The Honorable City Council  
Committee on Public Works  
City Hall  
Providence, Rhode Island

Gentlemen:

The Traffic Engineering Department has received the following resolution from your Committee and has taken the subsequent action:

**Request:** That the Traffic Engineer is requested to cause the installation of "STOP" signs along Maynard Street at its intersection with Rushmore Avenue.

**Disposition:** Denied. Our survey showed that traffic volumes are very low and the accident history is excellent. Therefore, a "STOP" control is not warranted at this time.

Very truly yours,

*Frank A. Tibaldi*
