RE: ALMIRA AND SISSION STREETS - FOUR WAY STOP CONTROL

REQUEST: To establish a four-way STOP control at the intersection of Almira Street and Sission Street.

DISPOSITION: Denied. This intersection does not meet any of the warrants for the installation of a four-way stop control as set forth in the Manual on Uniform Traffic Control Devices, with regard to high accident frequency and high traffic volumes. A STOP control is not to be used as a method of speed control.

RESOLUTION OF THE CITY COUNCIL

No.

Approved

RESOLVED, That the Director of the Department of Inspection and Standards and Director of Public Works is requested to allow the owner of the property located along 69 and 71 Hope Street to place flat connecticut stone along the property, said stone will be facing the house from the sidewalk, up ten feet high and six inches from the property.

Dear Mrs. Carol Brassil,

The reason I'm approaching to you is because Mr. Fernandes wants to put up flat Connecticut stone at 69, 71 Hope St. The Connecticut flat stone is going to be only facing the house from the sidewalk up ten (10) feet high. It's going to be Hope and Transit St. because the property is already city property he has to have approval from the city council for additional six inches more from the house to the sidewalk. I'd appreciate anything you can do for as soon as you can. Please call me for anything you need at 273-1306.

Sincerely,
Alex Fidalgo
