

PETITION TO THE CITY COUNCIL

TO THE HONORABLE CITY COUNCIL OF THE CITY OF PROVIDENCE:

The undersigned owners of the adjoining land hereby respectfully petition your honorable body to cause a main drain or common sewer to be built in Houghton street from Veazie street, to end of property line street of lot 396, plat 78.

Re: Houghton Street

Dear Sir:

Records on file at the Department of Public Works reveal that Houghton Street is a private street; consequently, not within the purview of the City Council for the petitions for layout, curb setting and gutter paving, and also construction of a sewer.

Be further advised that no sewer in Veazie Street presently exists and construction of a sewer in Houghton Street would be of no value to the City of Providence sewer system.

Sincerely yours,

A handwritten signature in cursive script that reads "Joseph J. Campo".

City Hall
Providence, Rhode Island

Subject: Referral No. 2009 Street Betterment - Houghton Street

Gentlemen:

The subject petition from the Providence City Council Committee on Public Works proposes the betterment of Houghton Street from Veazie Street to the westerly lot line of Lot 396 on Assessor's Plat 78. The proposed street improvement consists of a layout of the street, definement of grade, installation of curbstones, drainage and sewer. This petition was submitted by Bertram M. Brown, President of Vocational Resources Incorporated at 100 Houghton Street, Providence, Rhode Island.

A field inspection revealed that Houghton Street is a private right-of-way and is paved with asphalt. Curbstones have been installed at the southerly side approximately 200 feet from Veazie Street with catch basin. Since this paved private street is now serving the existing uses at both sides of the street in question, it will be a financial burden for the City of Providence to further improve and maintain it. Therefore,

The Commission

Voted: To recommend that this petition be denied at its December 18, 1978 regular monthly meeting.

Sincerely yours,

Stanley Bernstein

The Honorable City Council
Committee on Public Works
City Hall
Providence, Rhode Island

Gentlemen:

The Traffic Engineering Department has received the following petitions from your Committee and has taken the subsequent action:

Request: That Lakeview Drive from a point 40 feet south of the southerly line of Westmore Street, southerly to the northwesterly corner of Molter Street have gutters paved and curbstones set.

Disposition: No objection.

Request: That Houghton Street from Veazie Street to end of property line of lot 396, plat 78 cause to have curbstones set, gutters to be paved, common sewer to be built and that a grade be defined.

Disposition: No objection.

Very truly yours,

A handwritten signature in cursive script that reads "Frank A. Tibaldi".
