one hundred feet (100') on East
Manning Street.

The above change is requested in order to facilitate the construction of an ultra-
modern building to be used solely for office space on the property located at the corner
of Waterman Street and Gano Street and also so that an apartment house, now existing on
the corner of Gano and Waterman Streets, may be removed therefrom and moved to the corner
of Gano and East Manning Streets at which site it will be placed upon a permanent foundation.

RESOLUTION OF THE CITY COUNCIL

No. 619

Approved November 20, 1959

Whereas, Sergeant Walter J. Burgess of the Rhode Island State Police while on patrol duty met his untimely death in attempting to deliver to a hospital a passenger who had suddenly become ill, and

WHEREAS, While his limited tour of duty terminated a life of unimpeachable honesty and a considerate manner which endeared him to every member of the Department of State Police, his record as a member of that Department was rich with humane and unselfish deeds which, because of his established modesty, were never exploited, and

WHEREAS, While sincerely lamenting the loss of this gallant young Navy veteran and State Police Sergeant, all who had known him attest to the fact that his demise leaves a void in the community which he swore allegiance to uphold as prescribed by law, his memory will be perpetuated.

Now, Therefore, Be It Resolved, That in noting the death of Sergeant Walter J. Burgess of the Rhode Island State Police, His Honor, Mayor Walter H. Reynolds and the City Council extend to his devoted wife and children and his mother and father their heartfelt condolences in this their hour of bereavement, and

Be It Further Resolved, That duly certified copies of this Resolution be transmitted to his wife and to Superintendent of State Police.

Gentlemen:

The Committee on Licenses at a meeting held on June 24, 1959, considered your application for increase storage facilities at the above location.

The following persons appeared to object to the proposed installation and stated that they were dissatisfied with the conditions of the existing facility as to cleanliness and the potential fire hazard that they claim exists:

Domenic Gianfrancisco, 269 Hawksley Avenue
(appearing for his mother)
Eugenia DiAmico, 567 Douglas Avenue;
Giovanna Fratarelli, 575-576 Douglas Avenue;
Felicia Fratarelli, 570 Douglas Avenue.

The Committee suggests that you confer with these individuals concerning their complaints and objections and inform me as to their disposition.

The Committee has continued this matter pending a report from you on the subject matter.

Dear Mr. Vespia:

In reply to your recent letter requesting that I again contact the people objecting to increased storage at my 38 Admiral Street location, I feel that my letter of July 14, fully explained the situation.

These people in my estimation have no valid reason for objecting except because of some disagreements at original construction.

By installing new tanks, we will better anything these people could possibly find fault with; therefore, may we please have a ruling by the license committee as there is a limited time in which work may be done.

Dear Mr. Vespia:

In answer to your June 26 letter regarding application for increased gasoline storage at 38 Admiral Street corner of Douglas, I requested that a Shell representative call on those objectors that you listed and explain to them the reasons for the requested increased storage.

Mr. G. H. Wolcott of Shell Oil Company has personally contacted these people and pointed out to them that the purpose of the increased storage is to reduce the number of times that gasoline trucks will make deliveries to this service station, and that other yard improvements to be done at the same time will improve general appearance of this station.

u B
Mr. Wolcott states that these objectors would not withdraw their objection, but would give no valid reason for objecting as they were high in their opinion of the dealer at this location but were only basing their objection on fault finding at the time the station was built in 1946.

In as much as no valid objections were discovered on personal calls to these people, I request that the licensing committee move to grant this request for additional storage at this location.
