Providence, R. I., June 17, 1892.

Dear Sir,

By the request of Mr. Woolley, I can fully recommend to you the Granite State Provident Association of New Hampshire as a safe and growing institution and one of the best for investment. Its growth has been wonderful and steady.

I possess thirteen shares and would take more if I could possibly carry them. Its method of doing business cannot be surpassed. You would do well to look into the matter.

Yours very truly,

OLD GOLD and SILVER Taken in Exchange at **POTTER'S** 346 WESTMINSTER STREET, COR. SNOW.

Northwestern Mutual Life Ins. Co.

OF MILWAUKEE, WISCONSIN.

Commenced Business in 1858.

ASSETS, JAN. 1, 1893, - -	$56,236,089.12
LIABILITIES, JAN. 1, 1893, -	46,768,704.58
SURPLUS ON 4 PER CENT. BASIS,	$ 9,467,384.54
INSURANCE IN FORCE, JAN. 1, 1893,	312,512,603.00

In thirty-five years only $243,405 of real estate has been acquired by foreclosure, about one-half of 1 per cent. of its present mortgage loans, about one-quarter of 1 per cent. of the total mortgage loans made since organization. The interest earned in 1892 was 5 9-10 per cent. upon the amount held Jan. 1, 1892, a percentage income, which we believe is not equaled by any other financial institution of the same magnitude in the world. For a long period no year has closed with so much as 2 per cent. due and unpaid of the interest earned during the year, and on July 1, last, only $21,027, or 1 per cent. of the interest due in 1891 was unpaid. The superior quality of the mortgages held by the company is due both to the location of the property, and to the care with which the loans are selected.

The announcement, in its official organ, by one of the larger companies, that in 1893 an effort would be made by that company to write a larger business than had ever been written by it or any other company in a single year, would seem to indicate that the *strife for bigness* which has been characteristic of the business for the past few years on the part of some companies, with its attendant evil of large bonuses and rebates, would be continued for at least another year. This is a strife in which the NORTHWESTERN *has never had and will not have a part*, being entirely satisfied with the distinction of being the *best* company, not the largest. The members of this company, as evidenced by the hundreds of unsolicited commendatory letters, are better satisfied with the fact that for twenty years no company has furnished insurance to them *at so small a cost, or given so large returns* upon investment policies, as has the NORTHWESTERN, than they would be to belong to the "largest company" or the company writing the "largest business" *at the expense of their dividends.*

In all other companies issuing Tontine Dividend Policies, the assured are compelled to wait the entire ten, fifteen or twenty years *in ignorance* as to the accumulations, while the NORTHWESTERN will furnish a statement of such surplus any time after the third year; hence the assured may know *all about* the progress of his investment—in other companies he neither knows *or can know anything*, until the end of the Tontine period. The NORTHWESTERN is not *ashamed* of *its* dividends.

It has published the actual results of ten year Tontine Dividends on policies issued in 1881, (the year of their first issuing such,) 1882 and 1883 maturing in 1891, 1892 and 1893; and these results have never been *approached* by any other company.

Furthermore, it has for twenty-two consecutive years published tables of current cash dividends. No other company has done this.

OLD GOLD and SILVER Taken in Exchange at **POTTER'S** 346 WESTMINSTER STREET, COR. SNOW.

Northwestern Mutual Life Ins. Co.

OF MILWAUKEE, WISCONSIN.

Commenced Business in 1858.

ASSETS, JAN. 1, 1893, - - $56,236,089.12
LIABILITIES, JAN. 1, 1893, - 46,768,704.58
SURPLUS ON 4 PER CENT. BASIS, $ 9,467,384.54
INSURANCE IN FORCE, JAN. 1, 1893, 312,512,603.00

In thirty-five years only $243,405 of real estate has been acquired by foreclosure, about one-half of 1 per cent. of its present mortgage loans, about one-quarter of 1 per cent. of the total mortgage loans made since organization. The interest earned in 1892 was 5 9-10 per cent. upon the amount held Jan. 1, 1892, a percentage income, which we believe is not equaled by any other financial institution of the same magnitude in the world. For a long period no year has closed with so much as 2 per cent. due and unpaid of the interest earned during the year, and on July 1, last, only $21,027, or 1 per cent. of the interest due in 1891 was unpaid. The superior quality of the mortgages held by the company is due both to the location of the property, and to the care with which the loans are selected.

The announcement, in its official organ, by one of the larger companies, that in 1893 an effort would be made by that company to write a larger business than had ever been written by it or any other company in a single year, would seem to indicate that the *strife for bigness* which has been characteristic of the business for the past few years on the part of some companies, with its attendant evil of large bonuses and rebates, would be continued for at least another year. This is a strife in which the NORTHWESTERN *has never had and will not have a part,* being entirely satisfied with the distinction of being the *best* company, not the largest. The members of this company, as evidenced by the hundreds of unsolicited commendatory letters, are better satisfied with the fact that for twenty years no company has furnished insurance to them *at so small a cost, or given so large returns* upon investment policies, as has the NORTHWESTERN, than they would be to belong to the "largest company" or the company writing the "largest business" *at the expense of their dividends.*

In all other companies issuing Tontine Dividend Policies, the assured are compelled to wait the entire ten, fifteen or twenty years *in ignorance* as to the accumulations, while the NORTHWESTERN will furnish a statement of such surplus any time after the third year; hence the assured may know *all about* the progress of his investment—in other companies he neither knows *or can know anything,* until the end of the Tontine period. The NORTHWESTERN is not *ashamed* of *its* dividends.

It has published the actual results of ten year Tontine Dividends on policies issued in 1881, (the year of their first issuing such,) 1882 and 1883 maturing in 1891, 1892 and 1893; and these results have never been *approached* by any other company.

Furthermore, it has for twenty-two consecutive years published tables of current cash dividends. No other company has done this.

Advertising.

The attention of the public is called to the merits as an advertising medium of the

BURRILLVILLE NEWS-GAZETTE.

Published at Pascoag and Harrisville, Fridays.

The NEWS-GAZETTE is the best paper to reach the people of Burrillville, Glocester, Smithfield and adjacent territory, embracing the villages of Pascoag, Harrisville, Mapleville, Glendale, Oakland, Nasonville, Chepachet, Laurel Hill, Nicholsville, Slatersville, Harmony, Greenville, Georgiaville, Centredale, and many others, and along the line of the New York and New England Railroad, in Providence County.

We invite the merchants to test its virtues as an advertising medium; and all others, as a source from which to derive an epitome of the news of the territory which it covers.

The Key to Success in Business.

By A. G. SCHOLFIELD,

Principal of Scholfield's Commercial College, Providence, R. I.

COPYRIGHT 1890. BY A. G. SCHOLFIELD.

The Intellectual Advantage to the Student of the Study of Bookkeeping, as it is Taught in Scholfield's Commercial College.

THERE is no study that one can take up and pursue for the same limited time, that combines as much in variety, and that can so effectually discipline the mind in reasoning from cause to effect, and that can so intellectually and effectually equip him, or her, for the various duties of life, as the study of Double Entry Bookkeeping under a competent teacher. This study secures to the student an easy, graceful and legible handwriting. This study compels its students to acquire a thorough knowledge of Commercial Arithmetic as a preliminary qualification for the study of Bookkeeping. This study in its practical details, as pursued in this college, also requires its students to write all the letters of business correspondence suggested by the business which is the subject of the students' lessons. Each student is required to write all these letters and to submit them for criticism and when corrected to copy them into his Book of Forms for future reference. The laws of business to which every person's business is subject more or less, in its conduct and its records, are also here taught in all their practical details in connection with Bookkeeping.

This study embodies not only the foregoing preliminary considerations, but it calls into requisition certain fundamental governing principles, a thorough knowledge of which the student must acquire before he can commence or pursue understandingly the study of either single or double entry. Intellectually equipped with a thorough knowledge of these elementary governing principles, the student proceeds alone, aided by a competent teacher withal, to solve understandingly in the Day Book, Journal and Ledger and auxiliary books, the various actual business transactions which are the subjects of the students' lessons in both Single and Double entry. So definite, clear and available, to satisfy any inquiry which may arise in the business they represent are these business records, made under our supervision, that the student becomes at once fascinated in pursuing this very interesting and most important branch of education.

Finally, the time having come when the net gain or loss in the business of the past should be ascertained, that business the records of which are rendered in conformity with correct principles and their subordinate rules; the student proceeds to perform this task by making a Grand Balance Sheet, which sheet combines a Trial Balance, a Balance Sheet and a Profit and Loss Sheet, his Grand Balance Sheet made from the Ledger constitutes a mathematical process by which both gross aud net gain or loss in the business in the past is ascertained and proven beyond a doubt. The student having intelligently solved the profit and loss problem under consideration, proceeds to close the Profit and Loss account in the Ledger into the account or accounts to which it is subordinate. Having availed himself of the rare opportunity offered in Scholfield's Commercial College, for acquiring a thorough business education, and having under the guidance of the principal and his assistants opened a set of business books in double entry, penned their records daily, weekly and monthly, solved every problem demanded of the Accountant from day to day, and closed the business into Profit and Loss correctly and understandingly, the student realizes for the first time that he holds the intellectual key to the science of double entry bookkeeping—the key to success in business and to a competency through life. What enterprising young gentleman or lady does not covet such an accomplishment?

Shorthand and Type-Writing.

Among the improved facilities in the prosecution of business, which American invention has developed during the last decade, is the Amercan Type-Writer. During the year 1891, Fifty Thousand of these wonderful machines have been manufactured and sold in the United States. This large number of sales in a given time will doubtless increase annually, for years to come. Each of these machines will require an operator. At least ninety per cent. of these operators will be young ladies; hence, at least Forty-five Thousand young ladies per annum must qualify themselves to meet this demand in the United States for years to come.

In order to operate one of these machines practically and successfully, the operator must understand and practice in her work, shorthand writing. The necessary qualifications for the study of shorthand writing and its practical use in connection with type-writing are as follows: The student must understand Grammar, and must be a good speller. In order to utilize shorthand writing successfully in connection with type-writing, a knowledge of composition and punctuation is also required in the prosecution of this study. Besides the pecuniary advantage which must accrue to the practitioner in shorthand and type-writing, important intellectual advantages are gained by the operator, and a consideration and respect attained from the employer which none but a Shorthand and Type-writer, or Bookkeeper can command.

Furthermore, the expert Shorthand and Type-writer is not only always in the line of promotion, but her daily practice in the line of her profession opens to her wider fields of thought, the cultivation of which qualifies its subject for a large field of usefulness.

Such are the emoluments, intellectual tendencies, aspirations, and accomplishments of an accomplished and efficient Shorthand and Type-writer. Ladies, will you qualify yourselves for this honorable and remunerative occupation? The increased demand for Type-writers waits for your reply. Does the reader ask where can this instruction be acquired most effectually? We answer, it can be acquired most effectually in Scholfield's Commercial College, where Shorthand has been taught during the last thirty-six years and Type-writing has been taught during the last four years. Our machines employed in teaching Type-writing are in variety, five of the best makes known to the profession.

The facilities for providing situations for its graduates is not excelled, if equaled, by any other school in New England.

QUEEN CITY,

J. A. PETTEY, Captain.

Makes Daily Trips from Providence, Doane's Wharf, Foot of Planet Street, to Seaconnet Point, from May 1st to October 1st, and Balance of Year Tri-Weekly.

The sail down Narragansett Bay by this line is unsurpassed. Leaving the heat and dust of Providence behind, you are soon on the clear bright water, which wends its way to the ocean. The cottages of the summer residents dot the shore on either side as you pass Silver Spring, Riverside and Nayatt on the one side, and Pawtuxet, Long Meadow and Rocky Point on the other. After passing Nayatt, Warren comes in sight; then Bristol and Fall River. Sailing up Mt. Hope Bay, you pass Mt. Hope, celebrated in the early history of the State. After turning the northern extremity of the island of Rhode Island you enter Seaconnet River and pass through the two bridges, and a short sail takes you by Fogland Point, and out where you can feel the gentle swell of the ocean, and soon arriving at Seaconnet Point, where ample time is allowed for getting dinner, and for a drive or a bath. The hotel capacity has been doubled and all parties can be accommodated.

The News

Is what everybody must have these days. Without the news business cannot be conducted; a man might as well live in darkest Africa as try to exist in the City of Providence without the newspapers.

The Best

Newspaper is—well, everybody has his own idea about that. But what is that idea based upon? Do you know which is really the best newspaper in Providence to-day? Have you read and compared them all?

Suppose

You try the PROVIDENCE NEWS *for a few weeks. It devotes itself to the city of Providence. It tries to help on whatever helps the City and the State. It has no special fad, except to pack as much genuine news as possible into its eight bright pages.*

It Grows

Steadily and rapidly. It is every week better as a newspaper and as an advertising medium. It pays big dividends on all investments its patrons make in it. It costs 2 cents. The WEEKLY NEWS *costs the same.*

WILLIAM J. DANIELSON,
Newspaper ✳ Advertising,
—AND—
SUBSCRIPTION AGENT,
No. 96 Westminster Street, Providence, R. I.

JUDICIOUS ADVERTISING PROMOTES TRADE.

Mr. Danielson for more than twenty years connected with the "Providence Journal," established in 1886 a general Newspaper Advertising and Subscription Agency, in the Lyceum Building, No. 96 Westminster Street, and March 1, 1890, purchased the business of the late C. J. Wheeler.

Seven years' experience as a general Newspaper Advertising Agent, has afforded him ample opportunities to observe the waste caused by injudicious methods of advertising, and enable him to suggest the best mediums and to offer practical advice and assistance in so placing advertisements that the advertiser may reap the best results from the money expended.

Advertisements and Subscriptions received for all the leading Newspapers and Magazines at low rates. Special attention given to "locals" or reading notices in the Providence papers.

Libraries, Societies or individuals requiring any considerable number of Newspapers and Periodicals will find it to their advantage to send for terms.

Estimates for any amount of Advertising and information as to the best medium cheerfully furnished.

WILLIAM J. DANIELSON,
Newspaper ✳ Advertising,
—AND—
SUBSCRIPTION AGENT,
No. 96 Westminster Street, Providence, R. I.

JUDICIOUS ADVERTISING PROMOTES TRADE.

Mr. Danielson for more than twenty years connected with the "Providence Journal," established in 1886 a general Newspaper Advertising and Subscription Agency, in the Lyceum Building, No. 96 Westminster Street, and March 1, 1890, purchased the business of the late C. J. Wheeler.

Seven years' experience as a general Newspaper Advertising Agent, has afforded him ample opportunities to observe the waste caused by injudicious methods of advertising, and enable him to suggest the best mediums and to offer practical advice and assistance in so placing advertisements that the advertiser may reap the best results from the money expended.

Advertisements and Subscriptions received for all the leading Newspapers and Magazines at low rates. Special attention given to "locals" or reading notices in the Providence papers.

Libraries, Societies or individuals requiring any considerable number of Newspapers and Periodicals will find it to their advantage to send for terms.

Estimates for any amount of Advertising and information as to the best medium cheerfully furnished.
